"I've been taking an ounce a day of eXfuze Seven+ for a couple of months and my energy levels soared. I'm a 65 years old retiree and the Georgia summers would really zap the energy out of me. Not any more. I feel like I am 21 again." – Don – Atlanta, GA

Plus, I used to toss and turn all night and I'd often wake up feeling more tired than when I went to bed. Since I started taking eXfuze Seven+ on a regular daily, I get a full night's sleep and wake up in the morning full of energy and eager to face the new day. eXfuze Seven+ has changed my whole attitude about life! "Juice helping periodontal disease? The reason I ask is that now I am drinking the juice for 1 year. I went to the dentist the other day for a check up, after 1 year. They did my "pocket" test to see the size of the pockets in my gums, and I was SHOCKED.

I used to have the beginning stages of periodontal disease when I had my kids, 15 years ago. I had scraping done and the pockets were 4's and 5's. Last year they were 2's, 3's, and 4's....

The other day they were 0's and a couple of 1's!!!

This is amazing and they asked me what I was doing different, and I couldn't think of anything, so I just said "I changed my diet".

I did nothing different other than drink the Seven+ juice." – Kathi

"I started drinking eXfuze Seven+ about 2 1/2 years ago. Since then I have experienced the following improvements:

- Lower blood pressure
- Better sleep quality
- Improved vision (my prescription dropped in both eyes by .25 and .50 and now has dropped again; I can see better without my glasses than with, and the script is +4.25 and +5.00)
- Controlled appetite
- Improved Periodontal/Gingivitis (no more bleeding gums)
- Improved mood/depression
- Breast cyst disappeared within just a few months of starting on it" – Teresita's Mom

"I have had amazing results with eXfuze from head to toe. Being a type 2 diabetic has given me challenges for years with out of control blood sugars, headaches, stiffness in my shoulders, sleepless nights, swelling in my ankles & inflammation that kept me from being as active as I wanted to be. After a few months I noticed that all of these health challenges went away and I'm feeling awesome! No more having to wear orthopedic shoes. I'm back to enjoying life at its fullest! Blood sugars normal...blood pressure down to normal levels...stiffness and inflammation gone...no more headaches...and burning in my ankles is a distant memory. My skin looks younger and I don't have the cravings I normally have struggled with. I adore this product. I feel everyone needs it, whether they get involved with the business or not." – Sandi
