Plaintiff Vladi Zakinov ("Plaintiff"), individually and on behalf of all others 1 similarly situated, by and through his undersigned attorneys, as and for his Class 2 3 Action Complaint against defendant Blue Buffalo Pet Products, Inc. ("Blue Buffalo" or "Defendant"), alleges the following based upon personal knowledge as 4 to himself and his own actions and investigation by his counsel, including 5 independent testing of the products, and as to all other matters, respectfully alleges, 6 upon information and belief, as follows (Plaintiff believes that substantial 7 8 evidentiary support will exist for the allegations set forth herein after a reasonable opportunity for discovery): 9

10

NATURE OF THE ACTION

1. Plaintiff, individually and on behalf of all others similarly situated, by 11 and through his undersigned attorneys, brings this class action against Defendant to 12 13 cause Blue Buffalo to disclose the presence of dangerous substances in its pet food sold throughout the United States and to restore monies to the consumers who 14 15 purchased the Contaminated Dog Foods (as defined herein) during the time that Defendant failed to make such disclosures. 16

17

2. Defendant manufactures, markets, distributes, sells and Blue Wilderness Chicken Recipe for Small Breed Adult Dogs; Blue Freedom Grain-18 Free Chicken Recipe for Small Breed Adult Dogs; and Blue Basics Grain-Free 19 Turkey & Potato Recipe for Adult Dogs (the "Contaminated Dog Foods").¹ 20

- 3. The Contaminated Dog Foods contain material and significant levels 21 of lead, which is a carcinogen and developmental toxin known to cause health 22 23 problems to consumers. Exposure to lead in food builds up over time. Buildup can and has been scientifically demonstrated to lead to the development of chronic 24 poisoning, cancer, developmental, and reproductive disorders, as well as serious 25 injuries to the nervous system, and other organs and body systems. 26
- 27

¹ Discovery may reveal additional products that also contain unsafe levels of heavy metals and Plaintiff reserves his right to include any such products in this action. 28

4. Defendant has advertised and sold the Contaminated Dog Foods
 without any label or warning indicating to consumers that these products contain
 lead, or these toxins can over time accumulate in the dog's body to the point where
 lead poisoning, injury, and disease can occur.

Defendant's omissions are false, misleading, and reasonably likely to 5. 5 deceive the public, especially in the light of Defendant's affirmative representations 6 that imply that the Contaminated Dog Food is healthy and safe. For instance, 7 Defendant claims that the Contaminated Dog Foods contains "LifeSource Bits®," 8 a claimed "precise blend of antioxidants, vitamins and minerals selected by holistic 9 veterinarians and animal nutritionists that support: Immune system health; Life 10 stage requirements; [and] Healthy oxidative balance." Moreover, each bag of the 11 Contaminated Dog Food declares the food is "Healthy" and "Holistic." 12

- 6. 13 Nothing could be further from the truth, as the Contaminated Dog Foods' inclusion of an unsafe amount of lead creates a health hazard for dogs. 14 Notably, this is exactly what happened to Plaintiff's dog. Plaintiff's beloved pet 15 dog developed a kidney disease and eventual failure after ingesting the 16 Contaminated Dog Foods. This was a shocking occurrence since the dog was only 17 18 approximately four years old. Defendant's statements and omissions are false, misleading, and reasonably likely to deceive the public, especially in the light of 19 Defendant's affirmative representations that imply that the Contaminated Dog 20Foods are healthy and safe. 21
- 7. Moreover, a reasonable consumer, such as Plaintiff, would have no
 reason to not expect and anticipate that the Contaminated Dog Food is healthy,
 holistic, and safe as advertised and marketed by Defendant. Non-disclosure and
 concealment of lead in Contaminated Dog Foods plus the claims of a "precise
 blend of antioxidants, vitamins, and minerals" to support healthy pets by
 Defendant is intended to and does in fact cause consumers to purchase a product
 Plaintiff and members of the Class (as defined herein) would not have bought had

disclosure been made. As a result of Blue Buffalo's false statements, omissions,
 and concealment, Defendant has generated substantial sales of the Contaminated
 Dog Foods.

8. Plaintiff brings this action on behalf of himself and all other similarly
situated consumers within the United States who purchased the Contaminated Dog
Foods, in order to cause the disclosure of the presence of material and significant
levels of lead in the Contaminated Dog Foods, to correct the false and misleading
perception Defendant has created in the minds of consumers that the Contaminated
Dog Foods are safe and healthy for themselves and their families, and to obtain
redress for those who have purchased the Contaminated Dog Foods.

11

JURISDICTION AND VENUE

9. This Court has original jurisdiction over all causes of action asserted herein under the Class Action Fairness Act, 28 U.S.C. §1332(d)(2), because the matter in controversy exceeds the sum or value of \$5,000,000 exclusive of interest and costs and more than two-thirds of the Class reside in states other than the states in which Defendant is a citizen and in which this case is filed, and therefore any exemptions to jurisdiction under 28 U.S.C. §1332(d) do not apply.

18 10. Venue is proper in this Court pursuant to 28 U.S.C. §1391, because
19 Plaintiff resides and suffered injury as a result of Defendant's acts in this district,
20 many of the acts and transactions giving rise to this action occurred in this district,
21 Defendant conducts substantial business in this district, Defendant has
22 intentionally availed itself of the laws and markets of this district, and Defendant is
23 subject to personal jurisdiction in this district.

24

THE PARTIES

11. Plaintiff is, and at all times relevant hereto has been, a citizen of the
state of California. Plaintiff purchased the Contaminated Dog Foods as the
primary food source for his dog, a four-year-year old cocker spaniel-poodle mix
named "Coco." Coco experienced kidney failure. Plaintiff spent a significant

amount of money on the Contaminated Dog Foods and treatments for Coco.
 Plaintiff suffered injury as a result of Defendant's actions.

12. 3 As the result of Defendant's deceptive conduct as alleged herein, Plaintiff was injured when he paid the purchase price or a price premium for the 4 Contaminated Dog Foods that did not deliver what it promised. He paid the above 5 sum on the assumption that the labeling of the Contaminated Dog Foods was 6 accurate and that it was safe to feed his dog the food. Plaintiff would not have paid 7 8 this money had he known that the Contaminated Dog Foods contained an excessive degree of lead. Defendant promised Plaintiff pet food that was safe for 9 his dog to eat but delivered something else entirely, thereby depriving him of the 10 benefit of his bargain. Damages can be calculated through expert testimony at 11 Further, should Plaintiff encounter the Contaminated Dog Foods in the 12 trial. 13 future, he could not rely on the truthfulness of the packaging, absent corrective changes to the packaging and advertising of the Contaminated Dog Foods. 14

15 13. Defendant is incorporated in Delaware with its headquarters located at 11 River Road, Wilton, Connecticut. Through its wholly-owned operating 16 subsidiary, Blue Buffalo Company, Ltd., Defendant operates as a pet food 17 18 company in the United States, Canada, Japan, and Mexico. Blue Buffalo develops, produces, markets, and sells dog and cat food under the BLUE Life Protection 19 Formula, BLUE Wilderness, BLUE Basics, BLUE Freedom, and BLUE Natural 20 Veterinary Diet lines. It also produces and sells cat litter under the BLUE 21 Blue Buffalo sells its products to retail partners and 22 Naturally Fresh line. 23 distributors in specialty channels, including national pet superstore chains, regional pet store chains, neighborhood pet stores, farm and feed stores, eCommerce 24 retailers, military outlets, hardware stores, and veterinary clinics and hospitals. 25

14. Defendant formulates, develops, manufactures, labels, distributes,
markets, advertises, and sells the Contaminated Dog Foods under the Blue Buffalo
dog food products brand name throughout the United States. The advertising for

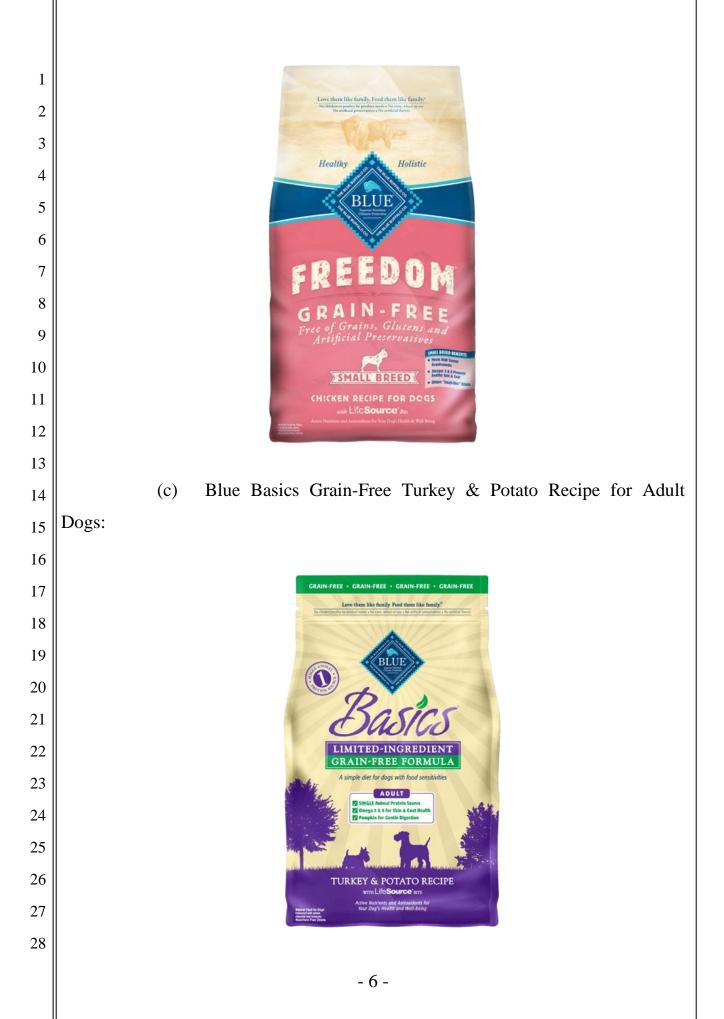

the Contaminated Dog Foods, relied upon by Plaintiff, was prepared and/or approved by Defendant and its agents, and was disseminated by Defendant and its agents through advertising and labeling that contained the misrepresentations alleged herein. The advertising and labeling for the Contaminated Dog Foods was designed to encourage consumers to purchase the Contaminated Dog Foods and reasonably misled the reasonable consumer, i.e., Plaintiff and the Class, into purchasing the Contaminated Dog Foods. Defendant owns, manufactures, and distributes the Contaminated Dog Foods, and created and/or authorized the unlawful, fraudulent, unfair, misleading, and/or deceptive labeling and advertising for the Contaminated Dog Foods.

15. The Contaminated Dog Foods, at a minimum, include:

(a) Blue Wilderness Chicken Recipe for Small Breed Adult Dogs:

(b) Blue Freedom Grain-Free Chicken Recipe for Small Breed Adult Dogs:

1 16. Moreover, each of the Contaminated Dog Foods includes what
 2 Defendant describes as "LifeSource Bits." Defendant claims on the Contaminated
 3 Dog Foods' packaging that these "LifeSource Bits" "are a precise blend of
 4 antioxidants, vitamins and minerals selected by holistic veterinarians and animal
 5 nutritionists that support: Immune system health; Life stage requirements; [and]
 6 Healthy oxidative balance."

7 17. Defendant also claims on the Contaminated Dog Foods' packaging
8 that it leads to a "Healthy Immune System Essential vitamins, chelated minerals
9 and important antioxidants help support the immune system" and "Healthy Muscle
10 Development."

11

FACTUAL ALLEGATIONS

12 Lead Is Exceptionally Dangerous When Ingested

13 18. Lead is a metallic substance formerly used as a pesticide in fruit orchards, but the use of such pesticides is now prohibited in the United States. 14 Lead, unlike many other poisons, builds up in the body over time as the person is 15 exposed to and ingests it, resulting in a cumulative exposure which can, over time, 16 become toxic and seriously injurious to health. Lead poisoning can occur from 17 ingestion of food or water containing lead. Acute or chronic exposure to material 18 amounts of lead can lead to severe brain and kidney damage, among other issues, 19 and ultimately cause death. 20

21 19. The State of California has included lead as a known carcinogen and
22 developmental toxin on the Proposition 65 list, pursuant to the Safe Drinking
23 Water and Toxic Enforcement Act of 1986.

24 20. The FDA has set standards that regulate the maximum parts per
25 billion ("ppb") of lead permissible in water: bottled water cannot contain more than
26 5 ppb of total lead. *See* 21 C.F.R. §165.110(b)(4)(iii)(A).

- 27
- 28

Blue Buffalo Falsely Advertises the Contaminated Dog Food as Healthy While Omitting Any Mention of Lead

3 21. Defendant formulates, develops, manufactures, labels, distributes,
4 markets, advertises, and sells its extensive Blue Buffalo lines of dry and wet pet
5 food products in California and across the United States.

- 6 22. Based on Defendant's decision to advertise, label, and market its
 7 Contaminated Dog Foods as healthy and safe, it had a duty to ensure that the these
 8 statements were true. As such, Defendant knew or should have known that the
 9 Contaminated Dog Food included higher levels of lead.
- 10 23. The Contaminated Dog Foods are available at numerous retail and
 11 online outlets.
- 12

24. The Contaminated Dog Foods are widely advertised.

13 25. The official Blue Buffalo website displays the Contaminated Dog
14 Foods' descriptions and full lists of ingredients for the Contaminated Dog Foods.
15 The Defendant's webpages again and again repeat the misleading statements about
16 the benefits of the Contaminated Dog Foods described above, without any mention
17 of the lead they contain.

18 26. As a result of Defendant's omissions, a reasonable consumer would
19 have no reason to suspect the presence of lead in the Contaminated Dog Foods
20 without conducting his or her own scientific tests, or reviewing third party
21 scientific testing of these products.

27. That is exactly what Plaintiff did here. Plaintiff's independent lab
testing of the Contaminated Dog Foods found that Blue Wilderness Chicken
Recipe for Small Breed Adult Dogs contains 200 ppb of lead; Blue Freedom
Grain-Free Chicken Recipe for Small Breed Adult Dogs contains 140 ppb of lead;
and Blue Basics Grain-Free Turkey & Potato Recipe for Adult Dogs contains a
staggering 840 ppb of lead.

28

DEFENDANT'S STATEMENTS AND OMISSIONS VIOLATE CALIFORNIA LAWS

28. California law is designed to ensure that a company's claims about its
products are truthful and accurate. Defendant violated California law by
incorrectly claiming that the Contaminated Dog Foods are healthy and safe for
consumption and by not accurately detailing that the products contain lead.

7 29. Defendant's marketing and advertising campaign has been sufficiently
8 lengthy in duration, and widespread in dissemination, that it would be unrealistic to
9 require Plaintiff to plead relying upon each advertised misrepresentation.

30. Defendant has engaged in this long-term advertising campaign to
convince potential customers that the Contaminated Dog Foods were healthy, safe
for consumption, and did not contain harmful ingredients, such as lead.

13

1

2

14

PLAINTIFF'S RELIANCE WAS REASONABLE AND FORESEEN BY DEFENDANT

15 31. Plaintiff reasonably relied on Defendant's own statements,
16 misrepresentations, and advertising concerning the particular qualities and benefits
17 of the Contaminated Dog Foods.

32. Plaintiff read and relied upon the labels of the Contaminated Dog
Foods in making his purchasing decisions, along with viewing the statements,
misrepresentations, and advertising on Defendant's website and elsewhere on the
Internet.

33. A reasonable consumer would consider the labeling of a product when
deciding whether to purchase. Here, Plaintiff relied on the specific statements and
misrepresentations by Defendant that the Contaminated Dog Foods were healthy
and the absence of any statement that the Contaminated Dog Foods contained lead.

- 26
- 27
- 28

DEFENDANT'S KNOWLEDGE AND NOTICE OF ITS BREACHES OF ITS EXPRESS AND IMPLIED WARRANTIES

3 34. Defendant had sufficient notice of its breaches of its express and
4 implied warranties. Defendant had, and has, exclusive knowledge of the physical
5 and chemical make-up of the Contaminated Dog Foods.

PRIVITY EXISTS WITH PLAINTIFF AND THE PROPOSED CLASS

7 35. Defendant knew that consumers such as Plaintiff and the proposed
8 Class would be the end purchasers of the Contaminated Dog Foods and the target
9 of its advertising and statements.

- 36. Defendant intended that its statements and representations would be
 considered by the end purchasers of the Contaminated Dog Foods, including
 Plaintiff and the proposed Class.
- 13 37. Defendant directly marketed to Plaintiff and the proposed Class
 14 through statements on its website, labeling, advertising, and packaging.
- 15 38. Plaintiff and the proposed Class are the intended beneficiaries of the
 16 expressed and implied warranties.

CLASS ACTION ALLEGATIONS

39. Plaintiff brings this action individually and on behalf of the following
class pursuant to Rule 23(a) and 23(b)(2) and (3) of the Federal Rules of Civil
Procedure:

All persons in the United States citizens who, from July 1, 2013 to the present, purchased the Contaminated Dog Foods for household use, and not for resale (the "Class").

- 40. In addition, Plaintiff brings this action individually and on behalf of the following subclass pursuant to Rule 23(a) and 23(b)(2) and (3) of the Federal Rules of Civil Procedure:
- All persons in California who, from Ju1y 1, 2013 to the present, purchased the Contaminated Dog Foods for household use, and not for resale (the "Subclass").

41. Excluded from the Class are the Defendant, any of its parent
 companies, subsidiaries, and/or affiliates, officers, directors, legal representatives,
 employees, co-conspirators, all governmental entities, and any judge, justice, or
 judicial officer presiding over this matter.

5

6

7

42. This action is brought and may be properly maintained as a class action. There is a well-defined community of interests in this litigation and the members of the Class are easily ascertainable.

43. The members in the proposed Class are so numerous that individual
joinder of all members is impracticable, and the disposition of the claims of all
Class members in a single action will provide substantial benefits to the parties and
Court.

44. Questions of law and fact common to Plaintiff and the Class andSubclass include, but are not limited to, the following:

14

(a) whether Defendant owed a duty of care to the Class;

(b) whether Defendant knew or should have known that theContaminated Dog Foods contained higher levels of lead;

(c) whether Defendant represented and continues to represent that
the Contaminated Dog Foods are healthy and safe for consumption;

(d) whether Defendant failed to state that the Contaminated Dog
Foods contained lead;

(e) whether Defendant's representations in advertising and/or
labeling are false, deceptive, and misleading;

23 (f) whether those representations are likely to deceive a reasonable
24 consumer;

(g) whether Defendant had knowledge that those representations
were false, deceptive, and misleading;

27 28 (h) whether Defendant continues to disseminate those
 representations despite knowledge that the representations are false, deceptive, and
 misleading;

- 4 (i) whether a representation that a product is healthy and safe for
 5 consumption and do not contain lead is material to a reasonable consumer;
- (j) whether Defendant's representations and claims that the
 Contaminated Dog Foods are healthy and safe for consumption and do not contain
 lead are likely to mislead, deceive, confuse, or confound consumers acting
 reasonably;
- 10 (k) whether Defendant violated California Business & Professions
 11 Code sections 17200, *et seq.*;
- 12 (1) whether Defendant violated California Business & Professions
 13 Code sections 17500, *et seq.*;
- 14 (m) whether Defendant violated California Civil Code sections
 15 1750, *et seq.*;
- 16

- (n) whether Defendant was unjustly enriched;
- (o) whether Plaintiff and the members of the Class are entitled to
 actual, statutory, and punitive damages; and
- (p) whether Plaintiff and members of the Class are entitled todeclaratory and injunctive relief.
- 45. Defendant engaged in a common course of conduct giving rise to the
 legal rights sought to be enforced by Plaintiff individually and on behalf of the
 other members of the Class. Identical statutory violations and business practices
 and harms are involved. Individual questions, if any, are not prevalent in
 comparison to the numerous common questions that dominate this action.
- 46. Plaintiff's claims are typical of Class members' claims in that they are
 based on the same underlying facts, events, and circumstances relating to
 Defendant's conduct.

47. Plaintiff will fairly and adequately represent and protect the interests
 of the Class, has no interests incompatible with the interests of the Class, and has
 retained counsel competent and experienced in class action, consumer protection,
 and false advertising litigation.

48. Class treatment is superior to other options for resolution of the
controversy because the relief sought for each Class member is small such that,
absent representative litigation, it would be infeasible for Class members to redress
the wrongs done to them.

9 49. Questions of law and fact common to the Class predominate over any
10 questions affecting only individual Class members.

11

50.

- 12
- 13

As a result of the foregoing, Class treatment is appropriate.

<u>COUNT I</u>

(Negligent Misrepresentation Against Defendant on Behalf of the Class)

14 51. Plaintiff incorporates by reference and realleges each and every15 allegation contained above, as though fully set forth herein.

52. Plaintiff reasonably placed his trust and reliance in Defendant that the
Contaminated Dog Foods marketed and advertised to him and the Class were
healthy and safe for consumption and did not contain lead.

19 53. Because of the relationship between the parties, the Defendant owed a
20 duty to use reasonable care to impart correct and reliable disclosures concerning
21 the presence of lead in the Contaminated Dog Foods or, based upon its superior
22 knowledge, having spoken, to say enough to not be misleading.

54. Defendant breached its duty to Plaintiff and the Class by providing
false, misleading, and/or deceptive information regarding the nature of the
Contaminated Dog Foods.

55. Plaintiff and the Class reasonably and justifiably relied upon the
information supplied to them by the Defendant. As a result, Plaintiff and the Class
purchased the Contaminated Dog Foods at a premium.

56. Defendant failed to use reasonable care in its communications and 1 representations to Plaintiff and Class. 2 By virtue of Defendant's negligent misrepresentations, Plaintiff and 57. 3 the Class have been damaged in an amount to be proven at trial or alternatively, 4 seek rescission and disgorgement under this Count. 5 <u>COUNT II</u> 6 7 (Violations of California's Consumer Legal Remedies Act, California Civil Code §§1750, Et Seq., Against Defendant on Behalf of the Subclass) 8 9 58. Plaintiff incorporates by reference and realleges each and every 10 allegation contained above, as though fully set forth herein. 11 59. Plaintiff and each proposed Subclass member is a "consumer," as that 12 term is defined in California Civil Code section 1761(d). 13 The Contaminated Dog Foods are "goods," as that term is defined in 60. California Civil Code section 1761(a). 14 15 61. Defendant is a "person" as that term is defined in California Civil 16 Code section 1761(c). 17 62. Plaintiff and each proposed Subclass member's purchase of Defendant's Products constituted a "transaction," as that term is defined in 18 19 California Civil Code section 1761(e). 20 63. Defendant's conduct alleged herein violates the following provisions of California's Consumer Legal Remedies Act (the "CLRA"): 21 22 (a) California Civil Code section 1770(a)(5), by representing that 23 the Contaminated Dog Foods are healthy and safe for consumption and by failing 24 to make any mention of lead in the Contaminated Dog Foods; 25 (b) California Civil Code section 1770(a)(7), by representing that 26 the Contaminated Dog Foods were of a particular standard, quality, or grade, when 27 they were of another; 28

(c) California Civil Code section 1770(a)(9), by advertising the
 Contaminated Dog Foods with intent not to sell them as advertised; and

- 3 (d) California Civil Code section 1770(a)(16), by representing that
 4 the Contaminated Dog Foods have been supplied in accordance with previous
 5 representations when they have not.
- 6 64. As a direct and proximate result of these violations, Plaintiff and the
 7 Class have been harmed, and that harm will continue unless Defendant is enjoined
 8 from using the misleading marketing described herein in any manner in connection
 9 with the advertising and sale of the Contaminated Dog Foods.
- 10 65. On June 23, 2017, counsel for Plaintiff and the proposed Class sent
 11 Defendant written notice (via U.S. certified mail, return receipt requested) that its
 12 conduct is in violation of the CLRA.
- 66. Plaintiff seeks an award of attorney's fees pursuant to, inter alia,
 California Civil Code section 1780(e) and California Code of Civil Procedure
 section 1021.5.

COUNT III

(Violations of California False Advertising Law, California Business & Professions Code §§17500, *Et Seq.*, Against Defendant on Behalf of the Subclass)

- 20 67. Plaintiff incorporates by reference and realleges each and every21 allegation contained above, as though fully set forth herein.
- 68. California's False Advertising Law prohibits any statement in
 connection with the sale of goods "which is untrue or misleading." Cal. Bus. &
 Prof. Code §17500.

69. As set forth herein, Defendant's claims that the Contaminated Dog

the public.

73. Plaintiff and members of the Subclass are entitled to injunctive and
equitable relief, and restitution in the amount they spent on the Contaminated Dog
Foods.

COUNT IV

(Violations of the Unfair Competition Law, California Business & Professions Code §§17200, *Et Seq.*, Against Defendant on Behalf of the Subclass)

17 74. Plaintiff incorporates by reference and realleges each and every18 allegation contained above, as though fully set forth herein.

21 Fraudulent

76. Defendant's statements that the Contaminated Dog Foods are healthy

Defendant's failing to make any mention of lead in the Contaminated Dog Foods.

25 Unlawful

77. As alleged herein, Defendant has advertised the Contaminated Dog
Foods with false or misleading claims, such that Defendant's actions as alleged
herein violate at least the following laws:

Case 3:17-cv-01301-AJB-WVG Document 1 Filed 06/26/17 PageID.18 Page 18 of 24

The CLRA, California Business & Professions Code sections 1750, *et seq.*; and

The False Advertising Law, California Business & Professions Code
sections 17500, *et seq*.

5 Unfair

6 78. Defendant's conduct with respect to the labeling, advertising,
7 marketing, and sale of the Contaminated Dog Foods is unfair because Defendant's
8 conduct was immoral, unethical, unscrupulous, or substantially injurious to
9 consumers and the utility of its conduct, if any, does not outweigh the gravity of
10 the harm to its victims.

79. Defendant's conduct with respect to the labeling, advertising,
marketing, and sale of the Contaminated Dog Foods is also unfair because it
violates public policy as declared by specific constitutional, statutory, or regulatory
provisions, including, but not limited to, the False Advertising Law and the CLRA.
80. Defendant's conduct with respect to the labeling, advertising,

marketing, and sale of the Contaminated Dog Foods is also unfair because the
consumer injury is substantial, not outweighed by benefits to consumers or
competition, and not one consumers, themselves, can reasonably avoid.

19 81. In accordance with California Business & Professions Code section
20 17203, Plaintiff seeks an order enjoining Defendant from continuing to conduct
21 business through fraudulent or unlawful acts and practices and to commence a
22 corrective advertising campaign. Defendant's conduct is ongoing and continuing,
23 such that prospective injunctive relief is necessary.

82. On behalf of himself and the Subclass, Plaintiff also seeks an order for
the restitution of all monies from the sale the Contaminated Dog Foods, which
were unjustly acquired through acts of fraudulent, unfair, or unlawful competition.

- 28

<u>COUNT V</u> 1 2 (Breach of Express Warranty, California Commercial Code §2313, Against **Defendant on Behalf of the Subclass**) 3 4 Plaintiff incorporates by reference and realleges each and every 83. 5 allegation contained above, as though fully set forth herein. 6 84. As set forth herein, Defendant made express representations to 7 Plaintiff and the Subclass that the Contaminated Dog Foods were healthy and safe 8 for consumption. 9 85. These promises became part of the basis of the bargain between the parties and thus constituted express warranties. 10 11 There was a sale of goods from Defendant to Plaintiff and the 86. 12 Subclass members. 13 On the basis of these express warranties, Defendant sold to Plaintiff 87. 14 and the Subclass the Contaminated Dog Foods. 15 88. Defendant knowingly breached the express warranties by including lead in the Contaminated Dog Foods. 16 17 89. Defendant was on notice of this breach as it was aware of the included lead in the Contaminated Dog Foods. 18 19 90. Privity exists because Defendant expressly warranted to Plaintiff and 20 the Subclass that the Contaminated Dog Foods was healthy and safe for 21 consumption. 22 91. Plaintiff and the Subclass reasonably relied on the express warranties 23 by Defendant. 24 As a result of Defendant's breaches of its express warranties, Plaintiff 92. 25 and the Subclass sustained damages as they paid money for the Contaminated Dog Foods that were not what Defendant represented. 26 27 Plaintiff, on behalf of himself and the Subclass, seeks actual damages 93. 28 for Defendant's breach of warranty.

COUNT VI

(Breach of Implied Warranty, California Commercial Code §2314, Against Defendant on Behalf of the Subclass)

4 94. Plaintiff incorporates by reference and realleges each and every
5 allegation contained above, as though fully set forth herein.

95. As set forth herein, Defendant made affirmations of fact on the
Contaminated Dog Foods' labels to Plaintiff and the Subclass that the
Contaminated Dog Foods were healthy and safe for consumption and did not
contain lead.

10 96. The Contaminated Dog Foods did not conform to these affirmations
11 and promises as they contained lead at unsafe levels.

12 97. These promises became part of the basis of the bargain between the
13 parties and thus constituted express warranties.

14 98. Defendant is a merchant engaging in the sale of goods to Plaintiff and
15 the Subclass.

16 99. There was a sale of goods from Defendant to Plaintiff and the17 Subclass members.

18 100. Defendant breached the implied warranties by selling the
 19 Contaminated Dog Foods that failed to conform to the promises or affirmations of
 20 fact made on the container or label as each product contained lead.

21 101. Defendant was on notice of this breach as it was aware of the lead
22 included in the Contaminated Dog Foods.

102. Privity exists because Defendant impliedly warranted to Plaintiff and
the Subclass through the advertising, marketing, and labeling that the
Contaminated Dog Foods were healthy and safe for consumption and by failing to
make any mention of lead in the Contaminated Dog Foods that the no lead was
contained in the products.

103. As a result of Defendant's breach of its implied warranties of 1 merchantability, Plaintiff and the Subclass sustained damages as they paid money 2 for the Contaminated Dog Foods that were not what Defendant represented. 3 4 104. Plaintiff, on behalf of himself and the Subclass, seeks actual damages for Defendant's breach of warranty. 5 <u>COUNT VII</u> 6 (Negligence Per Se Against Defendant on Behalf of the Class) 7 105. Plaintiff incorporates by reference and realleges each and every 8 9 allegation contained above, as though fully set forth herein. 106. Defendant has a statutory duty to not mislabel its products under 10 California Health & Safety Code section 113095. Under section 113095, a pet 11 food is mislabeled: 12 "If its labeling is false or misleading in any particular"; or 13 (a) "If its container is so made, formed or filled as to be 14 (b) misleading." 15 107. This statute sets out the standard of care for Defendant that it failed to 16 meet by failing to disclose that the Contaminated Dog Food contained unsafe 17 levels of lead as a reasonable consumer would expect when the label states it is 18 healthy and holistic. 19 108. Defendant also had a statutory duty to not sell adulterated products 20 under California Health & Safety Code section 113090. Under California Health 21 & Safety Code section 113090, a pet food is adulterated, including: 22 "If any valuable constituent has been in whole or in part omitted 23 (a) or abstracted therefrom"; 24 "If any substance has been substituted wholly or in part (b) 25 therefor"; or 26 "If damage or inferiority has been concealed in any manner." (c) 27 28

1 109. This statute sets out the standard of care for Defendant that it failed to
 2 meet by failing to disclose that the Contaminated Dog Foods were inferior based
 3 on the unsafe level of lead included.

- 4 110. Defendant's violations of these statutes were a substantial factor in the
 5 harm suffered by Plaintiff and the Class, including paying a premium price for the
 6 Contaminated Dog Foods based on the misrepresentations.
- 7 111. Plaintiff and the Class as consumers of dog food are within the class
 8 of persons the legislature intended to protect under these statutes.
- 9

INSTRUCTIONS FOR ATTORNEYS COMPLETING CIVIL COVER SHEET FORM JS 44

Authority For Civil Cover Sheet

The JS 44 civil cover sheet and the information contained herein neither replaces nor supplements the filings and service of pleading or other papers as required by law, except as provided by local rules of court. This form, approved by the Judicial Conference of the United States in September 1974, is required for the use of the Clerk of Court for the purpose of initiating the civil docket sheet. Consequently, a civil cover sheet is submitted to the Clerk of Court for each civil complaint filed. The attorney filing a case should complete the form as follows:

- **I.(a) Plaintiffs-Defendants.** Enter names (last, first, middle initial) of plaintiff and defendant. If the plaintiff or defendant is a government agency, use only the full name or standard abbreviations. If the plaintiff or defendant is an official within a government agency, identify first the agency and then the official, giving both name and title.
- (b) County of Residence. For each civil case filed, except U.S. plaintiff cases, enter the name of the county where the first listed plaintiff resides at the time of filing. In U.S. plaintiff cases, enter the name of the county in which the first listed defendant resides at the time of filing. (NOTE: In land condemnation cases, the county of residence of the "defendant" is the location of the tract of land involved.)
- (c) Attorneys. Enter the firm name, address, telephone number, and attorney of record. If there are several attorneys, list them on an attachment, noting in this section "(see attachment)".

II. Jurisdiction. The basis of jurisdiction is set forth under Rule 8(a), F.R.Cv.P., which requires that jurisdictions be shown in pleadings. Place an "X" in one of the boxes. If there is more than one basis of jurisdiction, precedence is given in the order shown below.

United States plaintiff. (1) Jurisdiction based on 28 U.S.C. 1345 and 1348. Suits by agencies and officers of the United States are included here. United States defendant. (2) When the plaintiff is suing the United States, its officers or agencies, place an "X" in this box.

Federal question. (3) This refers to suits under 28 U.S.C. 1331, where jurisdiction arises under the Constitution of the United States, an amendment to the Constitution, an act of Congress or a treaty of the United States. In cases where the U.S. is a party, the U.S. plaintiff or defendant code takes precedence, and box 1 or 2 should be marked.

Diversity of citizenship. (4) This refers to suits under 28 U.S.C. 1332, where parties are citizens of different states. When Box 4 is checked, the citizenship of the different parties must be checked. (See Section III below; NOTE: federal question actions take precedence over diversity cases.)

- III. Residence (citizenship) of Principal Parties. This section of the JS 44 is to be completed if diversity of citizenship was indicated above. Mark this section for each principal party.
- IV. Nature of Suit. Place an "X" in the appropriate box. If the nature of suit cannot be determined, be sure the cause of action, in Section VI below, is sufficient to enable the deputy clerk or the statistical clerk(s) in the Administrative Office to determine the nature of suit. If the cause fits more than one nature of suit, select the most definitive.
- V. Origin. Place an "X" in one of the six boxes.

Original Proceedings. (1) Cases which originate in the United States district courts.

Removed from State Court. (2) Proceedings initiated in state courts may be removed to the district courts under Title 28 U.S.C., Section 1441. When the petition for removal is granted, check this box.

Remanded from Appellate Court. (3) Check this box for cases remanded to the district court for further action. Use the date of remand as the filing date.

Reinstated or Reopened. (4) Check this box for cases reinstated or reopened in the district court. Use the reopening date as the filing date. Transferred from Another District. (5) For cases transferred under Title 28 U.S.C. Section 1404(a). Do not use this for within district transfers or multidistrict litigation transfers.

Multidistrict Litigation. (6) Check this box when a multidistrict case is transferred into the district under authority of Title 28 U.S.C. Section 1407. When this box is checked, do not check (5) above.

- VI. Cause of Action. Report the civil statute directly related to the cause of action and give a brief description of the cause. Do not cite jurisdictional statutes unless diversity. Example: U.S. Civil Statute: 47 USC 553 Brief Description: Unauthorized reception of cable service
- VII. Requested in Complaint. Class Action. Place an "X" in this box if you are filing a class action under Rule 23, F.R.Cv.P. Demand. In this space enter the actual dollar amount being demanded or indicate other demand, such as a preliminary injunction. Jury Demand. Check the appropriate box to indicate whether or not a jury is being demanded.
- VIII. Related Cases. This section of the JS 44 is used to reference related pending cases, if any. If there are related pending cases, insert the docket numbers and the corresponding judge names for such cases.

Date and Attorney Signature. Date and sign the civil cover sheet.
