David Schmidt
Founder & CEO

David's experience in business and product development spans over 20 years and includes a formal education in Management Information Systems and Biology at Pace University in Pleasantville, NY.

David was presented with an honorary doctorate by Dr. Alexander Marinaccio of the International Hall of Fame. In addition, as a result of work performed in the design of emergency Oxygen systems for General Dynamics and the U.S. Navy, David was invited to participate in the Navy's next generation mini-sub program.

The LifeWave Technology was born out of 3 years of intense research by David into the concept of being able to naturally increase energy and stamina through elevation of fat burning utilizing wireless communication to the human body. The LifeWave Technology is now available to the public and David has committed the past 7 years into making this opportunity a reality.

Richard Quick - Athletic Director (Dedication to Excellence)
One of the most respected swim coaches in the world, Richard Quick is a 5-time Olympic Coach. Upon retiring as Stanford Women's Head Coach, Quick joined LifeWave as Athletic Director. Quick won a total of 13 NCAA titles during this collegiate coaching career, the most in the history of Division 1 coaching. Quick's Stanford teams have won 8 NCAA Championships, including 7 in the past 12 years.

Dr. Steven Haltiwanger - MD CCN (Proponent of Nanotechnology)
Dr. Steve Haltiwanger is a medical doctor and clinical nutritionist. He trained with the world-famous physician and researcher, Dr. Hans Nieper. For the last six years, Dr. Haltiwanger has educated physicians all over the world bout Dr. Nieper's research and inventions. Dr. Haltiwanger has also formulated many nutritional supplements based on Dr. Nieper's mineral transporters. In the course of his work, Dr. Haltiwanger had the opportunity to investigate the LifeWave phenomena. After a careful review of the research material, he concluded that LifeWave was "the most exciting technology that he had seen."

The image shows a LifeWave Energy Enhancer patch. It features a silhouette of a woman running on the left. To the right of the silhouette is a red rectangular area containing the text 'LIFEWAVE' at the top, followed by 'energy enhancer' in a large, bold, white font. Below this, there is smaller text: 'For the most and lasting relief from fatigue, pain and muscle soreness'. At the bottom of the red area, it says '10 PATCHES' and 'BIOACTIVE TECHNOLOGY MADE SIMPLE'. The rest of the patch is white with black text: 'LIFEWAVE' at the top, 'ENERGY ENHANCER' in the center, and 'FOR THE MOST AND LASTING RELIEF FROM FATIGUE, PAIN AND MUSCLE SORENESS' below it.

silent nights®

Silent night's, The All Natural Sleep Patch Silent Night's is the new approach to getting a peaceful night's sleep. Our patent pending method allows natural organic material to interact with the human body to improve relaxation and well being.

Nothing enters the body, it uses new organic nanotechnology structures, and energy transfer occurs between you and the patches. It is believed that Silent Night's helps the body's own natural meridians balance by the application of the Silent Night's Patch to specific acupuncture points. This helps achieve a quiet, restful sleep

The sleep patches are amazing...I've never felt better and now have more energy than ever before because of the wonderful sleep they allow me"

Valerie Stevens, Los Angeles, California

When I first started using the Rest Quiet patch I had immediate results. I have snored for years and wearing the patches, I stopped snoring the very first night I used them. I had an experience of being aware of my entire sleep process, remembering my dreams - almost like what you would call "lucid" dreaming."

Jimmy Murphy, Evergreen, CO

The sleep patches are nothing short of amazing. They are going to help millions of women who, especially after the age of 35, have trouble sleeping. Right from the first time I used one I slept more deeply and peacefully than I have for years. I could not be more enthusiastic about them.

GLUTATHIONE BOOSTER

Glutathione is a material found naturally in the human body.

It is made of the amino acids Glycine, Glutamic Acid and Cysteine.

Glutathione Levels VS Age

| Age | Glutathione Level in the body |
|-----|-------------------------------|
| 0 | 100 |
| 10 | 80 |
| 20 | 65 |
| 30 | 55 |
| 40 | 48 |
| 50 | 42 |
| 60 | 35 |
| 70 | 28 |
| 80 | 22 |
| 90 | 15 |

As we age our **Glutathione** levels start to decline.

Many scientists now believe that how long we live is directly proportional to how high our **Glutathione** levels are.

| Condition | Blood Glutathione Levels (μmole/l x 1000) |
|--------------------------|---|
| Normal | ~2.5 |
| with Glutathione Booster | ~7.5 |

Glutathione functions in our body as the master antioxidant.

Glutathione protects our body like other antioxidants, but is also capable of "recharging" and increasing your bodies levels of other antioxidants such as Vitamin A, C, and E.

If you could only take one antioxidant supplement it would be **Glutathione**.

Glutathione Booster, within 24 hours the average increase in **Glutathione** is over 300% HIGHER than normal.

In comparison, **Glutathione** pills and drinks only increase blood levels by a meager 10%.

CARNOSINE BOOSTER

Carnosine Levels VS Age

The graph illustrates a negative correlation between age and carnosine levels. The y-axis is labeled "Carnosine Level in the body" and the x-axis is labeled "AGE". A blue line shows a steady decline from approximately 100 at age 0 to about 20 at age 90.

| Age | Carnosine Level in the body |
|-----|-----------------------------|
| 0 | 100 |
| 10 | 80 |
| 20 | 65 |
| 30 | 55 |
| 40 | 48 |
| 50 | 42 |
| 60 | 35 |
| 70 | 30 |
| 80 | 25 |
| 90 | 20 |

Carnosine is an extremely powerful nutrient, but unfortunately as we age our **Carnosine** levels start to decline.

Senility and Alzheimers disease are thought to be linked to plaque formation on the brain.

A 3D rendering of a human head in profile, showing the internal brain structure. A small callout box points to the "Brain Stem" at the base of the brain.

Studies on **Carnosine** have shown that it is one of the protective mechanisms of the **microvasculature of the brain, holding off the formation of plaque**
