*Recently Hawking made some comments in an interview with Anderson Cooper about a brain booster that would become the biggest event in human history*

Stephen Hawking credits his ability to function and maintained focused on such a high level to a certain set of "smart drugs" that enhance cognitive brain function and neural connectivity,

In an interview with Anderson Cooper, Stephen Hawking said that his brain is sharper than ever, more clear and focused and he credits a large part to using Neurocell  
(<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) **Hawking** went on to add "The brain is like a muscle, you got to work it out and use supplements just like body builders use, but for your brain, and that's exactly what I've been doing to enhance my mental capabilities".

Everyone that has taken this, from athletes like Tom Brady to musicians like Kanye West have nothing but praise for the brain booster, which doubles IQ, skyrockets energy levels and connects areas of the brain not previously connected. Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) works so well for these guys, we had to ask... Is it safe?

After 7 years Harvard Scientists Finally Break New Ground & Usher In **The Future Of Brain Science** With Invention Of New Smart Drug That Increases IQ, Memory And Focus Up To %100

Over a decade ago Harvard assembled a team of neuroscientists to work on coming up with a natural brain supplement that could **effortlessly boost IQ**.

Today, those scientists made the breakthrough they were seeking and made the **discovery of a lifetime**. They came up with a brain boosting smart drug that surpasses all limits of known science.

The Supplement they created is now THE best treatment available to improve memory, sharpen attention, increase focus and **boost overall IQ**.

**After numerous rounds of testing** results were astonishing. One test subject was quoted as saying:

*"As soon as I took it started working within minutes of taking it. All of a sudden, it felt like a dark cloud had been lifted up from in front of me. I was more alert, more focused, had long lasting energy, and experienced a mental clarity that I'd never felt before" – Ben Lishger Harvard Sophomore."*

## CNN Experts call this new supplement the biggest advancement in brain science to date...

**CNN broke the news first and uncovered that Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) raises levels of focus and performance every day by 300%.**

As we researched, we began to see that this supplement has been quickly gaining traction around the world. Celebrities and athletes alike are already rumored to be taking the pill with the full scale public release expected shortly. The company and product is called Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>). The site claimed that Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) contained a very unique formulation of natural vitamins and minerals which together unlock untapped parts of the human brain. Our resident brain scientist Dr Raqif conducted

his own independent analysis of the supplement and his findings seemed to mirror Neurocell's (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) claims. According to Dr Raqif, "he's never seen a food based supplement deliver such a profound upward lift in brain function before".

**Genius Steven Hawking has Admitted To Using Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) To Triple His Memory.**

## We tested it ourselves - did it live up to the hype?

After our research led to such positive reviews, we simply had to try Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) ourselves to verify whether this was all hype. Almost every single man in the building volunteered to test it out but we chose our very own Anderson Cooper. Below is his account of using Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) over a 4 week period.

**CNN's Anderson Cooper has admitted**

## **14 Day Summary - Anderson Cooper's Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) Results:**

Anderson has been with CNN for years. "The Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) pills were extremely hard to come by" says Cooper. He goes on to

that taking Neurocell  
(<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) he  
memorizes lines  
better.

say, "If you can get your hands on these pills - get them right away." We had to wait 2 weeks before we got a bottle to test as it was sold out almost everywhere or over \$300 a bottle from people trying to sell it for profit eBay People were paying top dollar for them on there.

The discounted bottle of Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) was delivered in a few days from ordering and with surprisingly inexpensive shipping. Before putting Cooper on the test, our team ran a little bit of our own research before we put Cooper on the test and found:

## Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) has been clinically proven to:

- Sky-rocket Concentration by 32%
- Improve Creative Thinking
- Boost Energy
- Enhance Memory Recall
- Increase IQ Scores by 47%

Neurocell arrived within 4 days of having placed my order Online for the bottle and were inexpensive to ship. To test out the product, I took one Neurocell pill every morning for 4 weeks.

## Anderson Cooper's 14 DAY Neurocell EXPERIENCE

### DAY 1

I took one and forgot all about it. Maybe 20-30 minutes later I felt odd. I can only describe it by saying my mind felt calm and still. I was playing a Men's mind game' and scored 100% on every answer. It was like that feeling you get when you have just woken up. Light headed so to speak but this was different. I was light headed and spaced out but in the zone at the same time. Can't explain it - but it was awesome.

## DAY 5

I was shocked at the drastic results. Over the course of the next 5 days I found myself bouncing out of bed and felt ready to take on the day - usually I need to snooze 3 times. I felt motivation to get stuff done and often power through.

## DAY 14

After 14 days, not only had all my doubts and skepticism absolutely vanished - Thing's that annoyed me were no longer an issue. I hardly got stressed and when I did, I was able to control my emotions and get back into peak performance and state.

## My Thoughts On Neurocell

Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) is the real deal. The increase in focus, creativity and overall mental performance was a little bit scary to be honest - I felt like a different person. I didn't notice any side effects at all either. I need to order a box of these before they are released into stores.  
- Anderson Cooper

**"The results were unbelievable. Every aspect of my mental performance accelerated from day 1. A must try" - Bill Gates's Last Interview With CNN**

With the full market release of the supplement scheduled for later this year, Neurocell (<https://www.getneurocell.com/imp2/v1/?AFID=dm65>) is bound to make a splash. Experts say government intervention is likely

to limit the release of the supplement due to its potent effects. That said, the company is offering limited bottles of the supplement for the next few weeks. I want to point out that there are brands of these products out there that doesn't contain the authentic components that have been researched and the ingredients are not high in quality.
