Basic Info

Body:	3D Cargo Van	Engine:	3.0L V6 Turbodiesel
Exterior:	White	Trans:	7-Speed Automatic
Interior:	Black		

Description

Arctic White 2019 Mercedes-Benz Sprinter 4500 170 Cargo High Roof (ALL NEW 12,125 lbs GVWR). The new 2019 offers all new Suspension and Driveline Upgrades over previous models which has led to a higher payload capacity and GVWR (Gross Vehicle Weight Ratings) than previous years. HOWEVER!!! This year Mercedes Benz just released the ALL NEW 4500 model! Which offers a GVWR of 12,125 LBS. And and ridiculous payload (cargo area carrying capacity) of 6,294 LBS in the 170 length, which this van is. All of our other vans already decimate the competition by a country mile.... now add this model to our incredible new van lineup and you get a WHOLE different animal... you all wanted a beast disguised as van and now you have one!!! Now with a 7 speed transmission instead of a 5 speed you can expect a few more MPG's as well. Which is exciting considering we were already loads better than the

competition when it came to fuel economy. Also add the all new electric power steering compared to what it was with the old pump driven mechanical power steering and you get much better drive-ability over the other brands.

Lastly, lets address the myth that is the elephant in the room... THE MAINTENANCE. The word on the street is that Mercedes has the highest maintenance out of all of the brands. Well that word is, fortunately for us and you all, false. Our maintenance is no different than the other brands when it comes to cost. The difference lies in time between each servicing. Most brand's services are every 5,000 mi, 7,500 mi, or 10,000 mi. So that means for those other brands, over 80,000 miles, you will have anywhere from 8 to 16 service visits!!! That is crazy considering for a lot of you looking at this, for everyday that your van is in service you are losing \$1,000-\$2,000 a day of revenue for your company. With us here at Mercedes Benz of Oklahoma City, our maintenance intervals are every 20,000 mi. That equals to only 4 service visits over 80,000 miles. The time and money alone that I will be saving you with that alone is definitely worth me having a shot to earn your business!!! We strive to make sure that you get the best care for your van. Whether you are an individual wanting 1 van or a company that has a fleet of 100 vans. We will make sure you get the very best after-sales experience. We have the best Sprinter Technician Staff in the country led by long time Sprinter Mechanic Paul Read. And you will get the best service and communication with our Sprinter Service Manager Marlenea Steffens. As well as myself being with you along the way thru the purchasing of the van, Kale Khalili Sprinter Sales Manager. We are all here for you.

At Mercedes-Benz of Oklahoma City, we pride ourselves in providing a transparent, time-saving, and customized car buying experience. Oklahoma City's only official Mercedes-Benz Dealership! Shop new, used, certified, and pre-owned Mercedes-Benz vehicles from the convenience of your home. Even get a trade-in value without stopping into the dealership. Conveniently located in Oklahoma City on the Broadway Extension, just minutes from Edmond, Moore, Norman, and Yukon. While we make every effort to ensure the accuracy of vehicle information and pricing, absolute accuracy cannot be guaranteed. Information subject to change; for current information on this particular vehicle please contact our staff.
