DAVID & DARLA HARRIS

Providing Value, Inspiring Dreams Since 1997

We were introduced to the Team National at a time when we were busiest in our life. Working fifty hours plus each week as an accountant for a construction company, and an executive director in the gaming industry left us with very little time to do anything else.

When we took a look and saw a way to save money in areas we were already spending, it made sense! We immediately became Independent Marketing Directors and started sharing our savings with our family and friends. It was easy to share the value of the benefits with those we cared about, especially since we were putting our hard earned money back into our pockets.

What really excited us, however, was the residual income that was generated by helping others to do the same and seeing them realize their dreams. Within eight months, we matched Darla's income and she had the choice to walk away from her job, which she did!

The best part is we now have the time to do the things we weren't able to do before. We have been able to spend more time with our granddaughters than we were ever able to spend with our boys. We are blessed and very grateful that

we are part of a company committed to changing people's lives.

If you are looking for something that is different and makes sense, contact us and we will show you how to dream again.
