# JAMES & CARLA JACKSON

Providing Value, Inspiring Dreams Since 1997

We are multiple business owners with backgrounds in the marketing and financial services industries. When we joined Team National, we were both very busy and not looking to add something extra to our plates. We saw a way to market one of our traditional businesses through Team National's Business Exchange though and work smarter instead of harder. This turned out to be the best business decision we ever made, on many different levels. As a vehicle for our marketing business, it brought in revenue in excess of six figures, enabling us to pull back on other ways we were creating exposure for our business.

We also started saving money on things that we were already spending money on, to the tune of thousands of dollars. A few months into our membership, we were hit with a major health challenge causing us to rethink our priorities. We started studying the Team National marketing plan and were stunned by the income potential. We began to devote part of our time to sharing this opportunity with others and it has radically changed our lives. The income from Team National has replaced what we were making in our other businesses, which has enabled us to have more time to spend with family and friends. It is wonderful to go on vacation without the stress of wondering what is happening with our business back home. We now have a life and it just keeps getting better!
