# RICHARD & TONI PERDUE

Providing Value, Inspiring Dreams Since 1997

We are Richard and Toni Perdue from Frisco, TX. We have a daughter in college and a son in the 8th grade. Richard is in financial services and Toni is a school administrator.

When we took a look at Team National, the savings made sense, but we were both busy with work and the kids' activities to think we could build it as a business. We simply started utilizing the savings program. Realizing how good the savings were, we started sharing the concept with friends in our daily walk of life.

In the beginning, we envisioned the income as a way to help supplement a shortage for our daughter's college tuition. Today we see a much bigger picture. One of the blessings we are experiencing this year is the ability for Toni to walk away from her career, a couple of decades early. Most people think of retirement as an age. It's not an age; it's a financial number and Team National has allowed us to get to the financial number at a much faster pace.

Team National has brought new opportunities and our lives have been completely changed. It's about building our legacy and has allowed us to make an impact on others in a way we would have never been able to before.

If you work your business with real effort, you will get real progress, and for that, Team National has brought on peace, fun, satisfaction, security, and freedom we've never known. Because of this great business, we have developed a passion for changing the world, one family at a time.
