Probably Returning

Well, cooking is not my strong suit but I do make breakfast on weekends so my wife can get a small break. My kids can never decide between my pancakes or my waffles so I thought this would be a fun way to please everyone. Unfortunately, using this pan, the batter does not cook evenly, it is impossible to remove the pancakes when they are done on the pan side, and cleaning this is an absolute nightmare.

Pros - Cookware Shape

Cons - Cookware Difficult to Clean, Difficult to Use, High-Maintenance

No, I do not recommend this product.
