OVERVIEW

First used in 17th-century France to secure upholstery to wooden chairs, nailhead trim creates a handsome decorative element. Outlining our cushioned headboard, it accentuates the bed's high, simple silhouette.

- Crafted of rubberwood, hardwood and MDF.
- Headboard, footrail and side rails are padded and tightly upholstered with linen.
- Nailheads are made out of brass.
- Double nailhead detail trims the outer edges of the headboard.
- Cross-slat (5) support system.
- Box spring is required.
- Exposed block feet are hand finished in Espresso.
- The headboard is guaranteed to fit with our PB metal bedframe using the headboard hardware.
- Imported.
