Q: What is the difference between down and polyfill?

asked by Sarah

A: While both offer sink-right-in comfort, down is the even plusher option of the two. Down cushions also have a more natural, casual look to them.

Q: Do the sectional pieces attach or just push together?

asked by west elm shopper

Q: Sorry to ask about dimensions once again but I need clarification. There is the "Urban 3-Piece L-Shaped Sectional" and the "Urban 3-Piece Sectional." It doesn't make sense that the dimensions are the same, yet thats what I see in the description and in the answers posted here. Is the L Shape an L Shape or square?

asked by Tim C

A: Don't be sorry! I'm sorry it's not as clear as it ought to be. The Urban 3-Piece L-Shaped Sectional has two size options, both of which have matching width and depth measurements (105"sq. for the Small; 115.5"sq. for the Large). The Urban 3-Piece Sectional, on the other hand, has different length and depth measurements (115.5"w x 105.5"d). I hope that helps!
