Expected better quality from William Sonoma

Bought the large pan and it warps at 425 degrees. I've had it a few months and it's already losing its coating.

Cons - Cookware Difficult to Clean, Quality

No, I do not recommend this product.

It's adorable, but impossible to clean.

you'd find at a yard sale at the home of someone selling off stuff they've had for 20 years. I wish I'd never bought it.

- Pros - Cookware** Shape, Size, Easy to Store
 - Cons - Cookware** Difficult to Clean, High-Maintenance
- No**, I do not recommend this product.

Both functional and attractive!

It is very functional, well made (sturdy but not overly heavy), and attractive. It is also a perfect size (not too big and not too small). Additionally, I have made use of the bottom portion as just a pan so it is serving double duty for me!

- Pros - Cookware** Design, Quality, Size, Color, Easy to Use, Easy to Store, Weight, Easy to Clean
- Yes**, I recommend this product.

Great broiling pan

I bought this a month ago and I have used it several times. I was amazed with how easy it was to clean. It as a deep bottom tray that catches juices. Really great. I will probably order the larger size as well and replace my old enamel broiling pan that is horrible to clean. Great product.

- Yes**, I recommend this product.

Easy Cleanup

Just received, and I used it for meat in the oven. Very, very easy cleanup. Still looks brand new.

- Pros - Cookware** Quality, Size, Durable, Easy to Use, Weight, Easy to Clean
- Yes**, I recommend this product.
