

This cup is compostable but compost facilities may not be available in all areas.

Composting is a natural - bio process that returns nutrients to the soil.

Zero waste.

compost facilities may not exist in your area - we're working  
- girls dig compost - green is the new black  
purpose, renew, revitalize - breathe

**Caution**  
**HOT**

...in your area - we're working to change that -  
...compost - green is the new black - think zero waste  
...mentalize - breathe - ...compost on - think zero

**Caution**
