Best Memory and Focus Brain Supplement I've Found

December 29, 2017
Size: 90 ct **Verified Purchase**

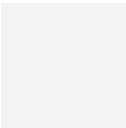

I have been searching for a brain supplement for focus and energy that worked with my system for 12 months. I've bought CILTEP, neuro IGNITE, Neuro Peak, and ONNIT Alpha Brain and decided to give this one a try. This is by far the best one I have tried. It keeps me focused throughout the work day, I find I don't need caffeine, and it doesn't leave me jittery. It simply allows me to perform at peak with no let down all day. Here is the initial test regimen I ran:

Day 1: Took 3 capsules first thing in the morning before eating (no caffeine).
Result: Plowed through 14 hours of work and was alert until 1:00am the next day

Day 2: Decided 3 capsules was too many. Took 1 capsule first thing in the morning before eating (no caffeine).
Result: Mild focus – felt like a single cup of coffee but with no jitters. Effect lasted until lunch.

Day 3: Took 2 capsules first thing in the morning on an empty stomach (no caffeine).
Result: Solid focus and alertness until about 5:00pm. This felt like the best dosage for me...

Day 16: Continued with 2 capsule dose. I've noticed a nice uptick in memory recall as well with no side effects.

Amazing improvements in migraines, mental clarity, and autoimmune symptomatology

January 29, 2018
Size: 90 ct **Verified Purchase**

I cannot recommend BrainFlō highly enough. As a person who caters content to an autoimmune population and has multiple autoimmune conditions myself, I am intimately familiar with the problems with mental clarity, word recall, and cognitive sharpness autoimmune patients experience given the inflammatory fire in the body that also permeates the brain.

As a researcher, I have reviewed the studies conducted on ingredients that Dr. Wagner used to formulate BrainFlō--natural agents in our arsenal with a peer-reviewed evidence base for mitigating neurological inflammation, optimizing neurotransmitter production, engendering neurotrophic and neuroprotective effects, and improving circulation to the brain, all of which may improve mental stamina and focus and alleviate disruptive mental symptoms.

Although examining the scientific literature is my wheelhouse, I will not endorse a product unless I experience personal benefits. I noticed improvements in energy and focus the first time I took BrainFlō, and it helped me during twelve-hour days at a medical conference to actively engage with the material

Increased focus and energy

July 30, 2018

Size: 90 ct **Verified Purchase**

I have been taking Brainflo for about three months. At first I didn't feel much different but as time went on I could really tell the difference and when I forgot to take it for a few days I felt like I couldn't focus as well and didn't have as much mental energy. I now feel alert and focused all day and sleep well at night. I will continue to take it and recommend it to my friends.

9/7/18 I have ordered Brainflo again and the bottles come with a sticker that says if you send Bioflourish a link to your review they will give you a 50% off coupon code. I have sent them the link several times and have yet to receive a discount code. This is very disappointing customer service. I am still ordering it though because it does work. Bioflourish should honor their claim.

Younger acting brain

January 10, 2018

Size: 90 ct **Verified Purchase**

It has been nice to regain the brain function that I had in my 40's. I can now multi task without losing my train of thought. I have clear focus, ability to work through complicated problems. No more walking in a room and forgetting why I am there! Plus a nice boost of energy. Just ordered my second bottle. Mentality clarity started coming back after the 2nd week and has continued to improve. Very impressed with quality and formulation of the ingredients.

It works!

January 10, 2019

Size: 90 ct **Verified Purchase**

I'm in my 30's and going back to school for nursing. Each term is harder and harder and I found myself overwhelmed with brain fog. When I saw the reviews for BrainFlo, I had to try it. I was hesitant because of the price but it was worth it! I'm amazed at my lack of brain fog and ability to focus! I will continue to buy this product, worth every penny.

Improved mental acuity and confidence

February 15, 2018

Size: 90 ct

Verified Purchase

I have now used two bottles of BrainFlo and am impressed with the improvement in mental acuity. I had been having trouble with recall of some words during conversations which resulted in awkward moments of gaps in conversations while I mentally searched for the word or words I wanted. BrainFlo has been a tremendous confidence booster. It feels like I have my brain back!
