## Product description

Omega-3 Power is a highly purified and high-potency fish oil supplement. Hundreds of clinical and other human studies prove omega-3 EPA and DHA are indispensable to health. Your body needs omega-3 fatty acids, but shockingly CANNOT make them from plant omega-3s! You must consume the EPA and DHA your body needs. This omega-3 supplement is tested to exclude over 250 potential contaminants, so you're not only getting a dramatically higher concentration of EPA and DHA than the average fish oil supplement, you're getting exceptionally pure and clean omega-3s.

The clinical research is unequivocal: EPA and DHA are essential to every daily supplement regimen. BrainMD combines Omega-3 Power with our state-of-the-art multivitamin-and-mineral supplement NeuroVite Plus and our memory boosting supplement Brain & Memory Power Boost, into a convenient daily supplement system called Brain & Body Power.

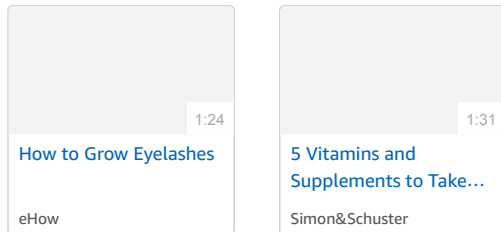

### From The Manufacturer:

- BrainMD products are manufactured in GMP-certified facilities in North America and tested for purity and potency. We take great care in formulating all our products to source the best ingredients, at safe and powerful doses, without unnecessary additives.
- Omega-3 Power does not contain milk/dairy, gluten, wheat, yeast, eggs, corn, artificial colors or flavoring.
- Adults, take 2 softgel daily with food, or more, to a maximum 4 softgel daily. Children can take 1 softgel daily per 40 pounds body weight.
- Keep out of reach of children. Store at room temperature in a dry place. Do not use if clear neck seal is broken or missing.

#### This works for me!

June 10, 2017

**Verified Purchase**

All of Dr. Amen's products are of top quality and efficacy. I had the pleasure of visiting his clinic in Southern California and have read a couple of his books and brain chemistry and brain health. So I feel there's science and clinical/practical experience in these formulations.

I've been taking Omega-Power 3, GABA Calming Support, Neurovite and Focus & Energy for about a year and the difference is noticeable. No more foggy thinking or fatigue.

#### LOVE this Fish Oil so far

August 27, 2014

**Verified Purchase**

LOVE this Fish Oil so far. I have low iron stores and my hair has been thinning. I started taking this fish oil and within days I started seeing regrowth!! Huge Fan! Also, you can't beat the price. I am used to spending a lot of money on fish oil because I was buying the best, but this pricing is very reasonable.

#### Noticeable difference.

April 29, 2014

**Verified Purchase**

I gave this product 5 stars because it helps me so much. I can take multi-vitamins, supplements for focusing, etc. but this fish oil delivers! I initially took it because of the DHA, it has one of the highest DHA content I could find, because I wanted to improve my focus. I noticed that I feel more focused when I'm studying. If I don't take these my ability to concentrate goes down because I have ADD. I also feel that my

mood improves. I don't worry or have anxiety when I take these. It says to take 2 softgels per day but sometimes I take 1 softgel daily and I still notice my focus and mood improve. The bottle is around \$25 or so and it provides a 30 day supply but I still think its worth buying based on how its helped me and the fact that it has a high DHA content.

**Lessened migraine symptoms**

December 10, 2018

**Verified Purchase**

We are in the process of finding a supplement regimen that helps my daughter control daily chronic migraines. With many supplements it's difficult to tell if the product is having a positive effect or not, but we can clearly see an improvement of her brain health and lessening of symptoms with Dr. Amen's Omega-3 Power.

**Quick Delivery**

September 4, 2018

**Verified Purchase**

I ordered this product after listening to Dr. Amen's audio book, Change your Brain, Change your Body. It arrived timely. I am just about finished with my first order and will reorder the same product. I haven't had any bloodwork done since taking it but I am hopeful to see better results when I do.
