Effective.
June 15, 2018
Size: 60 Count (Pack of 1) **Verified Purchase**
I have been taking this product for about 6 months.It has been helping with my energy levels and my total feeling of well being.
I take it every morning (2) with my other supplements after breakfast (5am).This combination is very effective on keeping me on track.
I am 68 yrs old and drive 80 miles a day (to/from) to work and have for the last 15 years. I find that my attention and clarity of mind diminishes as I age and since I cannot retire yet, I need all the help I can get. I try not to take more than two a day, but sometimes I need a little extra help by noon; I never feel jittery or hyper, just able to continue my daily tasks.

Thank you for formulating a product that produces such great results.

Gives me the energy boost and mitigated the occasional nutrient based depression
November 28, 2016
Size: 60 Count (Pack of 3) **Verified Purchase**
This is my first ever supplement and I had been a long skeptic on the taking of supplements.

I had read about Ginseng as an alternative to Adderall, which I had taken twice before. I did not like the crash of Adderall hence the push to try this alternative.

I greatly realized the amount of energy it gave me throughout the day, and as someone who like talking to people and interacting, it was a savior from the old days when I would get drained easily. Also, as an active soccer player and long distance runner, it helped me a lot to transition to a longer stamina. I have taken two bottles so far, and I wonder what the long term effects of taking this are. If none are negative, then this is my go to energy booster.

When it comes to memory, I did not see much improvements but, that wasn't the main reason why I bought it. But focus and willingness to do things was substantially improved. This has helped me keep my meditation routine a bit more consistent.

Great mental clarity, focus and overall energy!
May 1, 2017
Size: 60 Count (Pack of 1) **Verified Purchase**
After feeling "brain fog" on too many days, I talking with my nutrition and body coach, along with guidance from my high performance coach, about which supplements I was deficient on, and which would help to boost my energy, brain power and focus. They both recommended I add Ginseng and Ginkgo Biloba to my daily routine. I conducted a muscle test to make sure my body would take in the supplement without any issues. This is my second bottle and I am loving the results. I definitely can tell the difference in my mental clarity and stamina throughout the day. Taking this along side on a super complex B supplement has really helped increase my energy and helped me maintain a high level of energy and focus throughout the day. This has become a staple in my nutrition plan.

Panax ginseng+Ginkgo

May 2, 2017

Size: 60 Count (Pack of 1) **Verified Purchase**

I purchased this product because I'm in an intense graduate study program. This high stress program has lead to poor stress control and poor concentration and a decreased ability to focus. So far so good. I'm not sure about memory as of yet, but I can say that I've noticed a huge deference when it comes to studying, Im less tired and have decreased mental fatigue. I'm more focused and don't fall asleep during class. I also enjoy the smell of the product and if it gets on your tongue, it's pleasant tasting!

Great Product

September 7, 2018

Size: 60 Count (Pack of 1) **Verified Purchase**

I started taking this product in addition to omega 3, b6, b12, and folic acid. I have more energy and better concentration.I have ADHD. I took Ritalin as a child and tried taking it again as an adult to help with the symptoms. Unfortunately, it made me "jittery" and uncomfortable. I was reading somewhere that this combination can have the same calming and concentration effects as Ritalin, with little to no side effects. I am very happy to say, I agree with that statement. I can concentrate and have more energy. I will be continuing to take your productThank you.

Boosts brain function, memory, and energy - helps with brain fog of menopause & seasonal affective disorder

January 24, 2017

Size: 60 Count (Pack of 1) **Verified Purchase**

This product is good for boosting mind and memory resilience. Helped me to counteract the 'brain fog' that accompanies the onset of menopause. Have been taking the product for three months and definitely improves energy. Also seems to ease my seasonal depression (SAD) that I get in the darker winter months. Previously I just took Ginkgo alone and that was not as effective as the Ginkgo + Ginseng combination.

I'm glad I did it

January 13, 2017

Size: 60 Count (Pack of 1) **Verified Purchase**

I used to take Ginseng and Ginkgo Biloba years ago, but since I moved to another state I couldn't find the brand I used before. I looked over the internet with no luck and decided to give this brand a try, I'm glad I did it, the service is great and even when I just started with the first bottle I can feel a difference, I work in woodworking so I need that little extra focus, and this product definitely help you get it.
