HCL offers one of the most effective Mushroom Capsules. Presently, we are THE ONLY ONE IN THE MARKET with –

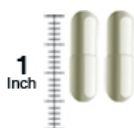

- ✓ **MOST POWERFUL FORMULA**, outright 1850 mg of Organic mushrooms in each dose
- ✓ We combine 7 most beneficial mushrooms that well known as immune booster
- ✓ We are 100% Certified ORGANIC by USDA
- ✓ Our mushrooms capsules are made of WHOLE fruit body NOT from mycelium. Mycelium is a sterile, lab-grown (usually in cheap plastic bags), vegetative part of the fungal organism. It is grown on grains and is significantly less favorable because it greatly lacks in beta-glucans, the active, beneficial compound in medicinal mushrooms. (Always check Supplement Facts).
- ✓ We use the hot water extraction that is most effective way to concentrate mushrooms & make them more bio-available. Extraction breaks down the mushroom cell wall to allow our bodies to access these beneficial compounds. Un-extracted mushroom products are largely indigestible to us.
- ✓ We verify that our extract contains >20% Beta-D-Glucans, the main active, most well researched, medicinal compound in mushrooms.
- ✓ **ABSOLUTELY FREE** from Gluten, Fillers, Binders, Chemicals, Preservatives.
- ✓ Formulated and manufactured in USA in the FDA registered facilities under stringent GMP guidelines. Tested and regularly audited by independent third party labs to ensure highest levels of purity and quality.

so far disappointed

April 1, 2019

Verified Purchase

4/1/2019 I have been taking this not that long but so far NOTHING. I might as well be taking pills fill with sugar, I have taken before 4 out of the 7 mushrooms they use in this supplement separately and together and I can tell if they are working right away, but with this supplement nothing nada zero! and I will keep taking them and update this if I start to see any difference but so far really disappointed. also the pills are fill only like 80% to 90% so for every 5 to 10 pills you loose 1 pill, so 60/5= 12 pills or 60/10= 6 pills. so your getting really 48 pills or 54 pills. i will upload photos of the pills so you can see how every single pill is missing. the sad thing about the whole thing is that I really wanted to work.

Super Charged Mushroom Complex

March 15, 2019

Verified Purchase

This is a very good product because of the quality. It's hard to find a mushroom complex that has quality (not mostly fillers) and this one does the job. It's a bit pricey tho. The directions say to take 2 caps 1x a day, but there's only 30 in the bottle. You'd have to get two bottles if you were to follow that protocol. I just take 1 a day. Really boosts immune system, which is something I think is very important since there are so many kinds of sickness and flu out there; for that I recommend mushroom complex all year round.

Amazing product

February 16, 2019

I have done some research about the mushroom supplements and I have to say, this product is very impressive! The ingredients are real, expensive and looks like this company is not cutting any corners.. Keep up the good job HCL! Mushrooms are great for the immune system and there's tons of other health benefits, but only if the quality is right. So far I'm going to stick with this one for sure.

I like this stuff because it's made from whole mushrooms and it's extract. So, high amount per serving in the two small capsules. Great found to support my immunity.
