From the manufacturer

Go Beyond Heart Health
Specially formulated with high

Omega-3s for Heart Health

MegaRed Advanced 4in1 contains a blend of high concentration fish oil and high absorption krill oil that may reduce the risk of coronary heart disease.** MegaRed Advanced 4in1 softgels provide the important Omega-3 fatty acids EPA and DHA which MegaRed krill oil helps your body to absorb quickly and easily. EPA and DHA support several important areas related to your heart health, including Omega-3 index and C-reactive protein levels, while assisting with the active regulation of triglycerides.*

Omega-3s for Brain Health

The special combination of fish oil and krill oil in MegaRed Advanced 4in1 softgels support brain health.* Omega-3 fatty acids are highly concentrated in the brain and appear to be important for cognitive (brain memory and performance) and behavioral function. The Omega-3 fatty acids EPA and DHA found in MegaRed Advanced 4in1 play a crucial role in the development of cognitive brain function, as well as the maintenance of healthy brain function in older adults.*

Omega-3s for Joint Health

MegaRed Advanced 4in1 Omega-3 softgels also promote increased joint comfort — the powerful Omega-3 fatty acids EPA (Eicosapentaenoic Acid) and DHA (Docosahexaenoic Acid) provided by MegaRed Advanced 4in1 support joint comfort and flexibility.* Plus, the addition of ultra-absorbent MegaRed krill oil provides an additional boost of Omega-3s for 2X more concentrated Omega-3s vs. standard fish oil.

Omega-3s for Eye Health

The Omega-3s provided by MegaRed Advanced 4in1 are an important building block for eye health.* Omega-3 fatty acids are found in every cell in your body and help regulate biological functions. The Omega-3 Docosahexaenoic Acid (DHA) is concentrated in the retina of the eye – the layer of tissue that lines the inside of the eye and receives the image formed by the lens. The high potency Omega-3s in MegaRed Advanced 4in1 are essential aids for transforming light into neuro-signals to the brain.

Fewer Doses With More Powerful Omega-3s Than Standard Fish Oil

Sustainable Fisheries

MegaRed takes quality a step further by sourcing krill only from Antarctic sustainable fisheries as certified by the Marine Stewardship Council (MSC) where krill is abundant, helping the ecosystem there maintain a healthy, sustainable krill population. Additionally, oil pressed from krill is famous due to the fact that it's naturally free from harmful chemicals such as mercury that may be found in fish sourced elsewhere.

Advanced Omega-3 Technology

Much More Than Fish Oil Alone.

Krill oil in phospholipid form similar to Omega-3 fatty acids, is easily absorbed by the body. Innovative new technology has allowed for the blending of extra strength fish oil and our high absorption krill oil to create MegaRed Advanced 4in1 Omega-3 softgels. Multiple studies have shown that higher intakes of advanced EPA (Eicosapentaenoic Acid) and DHA (Docosahexaenoic Acid) Omega-3 fatty acids benefit and support some of the most relevant areas of human heart, brain, joint and eye health.* These long-chain advanced Omega-3 fatty acids (EPA and DHA) are found in cold water fish, and also krill oil, which is more easily recognized and processed by the human body than fish oil by itself. Omega-3s (EPA and DHA) provided in the phospholipid form of krill oil makes it easier for your body to recognize and absorb the Omega-3 fatty acids. These MegaRed Advanced 4in1 Omega-3 fish oil and krill oil combination softgels support heart, joint, brain and eye health, as well.*

*These Statements Have Not Been Evaluated By The Food And Drug Administration. This Product Is Not Intended To Diagnose, Treat, Cure Or Prevent Any Disease.

Product description

Style: **500mg** | Size: **80 Count**

MegaRed Advanced 4 in 1 is a special combination of high concentration fish oil and high absorption krill oil that has 2 times more Omega 3s vs. standard fish oil alone. Our most advanced Omega-3 supplement to date brought to you by one of the leaders in omega 3 supplements, MegaRed. This advanced formula goes beyond just heart health. MegaRed 4in1 supports and provides benefits to 4 areas in the body - heart, joint, brain and eyes. Heart - May reduce the risk of coronary heart disease.** Joint- Promotes joint comfort.* Brain - Supports brain health.* Eyes - Building block for eye health.* *These statements have not been evaluated by the food and drug administration. This product is not intended to diagnose, treat, cure or prevent any disease. **Supportive, but not conclusive research shows that consumption of EPA & DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.

Can't live without it anymore or else back to aching joints.

July 25, 2018

Style: 900mg Size: 40 Count **Verified Purchase**

I'm so happy I found this product. For me it definatly make a difference. Biggest difference , my joints and bones would ache every night and I'd have to snap my leg back and fort lying in bed to releive the tension in my knees. Or if I got up from a chair my knees or ankles would crackle like cracking your knuckles . But after taking this product for 2 or 3 week I satrted to feel the diffence and no more snping my legs back

[Ad feedback](#)

and fort or crackling when getting up. I ran out and forgot to renew for about 30days and after 2 weeks it all came back and I knew how important it was to keep using the MEGA RED Advance 4 in 1 , the other Mega RED's din't have the same results as the 4 in 1 for me.

Like the idea of 4 in 1

December 19, 2017
Style: 500mg Size: 80 Count **Verified Purchase**

I like the idea of taking one supplement for 4 health problems. I don't know if they work, but at 76 I am never sick and don't take any prescription medications. I do take a hand full of supplements daily and am moderately active.

CSFL

Metallic taste after pills have been digested

July 13, 2017
Style: 500mg Size: 80 Count **Verified Purchase**

I like that these pills are small in size and easy to swallow. There is no fish smell or fish taste when I take them, however after they have had time to digest I notice I get a metallic taste in my mouth. I have read that fish supplements can do this is they are a bad batch or of low quality but I don't know if that is true. I have tried other brands and not had this problem, I switched to these because I only had to take one pill a day instead of multiple and they were small. I was thinking to buy another bottle to see if the issue happens with that batch but at this point not sure I want to waste the money or just go back to another brand that requires multiple pills.

e.grace

Mega-Red-more quantity less mg. packaging. Frustrating.

June 30, 2018
Style: 900mg Size: 40 Count **Verified Purchase**

Really like this product but find the line frustrating. I don't understand why they don't make a larger quantity available in the 900mg form. Obviously financially beneficial for Schiff but not the consumer. You are able to order more quantity but less mg. per tablet. I prefer to only have to take one a day, I wish the company would address this issue. Meanwhile I continue to have to buy another bottle every five weeks. Come on Schiff, make it more cost effective please.

Faye

Helps Triglycerides, but not enough for me

August 28, 2017
Style: 900mg Size: 40 Count **Verified Purchase**

It did lower my triglycerides some, but not enough to bring them within acceptable level. I switched to two for at least a month and had blood retested. I expected it would have gone down more, it did not. I am trying Natures Bounty triple strength 1400mg fish oil - 980 mg Omega 3's - 1 huge caplet a day, hope to see a better result, keeping fingers crossed. I am not overweight, but super high cholesterol is in the genes.
