Hope Springs Eternal

I have been diagnosed with PTSD, clinical depression, anxiety, panic attacks etc. Yesterday I found out that the small lump on the side of my neck is cancer. This is an early discovery so I will more than likely be fine. I have taken a few bottles of the Nature's Wellness Memory Mind Matrix and I am impressed. I have been using herbs and herbal formulas since the 1960's. That was when I read the "Back to Eden" in my opinion that is the best book on medicinal herbs on the planet. It includes a letter from Jethro Klaus to the Amerllican Cancer Institute offering to go to them, hospitals that teach, anyplace anytime and show them a cure for cancer. The response was "No thank you not interested. I have not been able to carry a conversation because I forget what I am talking about and the subject matter also. I am also using another formula for the same reason. I started with Mind Matrix and I will stick with it. It works well for me. I should mention that the depression and anxiety, panic attacks are 99% gone. GONE!!!! You have no idea that means to me. I swore when I was young, that I would never be that person with a medicine cabinet full of prescriptions. I have a degree in Natural Health Sciences and a bunch of prescription drugs in my medicine cabinet. Well that is coming to a screeching halt. I have been weaning myself slowly of these drugs and replacing my treatment regime. I guess that I tend to go on and on a bit. I have been a

Much Improved Memory

May 19, 2016

Verified Purchase

I've always had trouble remembering things and I'm not sure if it's just too much going on in my life or something else. I've tried a few of this brands products, Nature's Wellness, and I've been very happy with the quality and results so I picked these up as well. I didn't get these expecting them to be a super drug because they are all natural and I was honestly surprised how well they actually worked for me. I found myself remembering things much easier without the fuzziness I usually have. I would definitely recommend these to anyone looking for a brain booster.

This really works.

February 24, 2017

I have just finished my first bottle and I can say that this product really works. I take it 5 days a week and it makes me alert and less distracted all day long. It doesn't give me jitters or keep me awake at night. I work behind a computer 55 hours a week and this keeps me focused and on task. I have no idea if it will work for you or not but this works wonders for me. I can relate this to Adderall without the zombie effect.

In the process to see if it really works to improve memory. It certainly doesn't work over night, so I want to give it at least 2 -2 1/2 months. I've been taking it for a month and have not experienced a big change in my lack of memory as yet. Great supplements to keep clear

April 24, 2017

Verified Purchase

Enjoy taking this supplements quite a bit. Prior to taking it I felt like i was foggy or had clouded thoughts at times, and this has seemed to help a bit. The more I take, with time, it appears that I am more clear on things. I would recommend anyone at least try it and make sure you try to take notice of how well you can focus and multitask. Seems to be a quality product so far.

March 28, 2017

Memory Matrix helps me a lot. I remember why I walked into a room and to do other chores without referring to my list. It is also gentle but I know I am getting some kind of help for this old brain. I was also getting ready to go out of town and it was delivered quickly; I really appreciate that. Many thanks. HBG
