Feeling more capable & less overwhelmed

June 23, 2018

Verified Purchase

I've started taking nootropic supplements to help with my ADHD symptoms (which are often interrelated with depression & anxiety symptoms), I've tried a couple different brands so far. After 2+ weeks of regular use, this does seem to help with clarity & focus, which helps with an overall sense of feeling "capable"... which helps me not get overwhelmed & shut down. Being able to be productive & not overwhelmed is a success in my book!

As someone who have been struggling with concentration problem for a few years, I can truly say that this really helps. I can see the effect on a daily basis; the days that I take it and the days that I don't (I usually don't take it on the weekends). Long story, short, I am usually more productive and focused on the weekdays and it have really helps me focus and give me clarity.

**More mental focus. Be more productive!**

October 19, 2017

**Verified Purchase**

Great mental stamina when using this product. I Was hesitant when I first purchased this because I didn't want any side effects. The first dose I had was not a great experience but after the first does I resized that I was able to focus more on what I needed to get done. I work in software and I was able to focus more and be more productive. I only was taking it once a day but now I take it twice a day and my mornings are more productive. I am definitely going to buy it again.
