Product Description

OMAX COGNITIVE BOOST

Breakthrough Technology Delivers Real Results

Taking mental focus, concentration, and energy to the next level

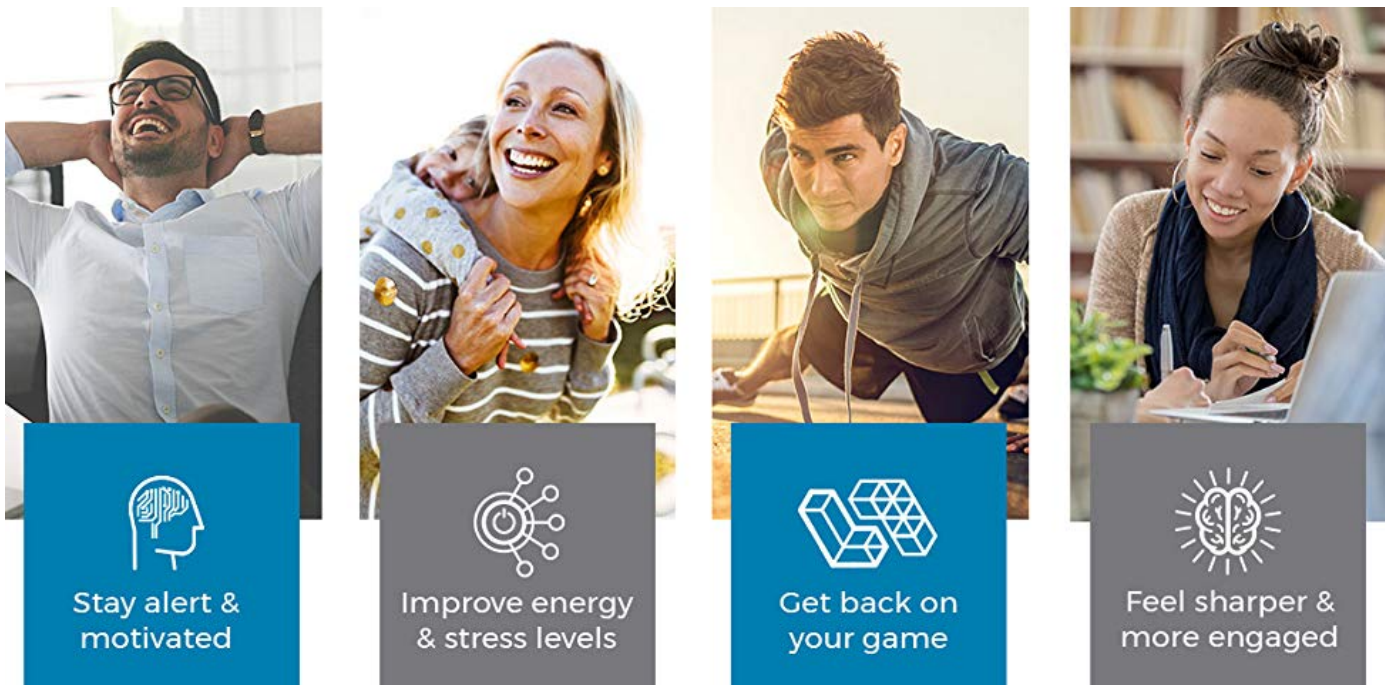

IMPROVE MEMORY, FOCUS & CONCENTRATION

Omax Cognitive Boost is a superior brain health and cognition supplement that harnesses mind-boosting Alpha-GPC with high concentrate Omega 3 DHA. The dual-action formula naturally and quickly improves nutrient deficiencies that can be the cause of brain fog, poor focus and recall, low energy, and overall cognitive decline.

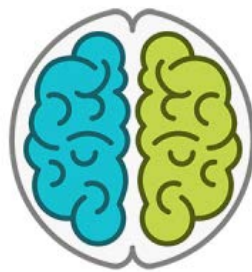

Omax Cognitive Boost supports a better brain resulting in:

- > Natural energy without caffeine
- > Better mood and clearer thinking with reduced brain fog
- > Improved memory, focus and recall
- > Healthy brain, joints and body
- > No caffeine, safe and clinically researched

FEEL THE DIFFERENCE WHILE SUPPORTING BRAIN HEALTH

Students, moms, athletes, gamers, seniors and professionals from every walk of life. Omax Cognitive Boost can boost your mental performance, mood, memory and focus, and most importantly, your life.

DUAL-ACTION BRAIN BOOSTING INGREDIENTS

Omax Cognitive Boost, is a dual-action brain health supplement, that uses breakthrough technology to combine two essential brain health boosting nutrients in a powerhouse formula supported by over 3 decades of clinical research. While each of these nutrients have been shown to improve brain function on their own, researchers were blown away when they discovered these two ingredients act synergistically to build brain connections and exponentially boost cognitive performance.

Alpha-GPC, is a natural form of Choline found in your brain and in mother's milk, that is critical for brain development and producing neurotransmitters.

Omega-3 fatty acids are essential to brain health. High-concentration DHA helps promote optimal memory function and mood, while supporting lifelong brain health.

OMAX COGNITIVE BOOST	
SUPPLEMENT FACTS	PER SERVING
Calories	20
Total Fat	1.5
Protein	1 g
Alpha & Omega™ Proprietary Blend: Omega-3 Fatty Acids (PUFA)	1000 mg
Eicosapentaenoic Acid (EPA)	200 mg
Docosahexaenoic Acid (DHA)	800 mg
L-Alpha Glycerylphosphorylcholine (GPC) (European sourced)	150 mg

WHY ALPHA GPC AND OMEGA 3 DHA?

While newcomers to the market focus on ingredient gimmicks, Alpha & Omega is a synergistic blend of two high-quality pharmaceutical ingredients with clinically validated results for brain function. Omax Cognitive Boost focuses on addressing the underlying causes of mental exhaustion: inflammation and acetylcholine deficiency. Cognitive Boost delivers 1,000 mg of high-potency Omega-3 DHA to improve brain health and reduce inflammation, along with 150 mg of acetylcholine-boosting Alpha-GPC.

YOUR JOURNEY TO A BETTER BRAIN IS ABOUT TO BEGIN

DEVELOPED BY DOCTORS

Omax Cognitive Boost was developed by Omax Health, the makers of the patented Omax3 Ultra-Pure Supplement, developed by Yale-affiliated scientists. With over 500,000 boxes sold worldwide since 2008, Omax has become the industry leader for premium quality, purity, and potency in supplements.

SUPPORTED BY SCIENCE

Many over-the-counter products can have surprisingly low concentrations of functional ingredients, too low to produce the desired therapeutic results. Omax Cognitive Boost conforms to the highest standards of manufacturing for the dietary supplement industry. We verify the identity and quantity of ingredients on the label, and each batch obtains two certificates of analysis to ensure purity and concentration.

IMPROVES FOCUS & CONCENTRATION

Real customer results.

"On day one, I noticed definite improvement in mental clarity and energy. Now I'm more motivated to workout, and am able to cope with stress in a balanced way."

-Gretchen G., Small business owner and mom

BOOSTS YOUR BRAIN POWER

We put Omax Cognitive Boost to the test with real people just like you. They took it every day for 30-days. While everyone's results were different, here's some of the things they reported:

- Intensified Focus
- Positive Mood
- Boosted Motivation

They forgot to add "more energy" to the description

February 6, 2019

Verified Purchase

I honestly didn't have high expectations for this product as I had tried several different products since having my baby to help boost my focus to no avail. Not only was I pleasantly surprised with the results but also the time frame in which I saw them. In less than a week I felt much more focused and I am not sure if this is due to the clearer thinking, but it seems as though I have had more energy lately. While the pills are a bit on the larger side (not an issue for me personally but I felt should be mentioned), I like the fact that they only need to be taken once a day as opposed to other like products where you need to do it two to three times a day.

I feel the boost

August 7, 2018

Verified Purchase

I took it first thing as soon as I woke up. I got it in the mail, It took away my coffee craving. I feel pretty good, but it is still to early to tell. I feel energetic and ready to do some reading to give it a try. I also feel very aware and focused. This is definitely the first brain supplement I have taken and felt something first try.

No More Mommy Brain

November 10, 2018

Verified Purchase

Being a stay-at-home Mom while working from home can get super hectic. I'm often forgetful and have trouble concentrating while multi-tasking. I started taking Cognitive Boosts in an effort to reduce my caffeine intake without decreasing my alertness. I am pleasantly surprised about how energized and alert I feel without any side effects. I will definitely continue to use this supplement. I've also recommended to a family member who's been having memory issues and they are loving the results as well.

FIVE STARS!!!!

November 10, 2018

Verified Purchase

This product is absolutely fantastic! I was a little skeptical when I first tried it, but I noticed the results right away! I'm a fitness instructor and it's an ongoing joke with my co-workers that we all get our lefts and rights confused because sometimes we are directly facing clients and other times we are all facing the same direction. I am not having even half as many "left, oops, I mean right" moments anymore. I also have to be up really early for work and work long days, and I'm finding myself not needing coffee or caffeine as much either. My focus and concentration has improved immensely!

Energy and Focus Boost!

March 27, 2019

Verified Purchase

I'm a grad student who works full time. After the 9-to-5 grind, I eat dinner, take care of the family, hit the gym and study for my board exams. As you can imagine, some days I have to keep pushing even though I'm running low on energy. Since I've incorporated Omax into my routine, I feel like my concentration levels have received a boost and I'm not as tired as I usually am! Hopefully these will help me pass my two exams that I'm taking over the next couple months too. Thanks Omax!

This stuff is my new secret weapon

June 9, 2019

Verified Purchase

This is my second box of the Omax Brain Boost. I am extremely busy with a multi-faceted job. I have a hard time recalling information and REALLY struggle with having the drive and attention span to get large amounts of work done. I was expecting this to feel like Adderall. But no headaches that follow and it's not anything like Adderall. I simply have no more brain fog, I WANT to focus and get work done, and I can easily dial in at any point of the day and just work. No crash afterward either. I love this stuff. But keep in mind, it's a supplement. Meant to be taken every day. It's not a drug. I was out of it for about 3 weeks before ordering more and saw a huge difference (lack of) in drive and attention span. I love this stuff and will continue to take it. (recommendation: I give myself weekends off from it so my brain doesn't feel the need to be busy. My job never turns off so it's nice to instead take the Omax stress relief if you are comfortable with taking CBD. That uses the Omegas as well.)
