Product Description

This tumultuous world can corrode minds. Now it's reversible! Pushing the boundaries of the restrictions environments create is what this supplement's creator, Dr. Sam Walters, has done since creating an energy product for NASA. It's rocket science in a capsule.

Doctor Formulated 'Brain Food'

No one knows the need for brain function support in unstable environments like astronauts! Dr. Sam Walters should know.

He created an energy bar that would sustain their mental clarity in space for the NASA Aerospace program. Over decades of clinical practice, he witnessed another issue skyrocket – mental dullness with age.

Safe and Easy

Two easy-to-swallow tablets per day, deliver scientifically engineered doses of heavily researched and carefully chosen ingredients to blast away the cobwebs and reignite your tired, aging brain.

It can help make a fuzzy-thinking brain become – crisp, clear, and focused.

Doses Based on Scientific Research

Formulators of this supplement have dedicated scientific research and standardized practices of extraction that ensure clinical-strength dosage amounts. We've studied which ingredients we must have and in what quantities.

It's All in The Mind

A brain health supplement scientifically formulated to boost mental clarity and mental energy, after using the 30-Day supply of two easy-to-swallow capsules per day, users may experience a marked improvement in areas such as concentration, recall and overall vitality.

Six Brain Boosting Ingredients

Here are the ingredients to this brain health elixir:

- **1000 mcg of Vitamin B12 (as Methylcobalamin)** : dosed at 16,667% daily value for maximum mental energy.
- **280 mg of the Clear Mind Formula which breaks down to:**
 - Bacopa Monnieri (50% Bacosides): may reduce anxiety and improve memory.
 - Phosphatidylserine: support the brain health at a cellular level.
 - Ginkgo Biloba Leaf Extract : Improves blood flow for a brain and memory boost.
 - Huperzine A : Enhances the brain fuel known as Acetylcholine.

YOUTHFUL BRAIN'S BRIGHTEST BENEFITS

-  NATURAL FORMULA
-  CAN INCREASE MENTAL CLARITY
-  SUPPORTS OPTIMAL BRAIN FUNCTION

 vitality now®

Natural Boost of Mental Energy

The first ingredient, Vitamin B12, was no accident. In charge of several critical body functions, including metabolism, chronic symptoms of fatigue have been linked to a Vitamin B12 deficiency. A boost for both the body and mind is the goal.

Brain Health Backed By Science

Made by Dr. Sam Walters, who NASA trusted to create an energy food bar to sustain its astronauts, this brain health supplement was engineered to reignite your mind to live your fullest life. No more mind fog slowing you down.

The Clear Mind Advantage

Vitamin B12, brain function support gets an energizing boost. But the winning formulation itself includes the Bacopa Monnieri Herb Extract, reportedly reducing stress naturally and three memory boosters, including the popular Ginkgo Biloba leaf extract, combining for maximum potency.

It works!

May 11, 2019

Verified Purchase

I had been looking at similar products at Walmart, but before investing that much money I wanted to be able to see what others thought. The reviews on this were slightly mixed, but the good definitely outweighed the bad so I thought I'd go for it, and so far I'm very satisfied with my decision. I have noticed more ability to focus when I'm tired, and as a night shifter that often, but mostly I don't seem quite as forgetful. I remember where I put the keys, or to get cat food at the store. If this continues to improve, I will definitely be a lifelong customer.

Rita

I tracked every single day for 14 days to see any results!

September 24, 2018

Verified Purchase

I started using this supplement a little over 2 weeks. I have noticed significant changes through out the past week. First week I didn't feel anything. 2nd week I started noticing my span of focus increasing. I work long hours on my own business, so I have been very interested in optimizing my focus and my attention in the best way and healthiest way. I track my hours on daily basis, so it was really easy for me to track changes. sometimes its very hard to track, but I journal every single day so I pay attention to the slightest detail and I document them. I just have been doing this for the longest time, because it was really the only way I can quantify what supplements do. So for example taking all the crap from Vitamin supplements didn't make me feel any better, but eating certain super fruits did within 2 weeks. I also have arthritis so for me its important to track progress or placebo if you well.

I have noticed, sharper focuses towards the ends of days for me. Usually I'm so focused and determined to finish a task or a project in one day, but this soon dilute half way thru the day.

I noticed also a consistent surge of energy and no crash towards the end. I didn't feel like I have to stay up

I didn't think it would work!

January 8, 2018

Verified Purchase

I bought this for a friend who is 80 and was having memory problems and it really helped.

As soon as he stopped taking it I could see a difference. That's when I decided to start try it myself. It's been three months now and it's made a big difference in my memory and ability to focus. I'm remembering names and details of things that were hard to think of before. I can sit and do crossword puzzle a lot easier as well!

For me, this one is a keeper. It's definitely a supplement I take no matter what. I can tell the difference if I miss it!
