brittany_hodge "Some women are lost in the fire. Some women are built from it."

Three months ago I decided to start making myself a priority. I had so much life change in such a short amount of time that I lost myself. .

.

I wrote down what was important to me and what I wanted to see happen. Even though I had no idea how I trusted God with the details. He'll never call you to do something and not equip you properly! .

The woman you see today is a completely different woman than who I was last year. I'm not exactly where I

was last year. I'm not exactly where I want to be but thank God I'm not where I used to be!! I claimed 2020 was my year to thrive instead of barely surviving. It's February and I've been able to accomplish more than I ever thought possible. I am running a successful business for free, I earn my products for free, I earn a paycheck every Tuesday and I've never felt better because of my 3 steps. .

Not only that but my team is winning too. It's one thing to watch my story unfold on this journey but to see your girls earn a \$800 bonus + \$200 in product credits and then commissions on top of that all within two weeks of starting this business — that is life changing.

When you surrender fear + control is when God steps in and works miracles only He can. It's only February — month 2 out of 12 and I'm speechless with what God is doing in not only my life but my team and in our tribe. So many lives changed and being transformed from this nutritional system. Thank you 3 steps! ❤️
