**dchuva** I get it ... I didn't want to believe it either ! I mean , let's face it.. it's DIRECT SALES and in my past experiences that never turned out well for me! I usually was only supporting my friend so she could earn rewards for her at home party and it wasn't long after I received my product I got another message asking to "host" another party for a different friend that I had to pretend not to see in my inbox! It was No different here .. but after 5 months of watching my friends post something was different.. she was HAPPY! And I wasn't !! I was overweight, broke and certainly not what I had imagined a life as a new mom would be ! What I did know was i had to try it .. secretly .. bc I WAS NOT GOING TO BE THAT ANNOYING FRIEND! Five years later ...

GOING TO BE THAT ANNOYING FRIEND!! Five years later .. I'm the annoying friend.. yup, the one that hit to TOP rank of the company in 6 months.. the one that helped my friends and family find happiness and health In their lives again.. the mom that is happy and present .. ! I'm the WOMAN that was able to bring her over worked husband home FULL TIME to be a daddy and coach to our kids ! The high school graduate who didn't finish college that became a MILLIONAIRE with Level in less than 2 years !! I've watched my friends build their dream homes , pay off student loans , rebuild their credit and create families ! I've pushed people to limits they didn't think they were capable of and I've watched myself hit goals I myself would roll mv eyes at had someone told me

FIVE YEARS TO THE DAY.... and I couldn't be more thankful that I took that chance that seemed very unfamiliar because it showed me I was capable of a life I had only seen in my dreams !
