**em.hening** Two years ago - I hit the second rank in our online business which made me a "luxury auto bonus earner"  
What does that mean?  
That my CEO's wanted to eliminate the second most expensive bill in America's households for me; our car payment  
At that time we were sharing a vehicle, a Dodge Ram that my mom had to co-sign on with me when I bought it because my credit was so awful. When I ranked up they begin to give me an extra \$300 monthly to cover the car note.  
Then that same month I promoted Travis's account to the same rank - which got us another \$300 monthly bonus on top of our weekly commission checks

And then we were able to go out and buy our first Mercedes, which allowed that \$300 bonus to be upgraded to an \$800 bonus 🌟 The car note plus our insurance on both vehicles have been fully covered since.
