Severe Headaches anyone? Read this!

From Davinna R.

I was rear-ended by 3 commercial trucks 7 years ago, I have had lower back pain on a daily basis. Then, in March, 2012, while moving into our new home, I fell in our garage, tearing the ACL in my right knee resulting in daily knee pain. I thought that back and knee pain were just meant to be a part of my life.

I was told about Le-Vel's Thrive Experience in July of this year and I am actually having days without back and knee pain. Even days with the back and knee pain, my level of pain is SIGNIFICANTLY improved.

For 27 years, I have had 1-2 migraines/month. A couple weeks ago, I realized that I had not had a migraine in over 3 months. This in itself is HUGE.

I cannot promise what THRIVE will do for you but for me, I know that it has been an answer to prayer.

Thank You Le-Vel for letting me THRIVE again in life!
