Ok so today is 14 days I have become a huge believer in my THRIVE my energy level is so much better I'm not feeling like crap any more I can actually get off the couch and do my house work take a long walk and my craft work before this I was really sick with horrible nausea and migraines my job suffered I haven't worked since March 1st I'm so ready to go back I can't wait. I sure hope you decide to THRIVE with me you won't regret it
