**UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA**

ANTHONY BUSH, individually and on behalf  
of all others similarly situated,

Plaintiff,

v.

RUST-OLEUM CORPORATION, an Illinois  
corporation,

Defendant.

Case No.:

**CLASS ACTION COMPLAINT**

**JURY TRIAL DEMANDED**

Plaintiff Anthony Bush (“Plaintiff”), individually and on behalf of all others similarly situated, as more fully described herein (the “Class” and “Class Members”), brings this class action against Defendant Rust-Oleum Corporation (“Defendant”), and alleges as follows:

## NATURE OF THE ACTION

1. Krud Kutter “Non-Toxic,” “Earth Friendly” formula is toxic to humans, animals, and the environment.

2. Defendant exposes consumers to harmful ingredients hidden in its Krud Kutter products by fraudulently advertising them as non-toxic. The products are, in fact, toxic because they contain ingredients that have been linked to lung irritation, skin irritation, sneezing, sore throat, runny nose, shortness of breath, and severe burns of the skin, eyes, and mucous membranes. Additionally, some of the ingredients are possible human carcinogens. Through its unlawful

1 conduct, Defendant obtains an unfair competitive advantage in the household cleaning market and  
2 unfairly profits from consumers' desire for products that are not harmful to humans, animals, and  
3 the environment.

4 3. The purported "Non-Toxic" and "Earth Friendly" products at issue are Krud Kutter  
5 Adhesive Tape Remover, Krud Kutter Parts Washer Cleaner/Degreaser, Krud Kutter Instant Carpet  
6 Stain Remover Plus Deodorizer, Krud Kutter Deck & Fence Wash, Krud Kutter Driveway Cleaner  
7 & Degreaser, Krud Kutter Multi-Purpose House Wash, Krud Kutter Kitchen Degreaser & All  
8 Purpose Cleaner, Krud Kutter Original Cleaner & Degreaser, Krud Kutter Original Cleaner &  
9 Degreaser (Aerosol) (pictured above), Krud Kutter Tough Task Remover (pictured above), Krud  
10 Kutter Tough Task Remover (Aerosol), Krud Kutter Window Wash, and Krud Kutter Sports  
11 Cleaner/Stain Remover (collectively, the "Products").

12 4. Defendant manufactures, markets, advertises, labels, and sells the Products  
13 throughout California and the United States.

14 5. Contrary to their labeling, the purported non-toxic and earth friendly cleaning  
15 Products contain numerous ingredients that are harmful to humans, animals, and/or the environment.

16 6. Through falsely, misleadingly, and deceptively labeling the Products, Defendant  
17 sought to take advantage of consumers' desire for non-toxic cleaning products that are safe for  
18 humans, animals, and the environment, while reaping the financial benefits of using less desirable,  
19 harmful ingredients in the Products. Defendant has done so at the expense of unwitting consumers,  
20 as well as Defendant's lawfully acting competitors, over whom Defendant maintains an unfair  
21 competitive advantage.

22 7. As a result, Plaintiff brings this action individually and on behalf of those similarly  
23 situated, and seeks to represent a National Class and a California Subclass (defined *infra*). Plaintiff  
24 seeks injunctive relief to stop Defendant's unlawful labeling and advertising of the Products.  
25 Plaintiff makes these allegations based on his personal knowledge and, otherwise, on information  
26 and belief based on investigation of his counsel.

27 8. Plaintiff's primary litigation objective is to enjoin Defendant's unlawful labeling  
28 practices for the National Class and California Subclass.

**JURISDICTION**

9. This Court has original jurisdiction over this action pursuant to the Class Action Fairness Act of 2005, 28 U.S.C. § 1332(d), because the proposed Class consists of 100 or more members; the amount in controversy exceeds \$5,000,000, exclusive of costs and interest; and minimal diversity exists. This Court also has supplemental jurisdiction over the state law claims pursuant to 28 U.S.C. § 1367.

**VENUE**

10. Venue is proper in this District under 28 U.S.C. § 1391 because a substantial part of the events and omissions giving rise to Plaintiff's claims occurred in this District. In addition, Plaintiff purchased the unlawful Products in this District, and Defendant has marketed, advertised, and sold the Products within this District.

**PARTIES**

11. Plaintiff Anthony Bush, who is currently a resident of Berkeley, California, purchased Krud Kutter Original Cleaner & Degreaser (Aerosol) and Krud Kutter Tough Task Remover at Home Depot in Emeryville, California for approximately \$6 and \$7, respectively, in January 2020. The labeling of the Products purchased by Plaintiff is typical of the labeling of the Products purchased by members of the Class. In making his purchase, Plaintiff relied upon the claims made on the Products' advertising and labeling claims. The claims were prepared and approved by Defendant and its agents and disseminated statewide and nationwide, as well as designed to encourage consumers to purchase the Products. If Plaintiff had known that the Products contained ingredients that are harmful to humans, he would not have purchased the Products. Plaintiff would purchase the Products in the future if the advertising and label claims were accurate.

12. However, if the Products were actually non-toxic as labeled and advertised, Plaintiff would purchase the Products in the future. Since Plaintiff would like to purchase the Products again and obtain the advertised benefits, he might purchase them again in the future—despite the fact that they were once marred by false advertising or labeling—as he may reasonably, but incorrectly, assume the Products were improved. In that regard, Plaintiff is an average consumer who is not sophisticated in the chemistry or formulations of household cleaning products, so he is at risk of

1 reasonably, but incorrectly, assuming that Defendant fixed the formulation of the Products such that  
2 he might buy them again believing they were no longer falsely advertised and labeled.

3 13. Defendant Rust-Oleum Corporation is an Illinois corporation with its principal place  
4 of business in Vernon Hills, Illinois, and was doing business in the state of California during all  
5 relevant times. Directly and through its agents, Rust-Oleum Corporation has substantial contacts  
6 with and receives substantial benefits and income from and through the State of California. Rust-  
7 Oleum Corporation is one of the owners, manufacturers, or distributors of the Products, and is one  
8 of the companies that created and/or authorized the false, misleading, and deceptive labeling for the  
9 Products.

10 14. Defendant and its agents promoted, marketed and sold the Products at issue in this  
11 jurisdiction and in this judicial district. The unfair, unlawful, deceptive, and misleading advertising  
12 and labeling of the Products were prepared and/or approved by Defendant and its agents, and was  
13 disseminated by Defendant and its agents through labeling and advertising containing the  
14 misrepresentations alleged herein.

### 15 **FACTUAL ALLEGATIONS**

16 15. In recent years, consumers have become increasingly concerned about using  
17 household cleaning products that are safe for exposure to humans, animals, and the environment.  
18 Consumers have poured billions of dollars into the “ecofriendly” and “natural” cleaning-products  
19 market. In fact, this market segment is expected to reach over \$40 billion by 2025.

20 16. In response to consumers’ desire for safe and non-toxic cleaning products, many  
21 companies “greenwash” their products by deceptively claiming that their cleaning products are safe.  
22 Unfortunately, rather than creating the safe and non-toxic products that consumers desire, many  
23 companies, like Defendant’s, have chosen instead to “greenwash” their products through deceptive  
24 labeling, suggesting and outright stating that their cleaning products are safe when, in fact, they  
25 contain ingredients that are harmful to humans, animals, and/or the environment.

26 17. Recognizing this problem, the United States Federal Trade Commission (“FTC”)   
27 created the “Green Guides” to help companies avoid making misleading and deceptive claims.<sup>1</sup> The  
28

---

<sup>1</sup> See generally 16 C.F.R. § 260 – Guides for the Use of Environmental Marketing Claims.

Green Guides specifically address the use of the term “Non-Toxic” in the marketing of a product, stating, “A non-toxic claim likely conveys that a product, package, or service is non-toxic both for humans and for the environment generally.”<sup>2</sup> Accordingly, “[i]t is deceptive to misrepresent, directly or by implication, that a product, package or service is non-toxic. Non-toxic claims should be clearly and prominently qualified to the extent necessary to avoid deception.”<sup>3</sup>

18. The Green Guides also provide examples of marketing claims in order to “provide the Commission’s views on how reasonable consumers likely interpret certain claims.”<sup>4</sup> The FTC provided the following relevant example:<sup>5</sup>

A marketer advertises a cleaning product as “essentially non-toxic” and “practically non-toxic.” The advertisement likely conveys that the product does not pose any risk to humans or the environment, including household pets. If the cleaning product poses no risks to humans but is toxic to the environment, the claims would be deceptive.

19. This example demonstrates that even when “non-toxic” claims are qualified by such terms as “essentially” or “practically,” they are nonetheless construed by reasonable consumers as “not pos[ing] any risk to humans or the environment, including household pets.” Thus, broad and unqualified non-tox claims, such as the ones present on the Products, would even more strongly convey such a meaning.

20. Consequently, because of concerns about safe and non-toxic cleaning products, consumers have increasingly sought out safe and non-toxic household cleaning products, the sales of which have surged in recent years.

21. As described *supra*, Defendant manufactures, markets, advertises, labels, and sells Krud Kutter Adhesive Tape Remover, Krud Kutter Parts Washer Cleaner/Degreaser, Krud Kutter Instant Carpet Stain Remover Plus Deodorizer, Krud Kutter Deck & Fence Wash, Krud Kutter Driveway Cleaner & Degreaser, Krud Kutter Multi-Purpose House Wash, Krud Kutter Kitchen Degreaser & All Purpose Cleaner, Krud Kutter Original Cleaner & Degreaser, Krud Kutter Original Cleaner & Degreaser (Aerosol), Krud Kutter Tough Task Remover, Krud Kutter Tough Task

Remover (Aerosol), Krud Kutter Window Wash, and Krud Kutter Sports Cleaner/Stain Remover.

22. True and correct images of the Cleaner/Degreaser Aerosol and Tough Task Remover products appear below:

23. Defendant prominently and uniformly labels the front display panel of the Products with the label “NON-TOXIC” and “EARTH FRIENDLY.” The labels are set against—and highlighted by—an eye-catching, yellow background or font color.

24. In addition, Defendant’s official website touts its Products as follows: “We believe cleaners should clean without being toxic. Krud Kutter safely removes the toughest stains and everyday messes that most “all-purpose” cleaners can’t touch . . . Our eco-friendly formula is safe for the environment and your family.”<sup>6</sup>

25. Based on the “Non-Toxic” and “Earth Friendly” representations, reasonable consumers, including Plaintiff, believe the Products contain only non-toxic ingredients that are safe for humans, animals, and the environment. Put differently, reasonable consumers do not believe the Products contain any ingredients that are harmful to humans, animals, or the environment.

26. However, in spite of the labeling, the Products actually contain, in varying combinations, ingredients that are harmful to humans, animals, and the environment, including but not limited to potassium hydroxide, monoethanolamine, butane, alcohol ethoxylates, diethanolamine, dipropylene glycol monomethyl ether, sodium metasilicate, and poly(oxy-1,2-ethanediyl),.alpha.-(2-propylheptyl)-.omega.-hydroxy.

27. **Potassium Hydroxide**, commonly referred to as caustic potash, is an inorganic compound with the chemical formula *KOH*. Potassium hydroxide is recognized in Federal Regulations as a synthetic ingredient.<sup>7</sup> Potassium hydroxide is a very hazardous chemical. It is corrosive to tissue and can cause severe burns of the skin, eyes, and mucous membranes.<sup>8</sup> If ingested, it can cause internal bleeding, scarring of tissue, nausea, vomiting, diarrhea, and lowered blood pressure that can result in a person’s collapse.<sup>9</sup> In sufficient amounts, it can cause death.<sup>10</sup> Inhalation of potassium hydroxide fumes or dust can cause lung irritation, sneezing, sore

throat, runny nose, and severe damage to the lungs.<sup>11</sup> In contact with the eyes, the compound can cause blurred vision and, in sufficient amounts, loss of eyesight.<sup>12</sup>

28. **Monoethanolamine**, when inhaled, is highly toxic.<sup>13</sup> It also irritating and corrosive to the skin.<sup>14</sup>

29. **Butane** causes blurring of vision, asphyxiation and narcosis.<sup>15</sup>

30. **Alcohol Ethoxylates/Alcohol Ethoxylates Mixtures** are surfactants, that are chemically synthesized via the reaction of a fatty alcohol and ethylene oxide. As a result of this manufacturing process, alcohol ethoxylates may be contaminated with measurable amounts of ethylene oxide and 1,4-dioxane, which are possible human carcinogens that can cause eye and skin irritation.<sup>16</sup>

31. **Diethanolamine** is on the Special Health Hazard Substance list because it is corrosive and can irritate the lungs, nose, and throat, causing shortness of breath and even pulmonary edema.<sup>17</sup>

32. **Dipropylene Glycol Monomethyl Ether** can irritate the eyes, nose, throat and skin. It can also cause headaches, dizziness, lightheadedness and passing out.<sup>18</sup>

33. **Sodium Metasilicate** is a very corrosive compound that can cause severe skin irritation and burns as well as eye damage and respiratory irritation.<sup>19</sup>

36. Labeling the Products as “Non-Toxic” when they contain any ingredients that can be harmful to humans, animals, and/or the environment is wholly misleading and deceptive.

37. By misleadingly and deceptively labeling the Products, as described herein, Defendant sought to take advantage of consumers’ desire for true non-toxic, safe cleaning products. Defendant has done so at the expense of unwitting consumers—many of whom seek to protect their household members and pets—and Defendant’s lawfully acting competitors, over whom Defendant has an unfair competitive advantage.

38. By using cheaper and harmful ingredients in lieu of natural, safe ingredients, on information and belief, Defendant reduced its manufacturing costs and increased its profits.

39. The “Non-Toxic” and “Earth Friendly” representations were and are material to reasonable consumers, including Plaintiff, in making purchasing decisions.

40. Plaintiff relied on Defendant’s misrepresentations, described herein, in making the

1 decision to purchase the Products.

2 41. At the time Plaintiff purchased the Products, Plaintiff did not know, and had no  
3 reason to know, that the Products' labeling and advertising were false, misleading, deceptive,  
4 and unlawful as set forth herein.

5 42. Defendant materially misled and failed to adequately inform reasonable  
6 consumers, including Plaintiff, that the Products contained ingredients that are harmful to  
7 humans, animals, and/or the environment.

8 43. Plaintiff would not have purchased the Products if he had known the truth.  
9 Accordingly, based on Defendant's material misrepresentations and omissions, reasonable  
10 consumers, including Plaintiff, purchased the Products to their detriment.

11 44. It is possible, however, that Plaintiff would purchase the Products in the future if  
12 they were properly labeled, and/or the ingredients complied with the labeling and advertising  
13 statements. Specifically, Plaintiff would consider purchasing the Products again if the Products  
14 only contained non-toxic ingredients, and no longer contained harmful ingredients.

### 15 **CLASS ACTION ALLEGATIONS**

16 45. Plaintiff brings this action as a class action pursuant to Federal Rules of Civil  
17 Procedure 23(b)(2) and 23(b)(3) on behalf of himself and all others similarly situated, and as  
18 members of the Classes defined as follows:

19 All residents of the United States who, within the applicable statute of limitations  
20 periods, purchased the Products ("Nationwide Class"); and

21 All residents of California who, within four years prior to the filing of this  
22 Complaint, purchased the Products ("California Subclass").

23 ("Nationwide Class" and "California Subclass," collectively, "Class").

24 46. Excluded from the Class are: (i) Defendant, its assigns, successors, and legal  
25 representatives; (ii) any entities in which Defendant has controlling interests; (iii) federal, state,  
26 and/or local governments, including, but not limited to, their departments, agencies, divisions,  
27 bureaus, boards, sections, groups, counsels, and/or subdivisions; (iv) all persons presently in  
28 bankruptcy proceedings or who obtained a bankruptcy discharge in the last three years; and (v)

any judicial officer presiding over this matter and person within the third degree of consanguinity to such judicial officer.

47. Plaintiff reserves the right to amend or otherwise alter the class definitions presented to the Court at the appropriate time in response to facts learned through discovery, legal arguments advanced by Defendant, or otherwise.

48. This action is properly maintainable as a class action pursuant to Federal Rule of Civil Procedure 23 for the reasons set forth below.

49. **Numerosity:** Members of the Class are so numerous that joinder of all members is impracticable. Upon information and belief, the Nationwide Class consists of tens of thousands of purchasers (if not more) dispersed throughout the United States, and the California Subclass likewise consists of thousands of purchasers (if not more) dispersed throughout the State of California. Accordingly, it would be impracticable to join all members of the Class before the Court.

50. **Common Questions Predominate:** There are numerous and substantial questions of law or fact common to all members of the Class that predominate over any individual issues. Included within the common questions of law or fact are:

- a. Whether Defendant engaged in unlawful, unfair or deceptive business practices by advertising and selling the Products;
- b. Whether Defendant's conduct of advertising and selling the Products as non-toxic and earth friendly when they are not constitutes an unfair method of competition, or unfair or deceptive act or practice, in violation of Civil Code section 1750, *et seq.*;
- c. Whether Defendant used deceptive representations in connection with the sale of the Products in violation of Civil Code section 1750, *et seq.*;
- d. Whether Defendant represented the Products have characteristics or quantities that they do not have in violation of Civil Code section 1750, *et seq.*;
- e. Whether Defendant advertised the Products with intent not to sell them as advertised in violation of Civil Code section 1750, *et seq.*;

- f. Whether Defendant's labeling and advertising of the Products are untrue or misleading in violation of Business and Professions Code section 17500, *et seq.*;
- g. Whether Defendant knew or by the exercise of reasonable care should have known its labeling and advertising was and is untrue or misleading in violation of Business and Professions Code section 17500, *et seq.*;
- h. Whether Defendant's conduct is an unfair business practice within the meaning of Business and Professions Code section 17200, *et seq.*;
- i. Whether Defendant's conduct is a fraudulent business practice within the meaning of Business and Professions Code section 17200, *et seq.*;
- j. Whether Defendant's conduct is an unlawful business practice within the meaning of Business and Professions Code section 17200, *et seq.*;
- k. Whether Defendant's advertising and labeling of the Products constitute misleading environmental marketing claims in violation of California Business and Professions Code Section 17580.5;
- l. Whether Plaintiff and the Class paid more money for the Products than they actually received;
- m. How much money Plaintiff and the Class paid for the Products than they actually received;
- n. Whether Defendant's conduct constitutes breach of express warranty;
- o. Whether Plaintiff and the Class are entitled to equitable and/or injunctive relief; and
- p. Whether Defendant was unjustly enriched by its unlawful conduct.

51. **Typicality:** Plaintiff's claims are typical of the claims of the Class Members he seeks to represent because Plaintiff, like the Class Members, purchased Defendant's misleading and deceptive Products. Defendant's unlawful, unfair and/or fraudulent actions concern the same business practices described herein irrespective of where they occurred or were experienced. Plaintiff and the Class sustained similar injuries arising out of Defendant's conduct. Plaintiff's and Class Members' claims arise from the same practices and course of conduct and are based on the same legal theories.

52. **Adequacy:** Plaintiff is an adequate representative of the Class he seeks to represent because his interests do not conflict with the interests of the Class Members Plaintiff seeks to represent. Plaintiff will fairly and adequately protect Class Members' interests and has retained counsel experienced and competent in the prosecution of complex class actions, including complex questions that arise in consumer protection litigation.

53. **Superiority and Substantial Benefit:** A class action is superior to other methods for the fair and efficient adjudication of this controversy, since individual joinder of all members of the Class is impracticable and no other group method of adjudication of all claims asserted herein is more efficient and manageable for at least the following reasons:

- a. The claims presented in this case predominate over any questions of law or fact, if any exist at all, affecting any individual member of the Class;
- b. Absent a Class, the members of the Class will continue to suffer damage and Defendant's unlawful conduct will continue without remedy while Defendant profits from and enjoys its ill-gotten gains;
- c. Given the size of individual Class Members' claims, few, if any, Class Members could afford to or would seek legal redress individually for the wrongs Defendant committed against them, and absent Class Members have no substantial interest in individually controlling the prosecution of individual actions;
- d. When the liability of Defendant has been adjudicated, claims of all members of the Class can be administered efficiently and/or determined uniformly by the Court; and
- e. This action presents no difficulty that would impede its management by the Court as a class action, which is the best available means by which Plaintiff and Class Members can seek redress for the harm caused to them by Defendant.

54. Because Plaintiff seeks relief for all members of the Class, the prosecution of separate actions by individual members would create a risk of inconsistent or varying adjudications with respect to individual members of the Class, which would establish incompatible standards of conduct for Defendant.

55. The prerequisites to maintaining a class action for injunctive or equitable relief pursuant to Fed. R. Civ. P. 23(b)(2) are met as Defendant has acted or refused to act on grounds generally applicable to the Class, thereby making appropriate final injunctive or equitable relief with respect to the Class as a whole.

56. Plaintiff and Plaintiff's counsel are unaware of any difficulties that are likely to be encountered in the management of this action that would preclude its maintenance as a class action.

### **COUNT ONE**

#### **Unfair and Unlawful Business Acts and Practices**

**(Business and Professions Code § 17200, *et seq.*)**

***(On Behalf of the California Subclass)***

57. Plaintiff re-alleges and incorporates by reference the allegations contained in the preceding paragraphs of this complaint, as though fully set forth herein.

58. This cause of action is brought pursuant to Business and Professions Code Section 17200, *et seq.*, on behalf of Plaintiff and a Class consisting of all persons residing in the State of California who purchased the Products for personal use and not for resale during the time period of four years prior to the filing of the complaint through the present.

59. Defendant, in its advertising and packaging of the Products, made false and misleading statements and fraudulent omissions regarding the quality and characteristics of the Products, specifically, labeling the Products "Non-Toxic" and "Earth Friendly" when they contain ingredients that are harmful to humans, animals, and/or the environment. Such claims and omissions appear on the label and packaging of the Products, which are sold at retail stores, point-of-purchase displays, as well as Defendant's official website, and other retailers' advertisements which have adopted Defendant's advertisements.

60. Defendant's labeling and advertising of the Products led and continue to lead reasonable consumers, including Plaintiff, to believe that the Products are non-toxic.

61. Defendant does not have any reasonable basis for the claims about the Products made in Defendant's advertising and on Defendant's packaging or label because the Products contain ingredients that are harmful to humans, animals, and the environment. Defendant knew and knows that the Products are not "non-toxic" or "earth friendly," though Defendant intentionally advertised and marketed the Products to deceive reasonable consumers into believing that Products were "non-toxic" and "earth friendly."

62. The misrepresentations by Defendant alleged above constitute unfair, unlawful, and

1 fraudulent business practices within the meaning of California Business and Professions Code  
2 Section 17200.

3 63. In addition, Defendant's use of various forms of advertising media to advertise, call  
4 attention to, or give publicity to the sale of goods or merchandise which are not as represented in  
5 any manner constitutes unfair competition, unfair, deceptive, untrue or misleading advertising, and  
6 an unlawful business practice within the meaning of Business and Professions Code Sections 17200  
7 and 17531, which advertisements have deceived and are likely to deceive the consuming public, in  
8 violation of Business and Professions Code Section 17200.

9 64. Defendant failed to avail itself of reasonably available, lawful alternatives to further  
10 its legitimate business interests.

11 65. All of the conduct alleged herein occurs and continues to occur in Defendant's  
12 business. Defendant's wrongful conduct is part of a pattern, practice and/or generalized course of  
13 conduct, which will continue on a daily basis until Defendant voluntarily alter its conduct or it is  
14 otherwise ordered to do so.

15 66. Pursuant to Business and Professions Code Sections 17203 and 17535, Plaintiff and  
16 the members of the Class seek an order of this Court enjoining Defendant from continuing to engage,  
17 use, or employ its practice of labeling and advertising the sale and use of the Products. Likewise,  
18 Plaintiff and the members of the Class seek an order requiring Defendant to disclose such  
19 misrepresentations, and to preclude Defendant's failure to disclose the existence and significance  
20 of said misrepresentations.

21 67. Plaintiff and the Class have suffered injury in fact and have lost money or property as  
22 a result of and in reliance upon Defendant's false representations.

23 68. Plaintiff and the Class would not have purchased the Products but for the  
24 representations by Defendant about the Products as being "non-toxic" and "earth friendly."

25 69. The UCL prohibits unfair competition and provides, in pertinent part, that "unfair  
26 competition shall mean and include unlawful, unfair or fraudulent business practices and unfair,  
27 deceptive, untrue or misleading advertising." Cal. Bus & Prof. Code § 17200.

28 ///

**A. “Unfair” Prong**

70. Under California’s Unfair Competition Law, Cal. Bus. & Prof. Code Section 17200, *et seq.*, a challenged activity is “unfair” when “any injury it causes outweighs any benefits provided to consumers and the injury is one that the consumers themselves could not reasonably avoid.” *Camacho v. Auto Club of Southern California*, 142 Cal. App. 4th 1394, 1403 (2006).

71. Defendant’s action of labeling the Products as “non-toxic” and “earth friendly” when they contain ingredients that are harmful to humans, animals, and the environment does not confer any benefit to consumers.

72. Defendant’s action of labeling the Products as “non-toxic” and “earth friendly” when they contain ingredients that are harmful to humans, animals, and/or the environment causes injuries to consumers, who do not receive products commensurate with their reasonable expectations.

73. Defendant’s action of labeling the Products as “non-toxic” and “earth friendly” when they contain ingredients that are harmful to humans, animals, and the environment causes injuries to consumers, who end up overpaying for the Products and receiving Products of lesser standards than what they reasonably expected to receive.

74. Consumers cannot avoid any of the injuries caused by Defendant’s deceptive labeling and advertising of the Products.

75. Accordingly, the injuries caused by Defendant’s deceptive labeling and advertising outweigh any benefits.

76. Some courts conduct a balancing test to decide if a challenged activity amounts to unfair conduct under California Business and Professions Code Section 17200. They “weigh the utility of the defendant’s conduct against the gravity of the harm to the alleged victim.” *Davis v. HSBC Bank Nevada, N.A.*, 691 F.3d 1152, 1169 (9th Cir. 2012).

77. Here, Defendant’s conduct of labeling the Products as “non-toxic” and “earth friendly” when they contain ingredients that are harmful to humans, animals, and the environment has no utility and financially harms purchasers. Thus, the utility of Defendant’s conduct is vastly outweighed by the gravity of harm.

78. Some courts require that “unfairness must be tethered to some legislative declared

1 policy or proof of some actual or threatened impact on competition.” *Lozano v. AT&T Wireless*  
 2 *Servs. Inc.*, 504 F. 3d 718, 735 (9th Cir. 2007).

3 79. Defendant’s labeling and advertising of the Products, as alleged in the preceding  
 4 paragraphs, is false, deceptive, misleading, and unreasonable, and constitutes unfair conduct.

5 80. Defendant knew or should have known of its unfair conduct.

6 81. As alleged in the preceding paragraphs, the misrepresentations by Defendant detailed  
 7 above constitute an unfair business practice within the meaning of California Business and  
 8 Professions Code Section 17200.

9 82. There existed reasonably available alternatives to further Defendant’s legitimate  
 10 business interests, other than the conduct described herein. Defendant could have refrained from  
 11 labeling the Products as “non-toxic” and “earth friendly.”

12 83. All of the conduct alleged herein occurs and continues to occur in Defendant’s  
 13 business. Defendant’s wrongful conduct is part of a pattern or generalized course of conduct  
 14 repeated on thousands of occasions daily.

15 84. Pursuant to Business and Professions Code Sections 17203, Plaintiff and the Class  
 16 seek an order of this Court enjoining Defendant from continuing to engage, use, or employ its  
 17 practice of labeling the Products as “non-toxic” and “earth friendly.”

18 85. Plaintiff and the Class have suffered injury in fact and have lost money as a result of  
 19 Defendant’s unfair conduct. Plaintiff and the Class paid an unwarranted premium for these Products.  
 20 Specifically, Plaintiff and the Class paid for Products that contained ingredients harmful to humans,  
 21 animals, and/or the environment. Plaintiff and the Class would not have purchased the Products, or  
 22 would have paid substantially less for the Products, if they had known that the Products’ advertising  
 23 and labeling were deceptive.

#### 24 **B. “Fraudulent” Prong**

25 86. California Business and Professions Code Section 17200, *et seq.*, considers conduct  
 26 fraudulent (and prohibits said conduct) if it is likely to deceive members of the public. *Bank of the*  
 27 *West v. Superior Court*, 2 Cal. 4th 1254, 1267 (1992).

28 87. Defendant’s conduct of labeling the Products as “non-toxic” and “earth friendly”

when they contain ingredients that are harmful to humans, animals, and/or the environment is likely to deceive members of the public.

88. Defendant's labeling and advertising of the Products, as alleged in the preceding paragraphs, is false, deceptive, misleading, and unreasonable, and constitutes fraudulent conduct.

89. Defendant knew or should have known of its fraudulent conduct.

90. As alleged in the preceding paragraphs, the misrepresentations by Defendant detailed above constitute a fraudulent business practice in violation of California Business & Professions Code Section 17200.

91. Defendant had reasonably available alternatives to further its legitimate business interests, other than the conduct described herein. Defendant could have refrained from labeling the Products as "Non-Toxic" and "Earth Friendly."

92. All of the conduct alleged herein occurs and continues to occur in Defendant's business. Defendant's wrongful conduct is part of a pattern or generalized course of conduct repeated on thousands of occasions daily.

93. Pursuant to Business and Professions Code Sections 17203, Plaintiff and the Class seek an order of this Court enjoining Defendant from continuing to engage, use, or employ their practice of labeling the Products as "Non-Toxic" and "Earth Friendly."

94. Plaintiff and the Class have suffered injury in fact and have lost money as a result of Defendant's fraudulent conduct. Plaintiff paid an unwarranted premium for the Products. Specifically, Plaintiff and the Class paid for products that they believed were non-toxic when, in fact, they contained harmful ingredients. Plaintiff and the Class would not have purchased the Products if they had known that they were not non-toxic or earth friendly.

### C. "Unlawful" Prong

95. California Business and Professions Code Section 17200, *et seq.*, identifies violations of other laws as "unlawful practices that the unfair competition law makes independently actionable." *Velazquez v. GMAC Mortg. Corp.*, 605 F. Supp. 2d 1049, 1068 (C.D. Cal. 2008).

96. Defendant's advertising of the Products, as alleged in the preceding paragraphs, violates California Civil Code Section 1750, *et seq.* and California Business and Professions Code

1 Section 17500, *et seq.*

2 97. Defendant's packaging, labeling, and advertising of the Products, as alleged in the  
3 preceding paragraphs, are false, deceptive, misleading, and unreasonable, and constitute unlawful  
4 conduct.

5 98. Defendant knew or should have known of its unlawful conduct.

6 99. As alleged in the preceding paragraphs, the misrepresentations by Defendant detailed  
7 above constitute an unlawful business practice within the meaning of California Business and  
8 Professions Code Section 17200.

9 100. Additionally, Defendant's misrepresentations constitute violations of California  
10 Business and Professions Code Section 17580.5, which provides that it is "unlawful for any person  
11 to make any untruthful, deceptive, or misleading environmental marketing claim, whether explicit  
12 or implied."

13 101. There were reasonably available alternatives to further Defendant's legitimate  
14 business interests other than the conduct described herein. Defendant could have refrained from  
15 omitting that the Products contained ingredients that are harmful to humans, animals, and the  
16 environment.

17 102. All of the conduct alleged herein occurred and continues to occur in Defendant's  
18 business. Defendant's wrongful conduct is part of a pattern or generalized course of conduct  
19 repeated on thousands of occasions daily.

20 103. Pursuant to Business and Professions Code Section 17203, Plaintiff and the Class seek  
21 an order of this Court enjoining Defendant from continuing to engage, use, or employ its practice  
22 of false and deceptive advertising of the Products.

23 104. Plaintiff and the Class have suffered injury in fact and have lost money as a result of  
24 Defendant's unlawful conduct. Plaintiff and the Class paid an unwarranted premium for the  
25 Products. Plaintiff and the Class would not have purchased the Products if they had known that  
26 Defendant purposely deceived consumers into believing that the Products are non-toxic, earth  
27 friendly cleaning products, thus creating the false impression that the Products do not contain  
28 harmful ingredients.

**COUNT TWO**

**Deceptive Advertising Practices**

**(California Business & Professions Code §§ 17500, *et seq.*)**

***(On Behalf of the California Subclass)***

105. Plaintiff re-alleges and incorporates by reference the allegations contained in the preceding paragraphs of this complaint, as though fully set forth herein.

106. Plaintiff brings this claim individually and on behalf of the California Subclass.

107. California Business & Professions Code § 17500 prohibits “unfair, deceptive, untrue or misleading advertising[.]”

108. Defendant violated § 17500 when it represented, through its false and misleading advertising and other express representations, that Defendant’s Products possessed characteristics and value that they did not actually have.

109. Defendant’s deceptive practices were specifically designed to induce reasonable consumers like Plaintiff to purchase the Products. Defendant’s uniform, material representations and omissions regarding the Products were likely to deceive, and Defendant knew or should have known that its uniform representations and omissions were untrue and misleading. Plaintiff purchased the Products in reliance on the representations made by Defendant, as alleged herein.

110. Plaintiff and members of the California Subclass have been directly and proximately injured by Defendant’s conduct in ways including, but not limited to, the monies paid to Defendant for the Products that lacked the characteristics advertised, interest lost on those monies, and consumers’ unwitting support of a business enterprise that promotes deception and undue greed to the detriment of consumers, such as Plaintiff and Subclass members.

111. The above acts of Defendant, in disseminating materially misleading and deceptive representations and statements throughout California to consumers, including Plaintiff and members of the California Subclass, were and are likely to deceive reasonable consumers in violation of § 17500.

112. In making and disseminating the statements alleged herein, Defendant knew or should have known that the statements were untrue or misleading, and acted in violation of § 17500.

113. Defendant continues to engage in unlawful, unfair and deceptive practices in violation of §17500.

114. As a direct and proximate result of Defendant's unlawful conduct in violation of § 17500, Plaintiff and members of the California Subclass, pursuant to § 17535, are entitled to an order of this Court enjoining such future wrongful conduct on the part of Defendant, and requiring Defendant to disclose the true nature of its misrepresentations.

### **COUNT THREE**

#### **Consumers Legal Remedies Act**

**(Cal. Civ. Code § 1750, *et seq.*)**

***(On Behalf of the California Subclass)***

115. Plaintiff re-alleges and incorporates by reference the allegations contained in the preceding paragraphs of this complaint, as though fully set forth herein.

116. Plaintiff brings this claim individually and on behalf of the California Subclass.

117. Plaintiff brings this action pursuant to California's Consumers Legal Remedies Act ("CLRA"), Cal. Civ. Code § 1750, *et seq.*

118. The CLRA provides that "unfair methods of competition and unfair or deceptive acts or practices undertaken by any person in a transaction intended to result or which results in the sale or lease of goods or services to any consumer are unlawful."

119. The Products are "goods," as defined by the CLRA in California Civil Code §1761(a).

120. Defendant is a "person," as defined by the CLRA in California Civil Code §1761(c).

121. Plaintiff and members of the California Subclass are "consumers," as defined by the CLRA in California Civil Code §1761(d).

122. Purchase of the Products by Plaintiff and members of the California Subclass are "transactions," as defined by the CLRA in California Civil Code §1761(e).

123. Defendant violated Section 1770(a)(5) by representing that the Products have "characteristics, . . . uses [or] benefits . . . which [they] do not have" in that the Products are falsely labeled and advertised as being, among other things, non-toxic and earth friendly. Defendant knew that consumers will often pay more for products with this attribute and have unfairly profited from

1 their false and misleading claims.

2 124. Similarly, Defendant violated section 1770(a)(7) by representing that the Products  
3 “are of a particular standard, quality, or grade . . . if they are of another” by falsely and deceptively  
4 labeling and advertising the Products as, among other things, non-toxic and earth friendly.

5 125. In addition, Defendant violated section 1770(a)(9) by advertising the Products “with  
6 intent not to sell them as advertised” in that the Products are falsely labeled and advertised as, among  
7 other things, being non-toxic and earth friendly.

8 126. Defendant’s uniform and material representations and omissions regarding the  
9 Products were likely to deceive, and Defendant knew or should have known that its representations  
10 and omissions were untrue and misleading.

11 127. Plaintiff and members of the California Subclass could not have reasonably avoided  
12 such injury. Plaintiff and members of the California Subclass were unaware of the existence of the  
13 facts that Defendant suppressed and failed to disclose; and Plaintiff and members of the California  
14 Subclass would not have purchased the Products and/or would have purchased them on different  
15 terms had they known the truth.

16 128. Plaintiff and members of the California Subclass have been directly and proximately  
17 injured by Defendant’s conduct. Such injury includes, but is not limited to, the purchase price of  
18 the Products and/or the price of the Products at the prices at which they were offered.

19 129. Given that Defendant’s conduct violated § 1770(a), Plaintiff and members of the  
20 California Subclass are entitled to seek and seek injunctive relief to put an end to Defendant’s  
21 violations of the CLRA.

22 130. Moreover, Defendant’s conduct is malicious, fraudulent, and wanton in that  
23 Defendant intentionally misled and withheld material information from consumers to increase the  
24 sale of the Products.

25 131. Concurrently with the filing of this Complaint, pursuant to California Civil Code §  
26 1782(a), Plaintiff on his own behalf, and on behalf of members of the California Subclass, is  
27 notifying Defendant of the alleged violations of the Consumers Legal Remedies Act. As such,  
28 Plaintiff will amend his Complaint to seek compensatory, monetary and punitive damages, in

1 addition to equitable and injunctive relief, and request that this Court enter such orders or judgments  
 2 as may be necessary to restore to any person in interest any money that may have been acquired by  
 3 means of such unfair business practices, and for such other relief as is provided in California Civil  
 4 Code § 1780 and in the Prayer for Relief.

5 132. Plaintiff further requests that the Court enjoin Defendant from continuing to employ  
 6 the unlawful methods, acts, and practices alleged herein pursuant to  
 7 § 1780(a)(2).

#### 8 **COUNT FOUR**

#### 9 **Breach of Express Warranty**

#### 10 ***(On Behalf of the Nationwide Class and California Subclass)***

11 133. Plaintiff re-alleges and incorporates by reference the allegations contained in the  
 12 preceding paragraphs of this complaint, as though fully set forth herein.

13 134. Plaintiff brings this claim individually and on behalf of the Nationwide Class and  
 14 California Subclass.

15 135. By advertising and selling the Products at issue, Defendant made promises and  
 16 affirmations of fact on the Products' packaging and labeling, and through its marketing and  
 17 advertising, as described herein. This labeling and advertising constitutes express warranties and  
 18 became part of the basis of the bargain between Plaintiff and members of the Class and Defendant.

19 136. Defendant purports, through the Products' labeling and advertising, to create express  
 20 warranties that the Products are, among other things, non-toxic and earth friendly.

21 137. Despite Defendant's express warranties about the nature of the Products, the Products  
 22 are not non-toxic or earth friendly, and the Products are, therefore, not what Defendant represented  
 23 them to be.

24 138. Accordingly, Defendant breached express warranties about the Products and their  
 25 qualities because the Products do not conform to Defendant's affirmations and promises.

26 139. As a direct and proximate result of Defendant's breach of express warranty, Plaintiff  
 27 and members of the Class were harmed in the amount of the purchase price they paid for the  
 28 Products.

**COUNT FIVE**

**Unjust Enrichment**

***(On Behalf of the Nationwide Class and California Subclass)***

140. Plaintiff repeats and re-alleges the allegations of the preceding paragraphs as if fully set forth herein.

141. Plaintiff brings this claim individually and on behalf of the Nationwide Class and California Subclass.

142. By purchasing the Products, Plaintiff and members of the Class conferred a benefit on Defendant in the form of the purchase price of the Products.

143. Defendant had knowledge of such benefit.

144. Defendant appreciated the benefit because, were consumers not to purchase the Products, Defendant would not generate revenue from the sales of the Products.

145. Defendant's acceptance and retention of the benefit is inequitable and unjust because the benefit was obtained by Defendant's fraudulent and misleading representations and omissions.

**PRAYER FOR RELIEF**

WHEREFORE, Plaintiff, individually and on behalf of all others similarly situated, prays for judgment against Defendant as follows:

- a. For an order declaring that Defendant's conduct violates the statutes and laws referenced herein;
- b. For an order requiring Defendant to immediately cease and desist from selling the unlawful Products in violation of law; enjoining Defendant from continuing to market, advertise, distribute, and sell the Products in the unlawful manner described herein; and ordering Defendant to engage in corrective action;
- c. For an order awarding attorneys' fees and costs;
- d. For an order awarding pre-and post-judgment interest; and
- e. For such other and further relief as the Court deems just and proper.

**DEMAND FOR JURY TRIAL**

## INSTRUCTIONS FOR ATTORNEYS COMPLETING CIVIL COVER SHEET FORM JS-CAND 44

**Authority For Civil Cover Sheet.** The JS-CAND 44 civil cover sheet and the information contained herein neither replaces nor supplements the filings and service of pleading or other papers as required by law, except as provided by local rules of court. This form, approved in its original form by the Judicial Conference of the United States in September 1974, is required for the Clerk of Court to initiate the civil docket sheet. Consequently, a civil cover sheet is submitted to the Clerk of Court for each civil complaint filed. The attorney filing a case should complete the form as follows:

- I. a) Plaintiffs-Defendants.** Enter names (last, first, middle initial) of plaintiff and defendant. If the plaintiff or defendant is a government agency, use only the full name or standard abbreviations. If the plaintiff or defendant is an official within a government agency, identify first the agency and then the official, giving both name and title.
  - b) County of Residence.** For each civil case filed, except U.S. plaintiff cases, enter the name of the county where the first listed plaintiff resides at the time of filing. In U.S. plaintiff cases, enter the name of the county in which the first listed defendant resides at the time of filing. (NOTE: In land condemnation cases, the county of residence of the “defendant” is the location of the tract of land involved.)
  - c) Attorneys.** Enter the firm name, address, telephone number, and attorney of record. If there are several attorneys, list them on an attachment, noting in this section “(see attachment).”
- II. Jurisdiction.** The basis of jurisdiction is set forth under Federal Rule of Civil Procedure 8(a), which requires that jurisdictions be shown in pleadings. Place an “X” in one of the boxes. If there is more than one basis of jurisdiction, precedence is given in the order shown below.
- (1) United States plaintiff. Jurisdiction based on 28 USC §§ 1345 and 1348. Suits by agencies and officers of the United States are included here.
  - (2) United States defendant. When the plaintiff is suing the United States, its officers or agencies, place an “X” in this box.
  - (3) Federal question. This refers to suits under 28 USC § 1331, where jurisdiction arises under the Constitution of the United States, an amendment to the Constitution, an act of Congress or a treaty of the United States. In cases where the U.S. is a party, the U.S. plaintiff or defendant code takes precedence, and box 1 or 2 should be marked.
  - (4) Diversity of citizenship. This refers to suits under 28 USC § 1332, where parties are citizens of different states. When Box 4 is checked, the citizenship of the different parties must be checked. (See Section III below; **NOTE: federal question actions take precedence over diversity cases.**)
- III. Residence (citizenship) of Principal Parties.** This section of the JS-CAND 44 is to be completed if diversity of citizenship was indicated above. Mark this section for each principal party.
- IV. Nature of Suit.** Place an “X” in the appropriate box. If the nature of suit cannot be determined, be sure the cause of action, in Section VI below, is sufficient to enable the deputy clerk or the statistical clerk(s) in the Administrative Office to determine the nature of suit. If the cause fits more than one nature of suit, select the most definitive.
- V. Origin.** Place an “X” in one of the six boxes.
- (1) Original Proceedings. Cases originating in the United States district courts.
  - (2) Removed from State Court. Proceedings initiated in state courts may be removed to the district courts under Title 28 USC § 1441. When the petition for removal is granted, check this box.
  - (3) Remanded from Appellate Court. Check this box for cases remanded to the district court for further action. Use the date of remand as the filing date.
  - (4) Reinstated or Reopened. Check this box for cases reinstated or reopened in the district court. Use the reopening date as the filing date.
  - (5) Transferred from Another District. For cases transferred under Title 28 USC § 1404(a). Do not use this for within district transfers or multidistrict litigation transfers.
  - (6) Multidistrict Litigation Transfer. Check this box when a multidistrict case is transferred into the district under authority of Title 28 USC § 1407. When this box is checked, do not check (5) above.
  - (8) Multidistrict Litigation Direct File. Check this box when a multidistrict litigation case is filed in the same district as the Master MDL docket. Please note that there is no Origin Code 7. Origin Code 7 was used for historical records and is no longer relevant due to changes in statute.
- VI. Cause of Action.** Report the civil statute directly related to the cause of action and give a brief description of the cause. **Do not cite jurisdictional statutes unless diversity.** Example: U.S. Civil Statute: 47 USC § 553. Brief Description: Unauthorized reception of cable service.
- VII. Requested in Complaint.** Class Action. Place an “X” in this box if you are filing a class action under Federal Rule of Civil Procedure 23. Demand. In this space enter the actual dollar amount being demanded or indicate other demand, such as a preliminary injunction. Jury Demand. Check the appropriate box to indicate whether or not a jury is being demanded.
- VIII. Related Cases.** This section of the JS-CAND 44 is used to identify related pending cases, if any. If there are related pending cases, insert the docket numbers and the corresponding judge names for such cases.
- IX. Divisional Assignment.** If the Nature of Suit is under Property Rights or Prisoner Petitions or the matter is a Securities Class Action, leave this section blank. For all other cases, identify the divisional venue according to Civil Local Rule 3-2: “the county in which a substantial part of the events or omissions which give rise to the claim occurred or in which a substantial part of the property that is the subject of the action is situated.”
- Date and Attorney Signature.** Date and sign the civil cover sheet.
