darriannnn "this business works if you do"

this is what I've heard for 2 1/2 years and honestly I haven't always believed it. Life is hard and ya know I don't wanna be "the sales girl". But YALL this is so much more than lipsticks... This business helps me spread the word of God, empowers women, allows me to love on women who need loved on a little, provide an opportunity to people who need it for the long haul or for that season of their life. I've had times in this business where I got caught up because I truly gave up too quickly. When in reality the goal I missed could've been hit by double the next month if I would have kept pushing.

I worked 12 hours this week, made half of my sales bc in MK you buy it for \$1 & sell it for \$2 simply by
