led me here.

Honestly I don't have many words because this seems unreal. Not 1 free car provided by MK but now 2. Where I signed my name once & got handed the keys to a brand new , 2021 car with 5 miles on it 🥳

what even?! here's my spill to get uncomfortable & do something you've been afraid to do before this year ends. God has been so so so good to me. I don't even deserve this & he continues to bless me. Thank you to my support system, friends, family, MK pals, my amazing unit & of course my customers who have been there since day 1. I can't thank you all

Go do something that seems a "lil crazy" - who knows , you might wind up in a brand new car or somethin' ... I did 🤔
