#### About Stansberry Gold & Silver Investor

*Stansberry Gold & Silver Investor* may be some of the most important research we've ever published...

Porter Stansberry attended a private dinner with a powerful figure in U.S. politics and finance who convinced him we're about to watch the world's system of paper money completely unravel... As this crisis unfolds, our government will have only one tool to re-establish financial order — gold.

As a result of that meeting... We devised a strategy for subscribers to not only protect themselves, but actually prosper during the impending crisis. The result is *Stansberry Gold & Silver Investor*, a research service designed to help readers prepare for a bull mania in gold.

Our team will update you on the latest events in the precious metals and currency markets. And they will share insights from the industry's top executives and investors. Following the recommendations in *Stansberry Gold & Silver Investor* may be the most important decision you ever make with your personal finances.

"Thank you so much for the Stansberry Gold and Silver Investor service. Overall to date I am up 33.28% in gold, silver, and platinum stock plus I have 10 oz. of physical gold and 300 oz. of physical silver in my possession. Thanks to you I am at peace with whatever deal legislative policy our government adopts to handcuff its citizens."

#### About The Editor

Bill Shaw is the editor of *Commodity Supercycles* and *Stansberry's Gold & Silver Investor*.

Since joining Stansberry Research in 2015, Bill has been traveling the globe searching for the best investment ideas in the commodities and natural resource space.

With *Commodity Supercycles*, Bill and his team analyze a broad range of sectors including oil & gas, base and precious metals, and agriculture equities. He looks at macro-economic indicators to determine the next winners in this highly cyclical space. As editor of *Stansberry Gold & Silver Investor*, Bill shows his readers how to hedge their portfolios by placing a portion of their investible capital into gold bullion and precious metals stocks. Thus, giving his readers insurance in case of a financial crisis.

Before joining Stansberry Research, Bill earned a Bachelor of Science degree from Penn State University in Environmental Resource Management. He spent more than a decade in various land development management roles for residential homebuilders — obtaining permits and designing and constructing new communities. At one point he managed a \$100 million portfolio of land assets. Bill enjoys spending his free time outdoors.

Bill is also a regular contributing analyst for our flagship publication, *Stansberry's Investment Advisory*.
