alexanderkopacz  For everyones info that isn't from South Western Ontario, we just made it in time for a white Christmas. ❄️ For some (most) this is a curse, because we are literally buried... 🏔️ However, this does not mean we have to let our health habits slip! If you're wondering what to start your new year with , look no further than the Usana My health Pak! Why risk 2021 being as bad as 2020 🤖? We need every advantage, every hundredth of a second to punch this new year in the face! 🙌😭😂🎉 Merry Christmas ya filthy animals... And a happy new year ! (Home alone).  
.  
Ps...my fav movie is the Santa clause....change my mind!
