Therapeutic Gel

Testimonials point to the relief given to assist with arthritis pain, muscle aches, fatigue, fibromyalgia, migraines and sinus pain. Apply after a hot shower or bath on dry skin to allow the gel to penetrate into the skin for faster pain relieving action. Works as a strong treatment team when paired with the Healing Bath Salts and Aromatic Spa Wrap. (8.5 oz.)

Massage Gel Ritual

I was diagnosed with Fibromyalgia about 8 years ago. About 6 weeks ago a relative sent me one bottle of the Massage Gel. I have used it one or more times a day ever since. I can't believe how comforting it is on my chest, neck, shoulders and forehead. My sinuses open and my headache lifts almost immediately. This is my most anticipated bed-time ritual.

Massage Gel difference

My husband became ill just over 2 years ago. One of the many side effects of his illness is severe muscle stiffness. Muscle relaxants and pain medication do nothing to provide any relief. The Therapeutic Healing Gel is the only product that has ever eased the tension and discomfort. The fact that it is all natural enables us to use it as often as we need without any negative side affects to the skin. Thanks for being there and making a difference in our lives!

Such comfort!

Several years ago I brought my Mother a bottle of therapeutic gel to try, along with the spa wraps for her hands. She has used the gel ever since and says she cannot live without it.
