HERE'S WHY YOU SHOULD JOIN CHALK COUTURE WITH ME

So this past week was our annual Chalk Couture Chalk Convention, or Chalk Con. It was certainly different this year, being virtual, but it was still so exciting to witness all the fantastic goals that were met, and exceeded.

If you think you might want to join Chalk Couture, I have some important information for you to browse before making your final decision. If you're not, I'm here to tell you why you should consider becoming a Chalk Couture Designer with me on my team, the Crafty Chalkers.

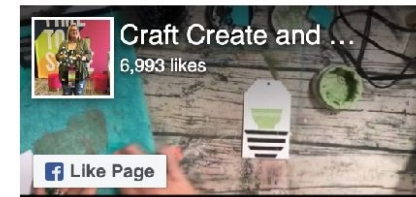

GROUND FLOOR OPPORTUNITY WITH A STRONG, GROWING COMPANY.

Chalk Couture is still a growing and expanding company, having just started up in 9 provinces of Canada. The market is far from saturated, only on year 3 of existence and still so much room for growth. Now is the time to join Chalk Couture.

BRAND NEW DESIGNER KIT

Jump on the Chalk Couture Train now and you'll start with fresh new products! The new Designer Kit was recently released and it's chock full of chalky goodness and tools you need to get started on your chalk journey.

While my results may not be typical, I was able to leave my banking career and make Chalk Couture my full time business in about a year's time.
