BREAD.... Money is like shit, keep it in 1 place it's gunna stink up and mold, spread it around the field like fertilizer and watch everything GROW!! Too many people try and be cheap with their biz that's why they get paid cheap.... Billionaires lose MILLIONS to become billionaires... Millionaires lose THOUSANDS to become millionaires... But broke ass people wanna lose NOTHING to become rich..... MMMMMMMMM.....

There's a reason why Drake made 84 million off ONE tour in 2018 nearly triple what he did off streams.... Tip is to stay on tour and stay on road... Obviously the past year has changed everything and forced a lot of us to build online and rely more on social media but get comfortable being UNCOMFORTABLE.... Friends and family won't understand most times.... 1st they laugh, then they hate, then they tell everyone about how they were

There's a time and place for everything it's ok to have fun, but most people out here celebrating failure and living check to check.... It's alright family.... They gunna laugh at your "little business" until your "little Mlm/forex/e-commerce/marketing agency/Realestate/crypto thingy" makes more in a month then what they make a year..... Keep fckin pushing... 🌟💣💬📢

You gotta be willing to give up to go up ladies and gentlemen it will NOT be easy, but I promise it'll be worth it.... A lot of people wanna make 6 figures but won't even invest 2 figures into themselves it's FASCINATING I TELL YA.... 99.8% of people out there celebrate Christmas, Mother's Day, Birthdays ONCE, ONCE a year.... But if you're willing to sacrifice right now the short term pleasure for long term happiness, 3-5 years concentrated focus... Fuck all that noise the clubs, the scene, hanging with your homies smoking playing video games going out being cool naaaaaa what's fckin cool is retiring your parents and being able to pack a bag and go wherever you want how you want with who you want when you want doing WHAT you want.... Life on YOUR terms... If you don't sacrifice the shit you like doing now, eventually what you luv will become the sacrifice..... You can then live everyday like a bday or Mother's Day.... 🤞💿🍷🎀🏠🙏

Don't let the fear of investing 50k this year hold you back from making 50k a month family.... If I could go back and tell myself one thing it would be to dream WAY bigger.... And then when you finally get "it".... Work 111x harder than you did getting "it"..... Just a thought..... Dream big kid, God has big plans in store for ya..... 🙏
