Description

Initial Outfitters provides an amazing business opportunity for women like you to earn extra income or a full time career on your own schedule. You and your customers will love our beautiful line of personalized jewelry, accessories, and home decor. Our monogrammed jewelry and gifts are unlike any other you will find, with something for everyone at very giftable prices. We keep it easy by providing online training, your own website, support from our home office staff, and a mentor like you to help you each step of the way. You will quickly begin making money with your own business with a startup kit as low as \$99. With our generous hostess plan your friends can easily earn over \$150 in free jewelry and other benefits just for hosting a party in their home. Earn rewards, recognition for achievement, free vacations, and cash bonuses, all while making new friends. We have one of the highest party sales averages in the industry (approx. \$700) which makes earning \$50 per hour very common. You work on your schedule and there are no minimums. There are no long sales talks to memorize. We will provide the support you need to reach your financial goals whether that is to pay bills, save for a child's education, etc. As we say you can "Make a Living that Makes a Difference"--both in your life and in empowering other women to do the same. Initial Outfitters also provides you with an outlet to make a difference in the lives of children around the world through the sale of our embroidered lunchboxes and backpacks. All our corporate profits from these items are donated to charities that feed and educate impoverished children. Over 1,000,000 lunches have been provided through this team effort and we have even built a school. We hope that you will embrace the possibilities of your own Initial Outfitters business and contact us or your local IO consultant today! For more info: info@initialoutfitters.com or call 334-887-1856 By web: www.initialoutfitters.com
