How to Make Serious Money- *Quick*-Selling It Works Body Wraps

So maybe you're considering selling **It Works body wraps**, especially with the \$99 start up special, but you're wondering how you can make some quick money. It's easy, because It Works, maker of the Ultimate Body Applicator, wants you to get launched and making money as quickly as possible.

In the [previous blog entry](#), we discussed the \$99 deal that's running now. Those first wraps will get you started and you'll recoup the money, so it's like starting a wrap business for free.

So what's next?

I always advise people to buy as many wraps as they can afford when starting. You can NOT buy enough! [ItWorks](#) independent distributors pay the same for their boxes of [Ultimate Body Applicators](#) that loyal customers do. That is, \$60 a box, or \$15 per wrap. At

distributors pay the same for their boxes of *Ultimate Body Applicators* that loyal customers do. That is, \$60 a box, or \$15 per wrap. At wrap parties, you turn around and sell these for \$25 a wrap for trial purposes. At the very least, I say buy two extra boxes. (But believe me, you'll shortly be buying more wishing you'd save the shipping expenses. I'll say it again, BUY AS MANY AS YOU CAN.)

But for purposes of this article, let's say you bought two boxes. Congratulations! You just made \$80 on top of the \$100 that paid for your start-up kit. But let's keep it going.

Every time you sign up two loyal customers, you earn the right to buy a box of It Works body wraps for \$25. Remember, there are four wraps per box, so that's a 75% profit margin. Sell these wraps, and now you're at a net profit of \$255 total.

But we're not done.

Get two more loyal customers within your first 30 days, and you get \$120 in free product. You. Must. Resist. The. Urge. To. Buy. Yourself. Something. I know it's hard! But if you choose two more boxes of wraps, that \$120 in free product becomes \$200 pure profit. (And then you can do whatever you want with that \$200.)

So we're at \$455 after expenses. But in getting the two more loyal customers (for a total of four loyal customers), you've also earned the right to get another box of Ultimate Body Applicators for \$25. So that's another \$75 in profit for now a total of \$530 (plus, you've already made back the \$118 you put up for the initial boxes of wraps).

But we're not done! the enthusiasm for these slimming body wraps is infectious. You know somebody else looking for an opportunity to make some money. I just know you do. So a friend tries the wraps, loses 2-3 inches and is IN. You repeat the steps above with her/him. And when they gets their very **first two loyal customers** (*remember, their aiming for four*), you get a \$100 cash bonus. CASH.

As the top producer in our organization says, "cash is king!" You'll get all that cash from wrapping people, and you'll get a \$100 bonus check for your friends first two loyal customers. We teach you to get three new distributors in your first month. That's \$100 each time they get their first two loyals.

Plus, you'll make commission on what your loyal customers order. I'll conservatively estimate this at \$200 (it can be more if your business goes gang-busters).

So congratulations again! You've just made **\$1,030** in net profit, all off of *three paid boxes of body wraps* and a great attitude. And there's so much more in an incentives as you grow your business. This is just the first month!

So who's in? [SEND ME AN EMAIL](#) if you're interested. Let's help people get their sexy back!
