matt.rudd do you have a vision for your life? where do you see yourself in 5 years?!

most of us don't look that far ahead — we are focused on today, next week, surviving.. getting to that next paycheck

society has conditioned us that 40 hours / week for someone else is the only way

2 weeks of vacation a year (if you're lucky)

&& just enough to get by is "normal"

when i found the way out of that

when i found the way out of that lifestyle — i JUMPED.. call me crazy but it wasn't for me

if you've been watching my journey you know i haven't clocked in in over a year , i've earned 3 free all-inclusive trips & a luxury car bonus from my online health & wellness company i promote

but i'm not stopping here , i have people i'm helping do the same thing — i have a BIG vision for my life && i won't settle for anything less

the things on this vision board? they'll be crossed off in 2022 🙌 without a shadow of a doubt

i know where i'm going && i know how to get there

the question is — do you have a way to get to your vision?! are you willing to do what it takes to get there.. where do you wanna be in 5 years?!

you don't have to quit your 9-5.. you don't have to want to be a millionaire to join this industry — but think about how much an extra weekly paycheck could impact your life

how would it impact your life to have your car payment covered every month from your "side biz" or 3 all inclusive trips every year that you don't have to pay for?!
