About Us

Lifebrook is the leading purveyor of wellness products based on aronia, a superfruit native to the United States that is higher in antioxidants than any other known food.

Discover the Power of Purple! Super charge your body with the powerful Anti-oxidant rich Aronia Berry!

How We Got Started

Lifebrook was launched in 2017 to bring the benefits of aronia to as many people as possible. This remarkable superfruit has been scientifically studied for 15 years, and has been established to deliver more antioxidants than noni, mangosteen, blueberry, cranberry and over 250 other superfoods.

In addition, it has been shown to benefit almost every major organ and system in the human body, including the vascular system, the digestive system, the immune system, the liver; the skin, the eyes, and the brain. We are aligned with the many small farmers who grow aronia in the United States: supporting these growers is an important part of the company's mission.

We use the network marketing model to enable everyday people to participate in the company's prosperity. Independent Lifebrook Advocates earn generous commissions from sharing the products with others. By inviting others to join their business, they can earn further overrides and develop a home-based business.

Our Answers

Who is selling a product that is good for arthritis?

Katie from Lifebrook - The Aronia Company Answered this on June 05, 2018

Hi Tewanda, We are Lifebrook sell 3 products based around the super fruit, the aronia berry. The aronia berry is a super fruit native to the United States and is making its come back! Our products are true farm to table! We source all our berries from farmers in the US, through our partnership with National Aronia Growers. Our signature product, Puronia, contains pure aronia berry juice in a proprietary formulation for whole body health, consume just 1.75 ounces two times a day! We do have users who have given testimonials on how it has improved their joint health, not only that, you may see yourself having more energy, stronger immune system, clearer thinking, improved digestion and more while taking Puronia daily. If you want to read more about the science behind aronia, you can visit us at www.lifebrook.com/lifebrook/ar... or if you want to read directly about joint health go to www.lifebrook.com/life... If you have any questions about what we offer, please let me know if I can be of assistance. You can also explore our website at www.lifebrook.com/lifebrook/ wish you the best of luck and hope you find what you are looking for!

Whats the best way to get your business opportunity out there when you have no money to budget for advertising?

Katie from Lifebrook - The Aronia Company Answered this on March 02, 2018

Use of social media is a great start, but to make it not so time consuming use services like Hootsuite, where you can schedule out posts to all your social media services days in advance. Create a marketing strategy and follow it. Get to that point where you know a month in advance of what all your posts, live videos, webinars will be about. The more you are engaged with prospects, your customers, teams or directly to the field the better. Also if you are on a small budget you can also look into services like Promo by Slidely. You can create video advertisements for your website and social media, they can be quick as 15 seconds or even long. It does cost, but they do have where you can create a free account and create the videos to see what they look like before you buy/subscribe. I would also agree, network, network, network! Word of mouth is huge!
