### The Limbic Arc Affiliate Opportunity

We at Limbic Arc are dedicated to providing you with the most robust and fair compensation plan in the industry! Many companies talk about paying out up to 60% or 65% in their literature. However, when the dust settles, with breakage, and commissionable value (CV) assigned to their sales volume, few of those companies ever pay out over 40% to the field.

This is where Limbic Arc shines. We have developed a compensation plan that pays out a full 50% of every gross dollar that comes in each week - with absolutely no breakage designed in for the company! No smoke and mirrors; we show you exactly where every penny is going. What could be more fair and transparent than that?

We trust that you will enjoy being a valued customer/affiliate with Limbic Arc. If you choose to build a home-based business with us, we are confident that you will find that we have provided you with a compensation plan that will allow you to reach all your goals.
