Why Start a CBD Business Online?

The CBD industry is a fast emerging niche market and HempWorx is the leader of the pack! Forbes predicted by 2020 that it would be a \$7 billion dollar industry! It appears CBD could far exceed that figure. So there's one good reason! It's going to be a massive market segment... and it's a niche.. it's unique... it's not weight loss, skin care or any of those other highly competitive biz ops.

Secondly, it's ready to go the minute you sign up! When you join, you get a turnkey business! **Beautiful websites** and funnels all ready for you to send out to the world! An incredible back office with resources, training, reports and so much more!

Thirdly, you get mentoring. We have an amazing online Facebook support forum. We have a team website that tells you how to get started and gives you the actual tools to start immediately growing your business! When you join my team, I will be available to you and will give you a one on one orientation to get you going in the right direction. **Working from home** is truly awesome!

Why Join Me?

I am a seasoned MLM / Affiliate leader with lots of experience and a proven successful track record. When I joined my first company, I became the top sponsor in the world within 9 months and a 6 figure earner within 6 months. I was also the top sales person in my country and earned many awards. My second company also had me earning 6 figures within my first year and there I earned multiple awards as well. I take this business seriously and I do it full time. It's my career now. It's replaced my previous full time job and I love it! I love the freedom working from home gives me... though my cat drives me nuts sometimes when I'm trying to work!

After gaining so much experience, I made sure I joined the RIGHT team! The upline support for this team is HUGE and that really is extremely important. We work together for the good of all. We cheer you on and make sure you have the right tools to help you be successful too. That being said, it is ultimately up to you to take the tools and training and execute. I will do my best to make sure you can find the information you need and coach you along.
