Product Description

Have a sweet tooth? A carb craving? It's okay to indulge every once in a while when you have Advanced Formula Fat Fighter with Carb Inhibitors! Simply take Fat Fighter up to an hour after eating, and it will absorb some of the fat and carbohydrates from your food so that your body doesn't. Powered by NeOpuntia (a naturally based ingredient made from the "prickly pear" cactus) and the It Works! proprietary blend, Advanced Formula Fat Fighter delivers dynamic, clinically tested results for both men and women. How does Fat Fighter Work? Fat Fighter's active ingredient, NeOpuntia, is derived from the prickly pear cactus, and it is the most powerful, gluten-free, kosher, and vegetarian fat-binding ingredient on the market today. Its natural fibers have lipophilic properties, binding to the fat from your foods in the stomach. As a result, some of the fat from your foods is not absorbed by the body, but

rather excreted from your system naturally. Fat Fighter also contains phaseolamin, a white kidney bean extract that acts as a carb inhibitor. The white kidney bean extract paralyzes the enzyme in your stomach that turns the starch from carbs into sugar during the digestive process. This prevents the body from absorbing some of those carbohydrates, and they are excreted naturally. When is the best time to take Fat Fighter? One to two Fat Fighters should be taken 15 minutes to 1 hour after eating your two largest meals of the day or after snacks with a higher fat content. Maximum of 4 Fat fighters per day. Can I take Fat Fighter before I eat? No, Fat Fighter is designed to be taken after a meal (or snack) to be able to bind to a portion of the ingested fat as it starts to break down in the stomach.

Question: I ordered this bearily recieved it today but the bottle looks different it says formula ff instead of what the bottle in the picture says? somebody hel

Answer: They are the same product from the same manufacturer, but the Advanced FFF is more enhanced than FFF. In general, they both have the same purpose.

Question: Should this be used with the themofight x?

Answer: It is not recommended per "It works", I am quoting from "It works" website: Can I take Advanced Formula Fat Fighter with other supplements or medications? Because of its blinding properties, Fat Fighter should not be taken at the same time as other supplements or medications. Allow one to two hours to pass between taki... [see more](#)

★★★★★ **Reduces the appetite!**

Reviewed in the United States on June 25, 2019

I have tried many weight loss supplements and formulas without success. I am half way through the bottle and so far fell that my appetite is less. It has some heat effect because it results in a excessive sweating shortly after taking the 2-pills doze. Unfortunately, it gives me acid reflux. I am determined to continue using it for a total of 3 bottles to determine how well it works for me.

I have used this product for years and love it! Any time that I am going out to a dinner where I know I may overindulge, for example, pizza or pasta or something with a lot of carbs and fat, I will take two of these right after the meal and not feel as guilty! Helps eliminate those extra carbs and the evidence is clear the next morning, LOL.
