Thank you to you all for sharing such inspiration and your personal memories of the most amazing man Rex Maughan at such a difficult time. I am so grateful for the huge difference that Rex and Forever made in my life. So many wonderful memories, I remember sitting having a meal with my husband in cancum and Rex and Nevaz came in the restaurant and could have just gone and sat down at a table but they walked round to talk to us and see if we were having a great time . RIP Rex and sending much love to you all. This is a void that can never be filled but our memories and inspiration to go forward sharing his legacy will live on Forever xx💎
