chloe_viesins @juiceplus_us is clinically researched in universities around the world. There has been 41 individual studies conducted by researchers at leading hospitals and universities around the world and it's published in peer reviewed scientific journals. It's proven to help Heart health, Immune health, Inflammation, Oxidative stress, Lung health, Skin health, Gut health, Weight management and so much more! I don't know about you but I want to know exactly what I'm putting in my body and what it's doing for my health and this research shows it! I've read it, I've seen what's it's done for myself, family and friends and want to share
