Supreme Court Washington Dc

stardust In light of the recent news about Roe v. Wade, we want to make our commitment clear to you.

We are a women-owned app founded on a belief in freedom of choice and freedom of privacy.

We do not sell data.

We have never sold data.

We will never sell data.

We have encrypted your information to ensure that no governments or companies will ever access data that belongs to you and you alone. It will stay this way forever.
