Y'all this is just a small fraction of what this little yellow strip 🟡 has done for me. In just a 30 day period everything has changed for me. I couldn't sleep 😩 and it was definitely causing me some major mood issues. I can't tell you how amazing it is to finally after years of horrible sleep patterns to finally sleep a full 7-8 hrs!! When I wake up I am so surprised because I have always woke up every 1-2 hrs and never get a solid 7-8hrs of sleep. But this strip has 100% changed that

But this strip has 100% changed that for me. And because of that I have more energy, and wake up ready for my day, rather than dreading the day. Plus the energy I have with my kids has changed completely, and the calming effect gives me the patience for them when they drive me crazy! 😂😂

Who needs a 5 day experience pack? Or better yet who is ready to place a full order and get a 30 day experience? I promise 5 days won't feel like enough. DM me or drop a ❤️ below!
