melaninbanc Wow, it's been 4 months since starting my hair growth journey w/ [@nutrafol](#) & I don't regret a thing!

If you've been keeping track of my progress then you've prob noticed how much healthier my hair has been, especially the last 2 months. Honestly, my hair hasn't been this healthy since before 2019! It feels physically stronger & so much fuller. I've experienced way less shedding than normal & overall, seen a massive difference in the health of my nails. I really can't recommend [@nutrafol](#) enough!

Ofc, I'll be continuing this journey
