silvergypsychick Looking for healthy hair? It all begins with a healthy scalp.

Did you know there is a scalp microbiome?

It is a shield to protect the scalp from everything unhealthy... Pollution, toxins, chemicals, dirt etc. A healthy balanced scalp promotes healthy glorious hair.

These @nutrafol Products bring it!

- ✨ purifying shampoo
 - ✨ build up blocking exfoliator
 - ✨ stress relieving essence
- (All gentle, natural, drug free)

I have been a Nutrafol devotee for three years...and counting!
