Hair Growth Kit for visible results in as little as 3 months. Shop Now.

We put our hair wellness innovations to the test.

Many supplements are never clinically tested for efficacy. Are you ok with that? Neither are we.

Clinical studies show that Nutrafol works.

Two Menopause Studies Women's Trial Men's & Women's Ethnic Hair Study

Our Service

Women's Trial

After a 6-month clinical trial, the blinded evaluating dermatologist counted more vellus (baby) hairs and more terminal (longer, thicker) hairs in women taking Nutrafol compared to the placebo group.1

Women also reported major improvements:

80% 80% SAW THICKER HAIR.1 SAW BETTER HAIR

73%

SAW IMPROVED GROWTH RATE.1

Women's Trial

Two Menopause Studies

Men's & Women's Ethnic Hair Study

Two Menopause Studies

Our groundbreaking menopause trial is the first supplement study ever conducted for peri- and postmenopausal women. After a 6-month clinical trial, women with self-perceived thinning hair taking Nutrafol Women's Balance daily were reported by the evaluating dermatologist to have more vellus (baby) hairs and more terminal (longer, thicker) hairs with less shedding compared to the placebo group.²

In our observational study, women reported:

100%

76%

80%

SHOWED VISIBLE IMPROVEMENT IN HAIR GROWTH AFTER 9 MONTHS.3

SAW THICKER HAIR AFTER 6 MONTHS.3 SAW LESS SHEDDING AFTER 3 MONTHS.3
