Section dry or damp hair with the dropper tip.
- 2

Apply serum to scalp, using enough to lightly cover the areas of concern.
- 3

Massage with fingertips. Do not rinse.

#### RECOMMENDED USAGE

—

Once daily, and with a meal, take 4 capsules of your Nutraceutical—an efficacious dosage that contributes to visible results in 3-6 months. Tear open the Nutraceutical refill pouch and pour the contents into the reusable jar once empty.

Apply Growth Activator Hair Serum directly to your scalp, once daily, while sectioning hair with the dropper tip. Use enough serum to lightly cover the areas of concern. Massage with fingertips. Do not rinse.

## WHAT IS HAPPENING

All-over hair thinning, more visible scalp, and excess shedding are a result of underlying imbalances in the body, plus external factors that strain the scalp.

2

## THE SCIENCE

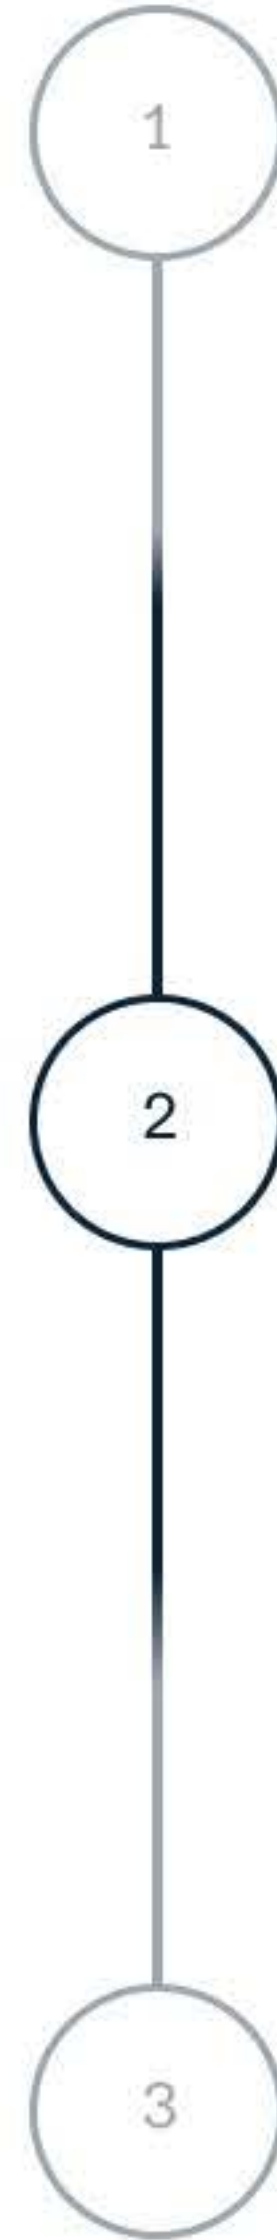

All-over hair thinning is triggered by hormonal imbalances, nutrient deficiencies, stress, aging, lifestyle habits, and metabolism—all of which can shorten the hair growth phase, delay new growth, and cause new hair to grow thinner. External aggressors further compromise the integrity of your scalp causing a poor environment for hair growth.

3

## HOW WE TARGET IT

Our advanced, drug-free technologies address all-over hair thinning from both the inside and out. The medical-grade ingredients in our clinically effective Nutraceuticals work from within to target 6 root causes that can trigger hair thinning—while the Ashwagandha Exosomes in Growth Activator Hair Serum boost cell renewal directly at the scalp. The result? Visibly thicker, stronger hair growth with more scalp coverage.

NUTRAFOL MEN'S HAIR GROWTH  
NUTRACEUTICAL

## MULTI-TARGETED

While many hair growth solutions target just one cause of thinning, our Men's Hair Growth Nutraceutical addresses multiple internal imbalances that affect hair health.

NUTRAFOL MEN'S HAIR GROWTH  
NUTRACEUTICAL

## STANDARDIZED + MEDICAL-GRADE

We extract our ingredients from the most concentrated, potent parts of each plant—and ensure you get the same amount of active phytonutrients in every pill.

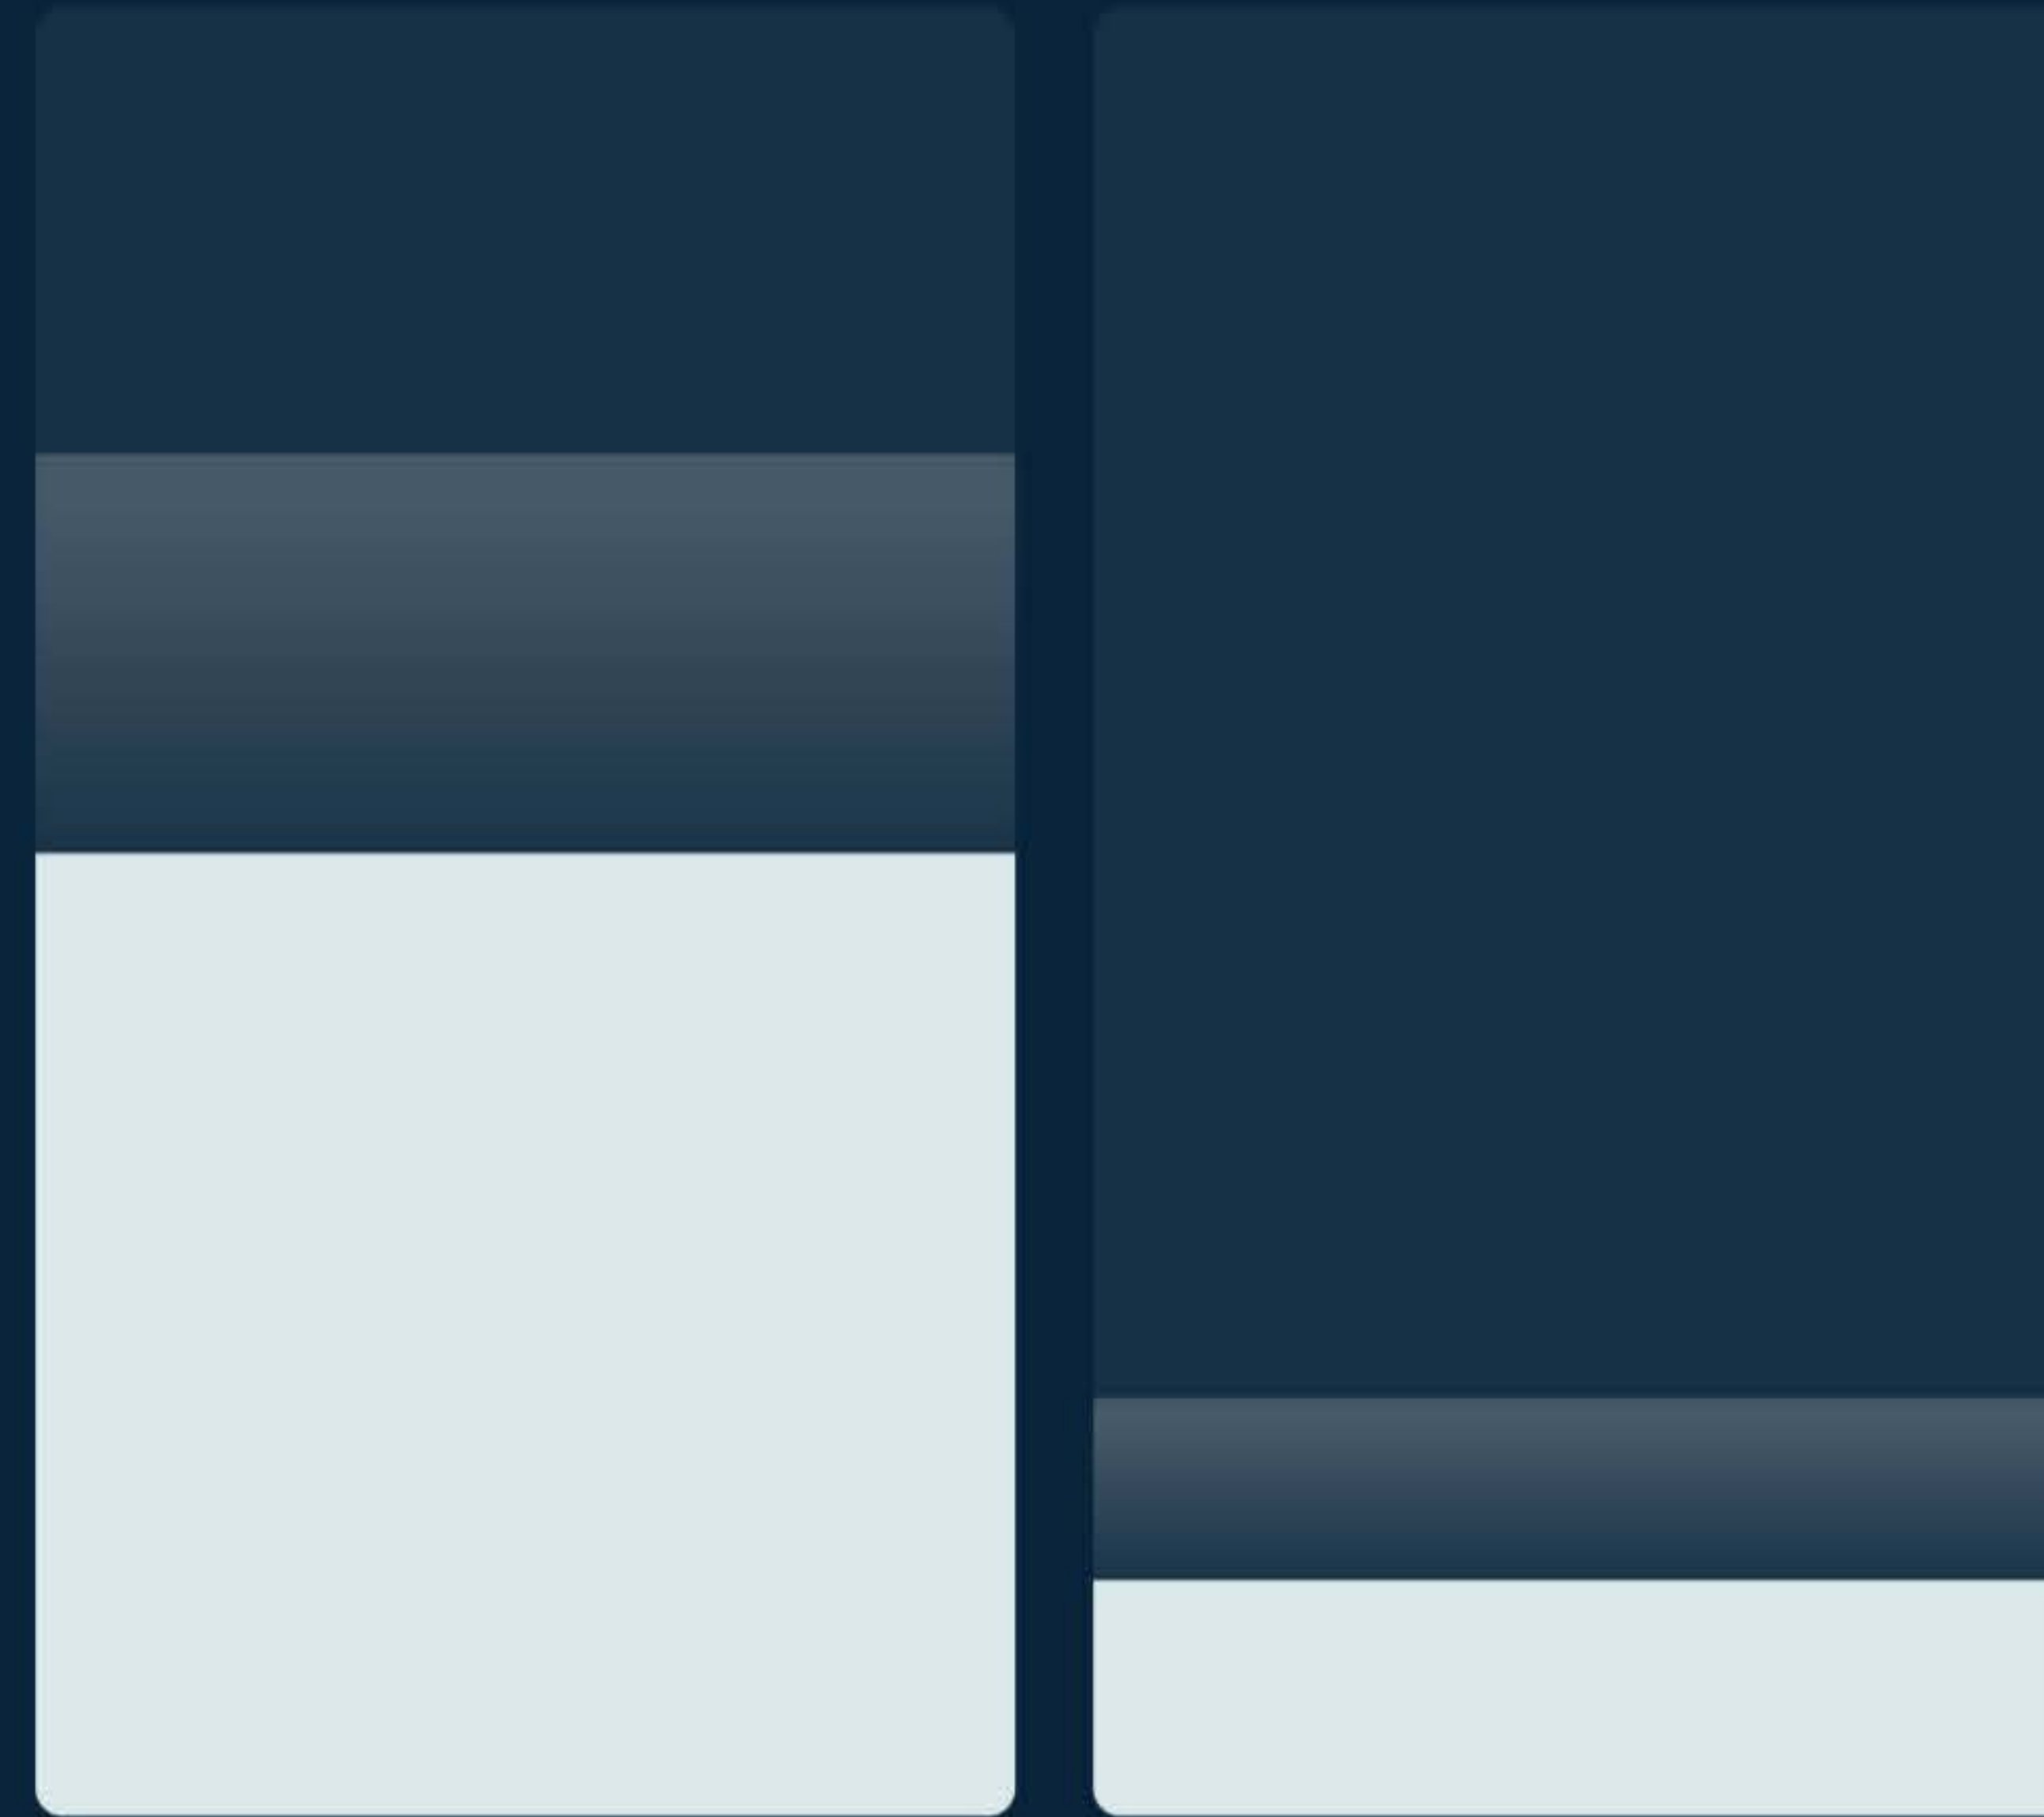

NUTRAFOL MEN'S HAIR GROWTH  
NUTRACEUTICAL

## BIO-OPTIMIZED

Our ingredients are more easily recognized and absorbed by the body—improving their efficacy.

The bio-optimized ingredients in Nutrafol Men absorb more quickly and efficiently into your bloodstream, providing your body more time to use the phytoactives that support hair growth and thickness, naturally.

## ASHWAGANDHA EXOSOMES

By upcycling the seeds from the same Ashwagandha we use in our Nutraceuticals, we unlocked a proprietary technology to extract plant exosomes. Ashwagandha Exosomes are an advanced and absorbable delivery system that contain RNA, lipids, and protein—and are 150x smaller than the Ashwagandha used in other products.

## ROB, 46

“My hair was making me feel older than I really am before Nutrafol. Thank you!”

SCALP COVERAGE

THICKNESS

### 1-2 Months

Vitamins and minerals are replenishing and supporting the body, strengthening the internal systems connected to hair, while Ashwagandha Exosomes are delivering live plant material directly to the scalp. The result? Healthier hair.

### 3-4 Months

By addressing root causes of hair thinning from within and external aggressors on the scalp, you can begin to notice less hair shedding and more thickness.

### 5-6 Months

As the hair growth cycle lengthens and extra hair-building nutrients are delivered to the scalp, you begin to see more improvement in scalp coverage and hair density.

### 6+ Months

Continue to fully support your hair from inside and out for maximum results, like reduced shedding, visible scalp coverage, and improved growth over time.

OUR PRODUCTS UNDERGO RIGOROUS CLINICAL TESTING TO ENSURE THEY DELIVER CONSISTENT RESULTS.

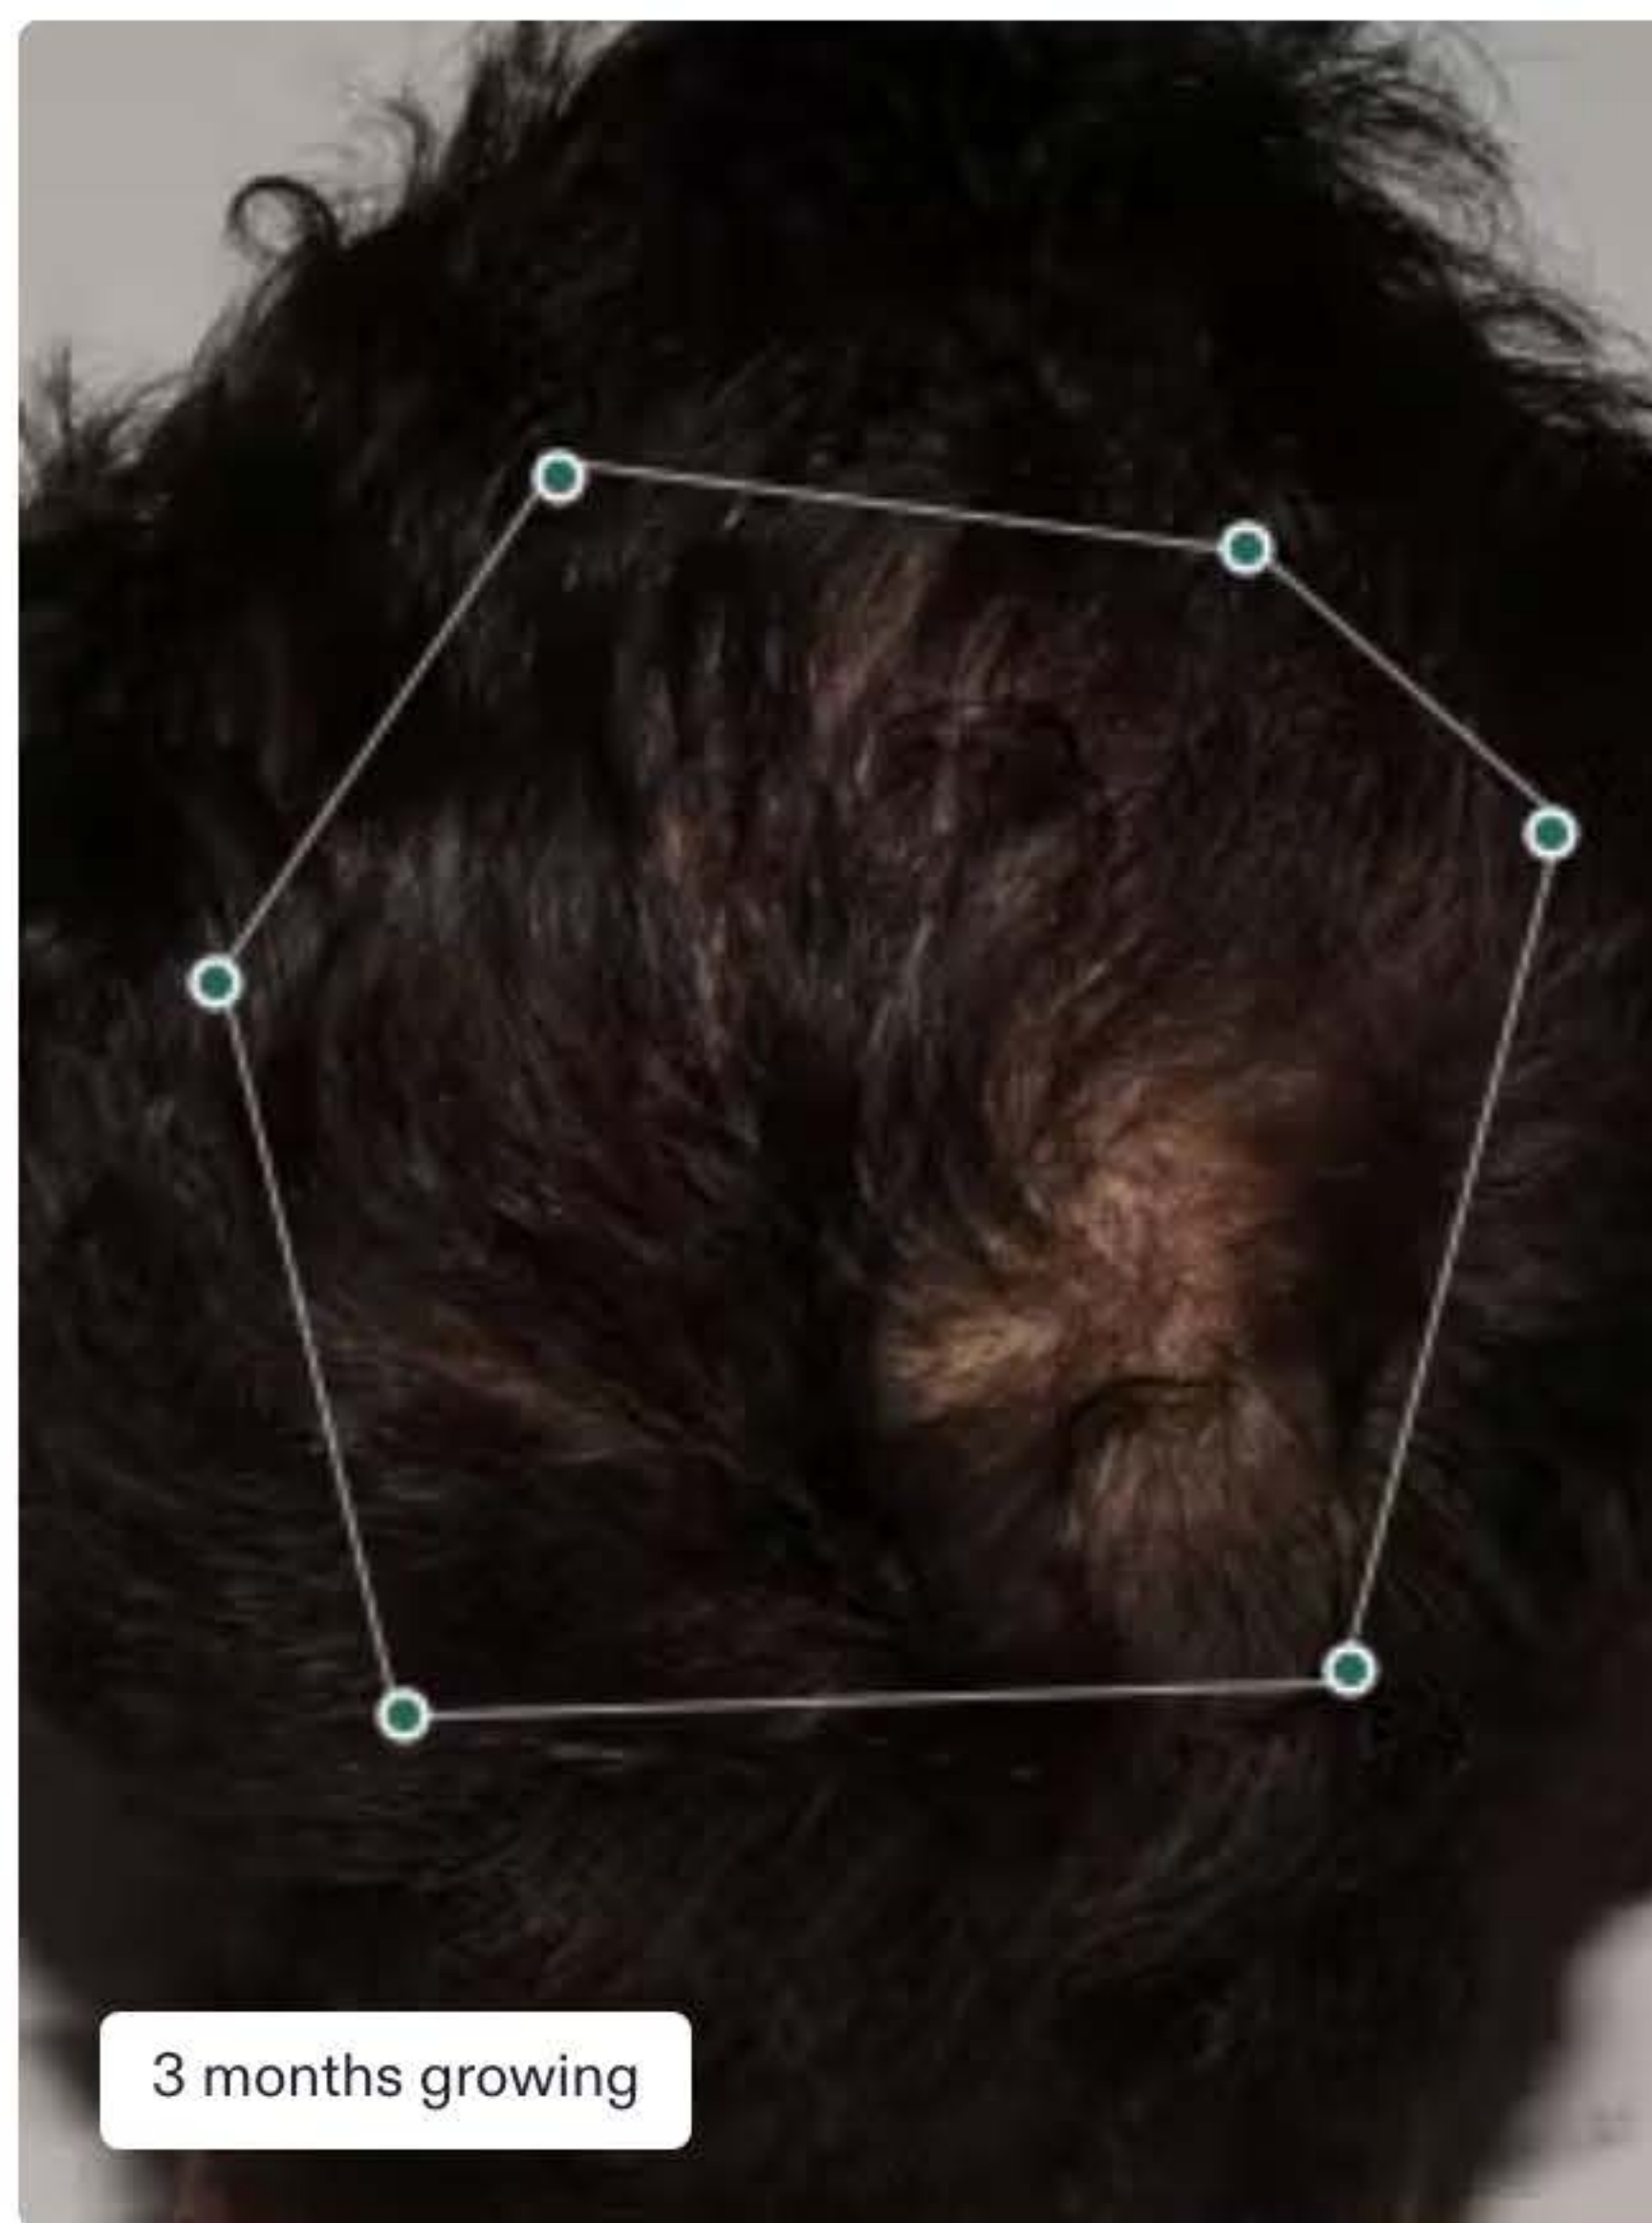

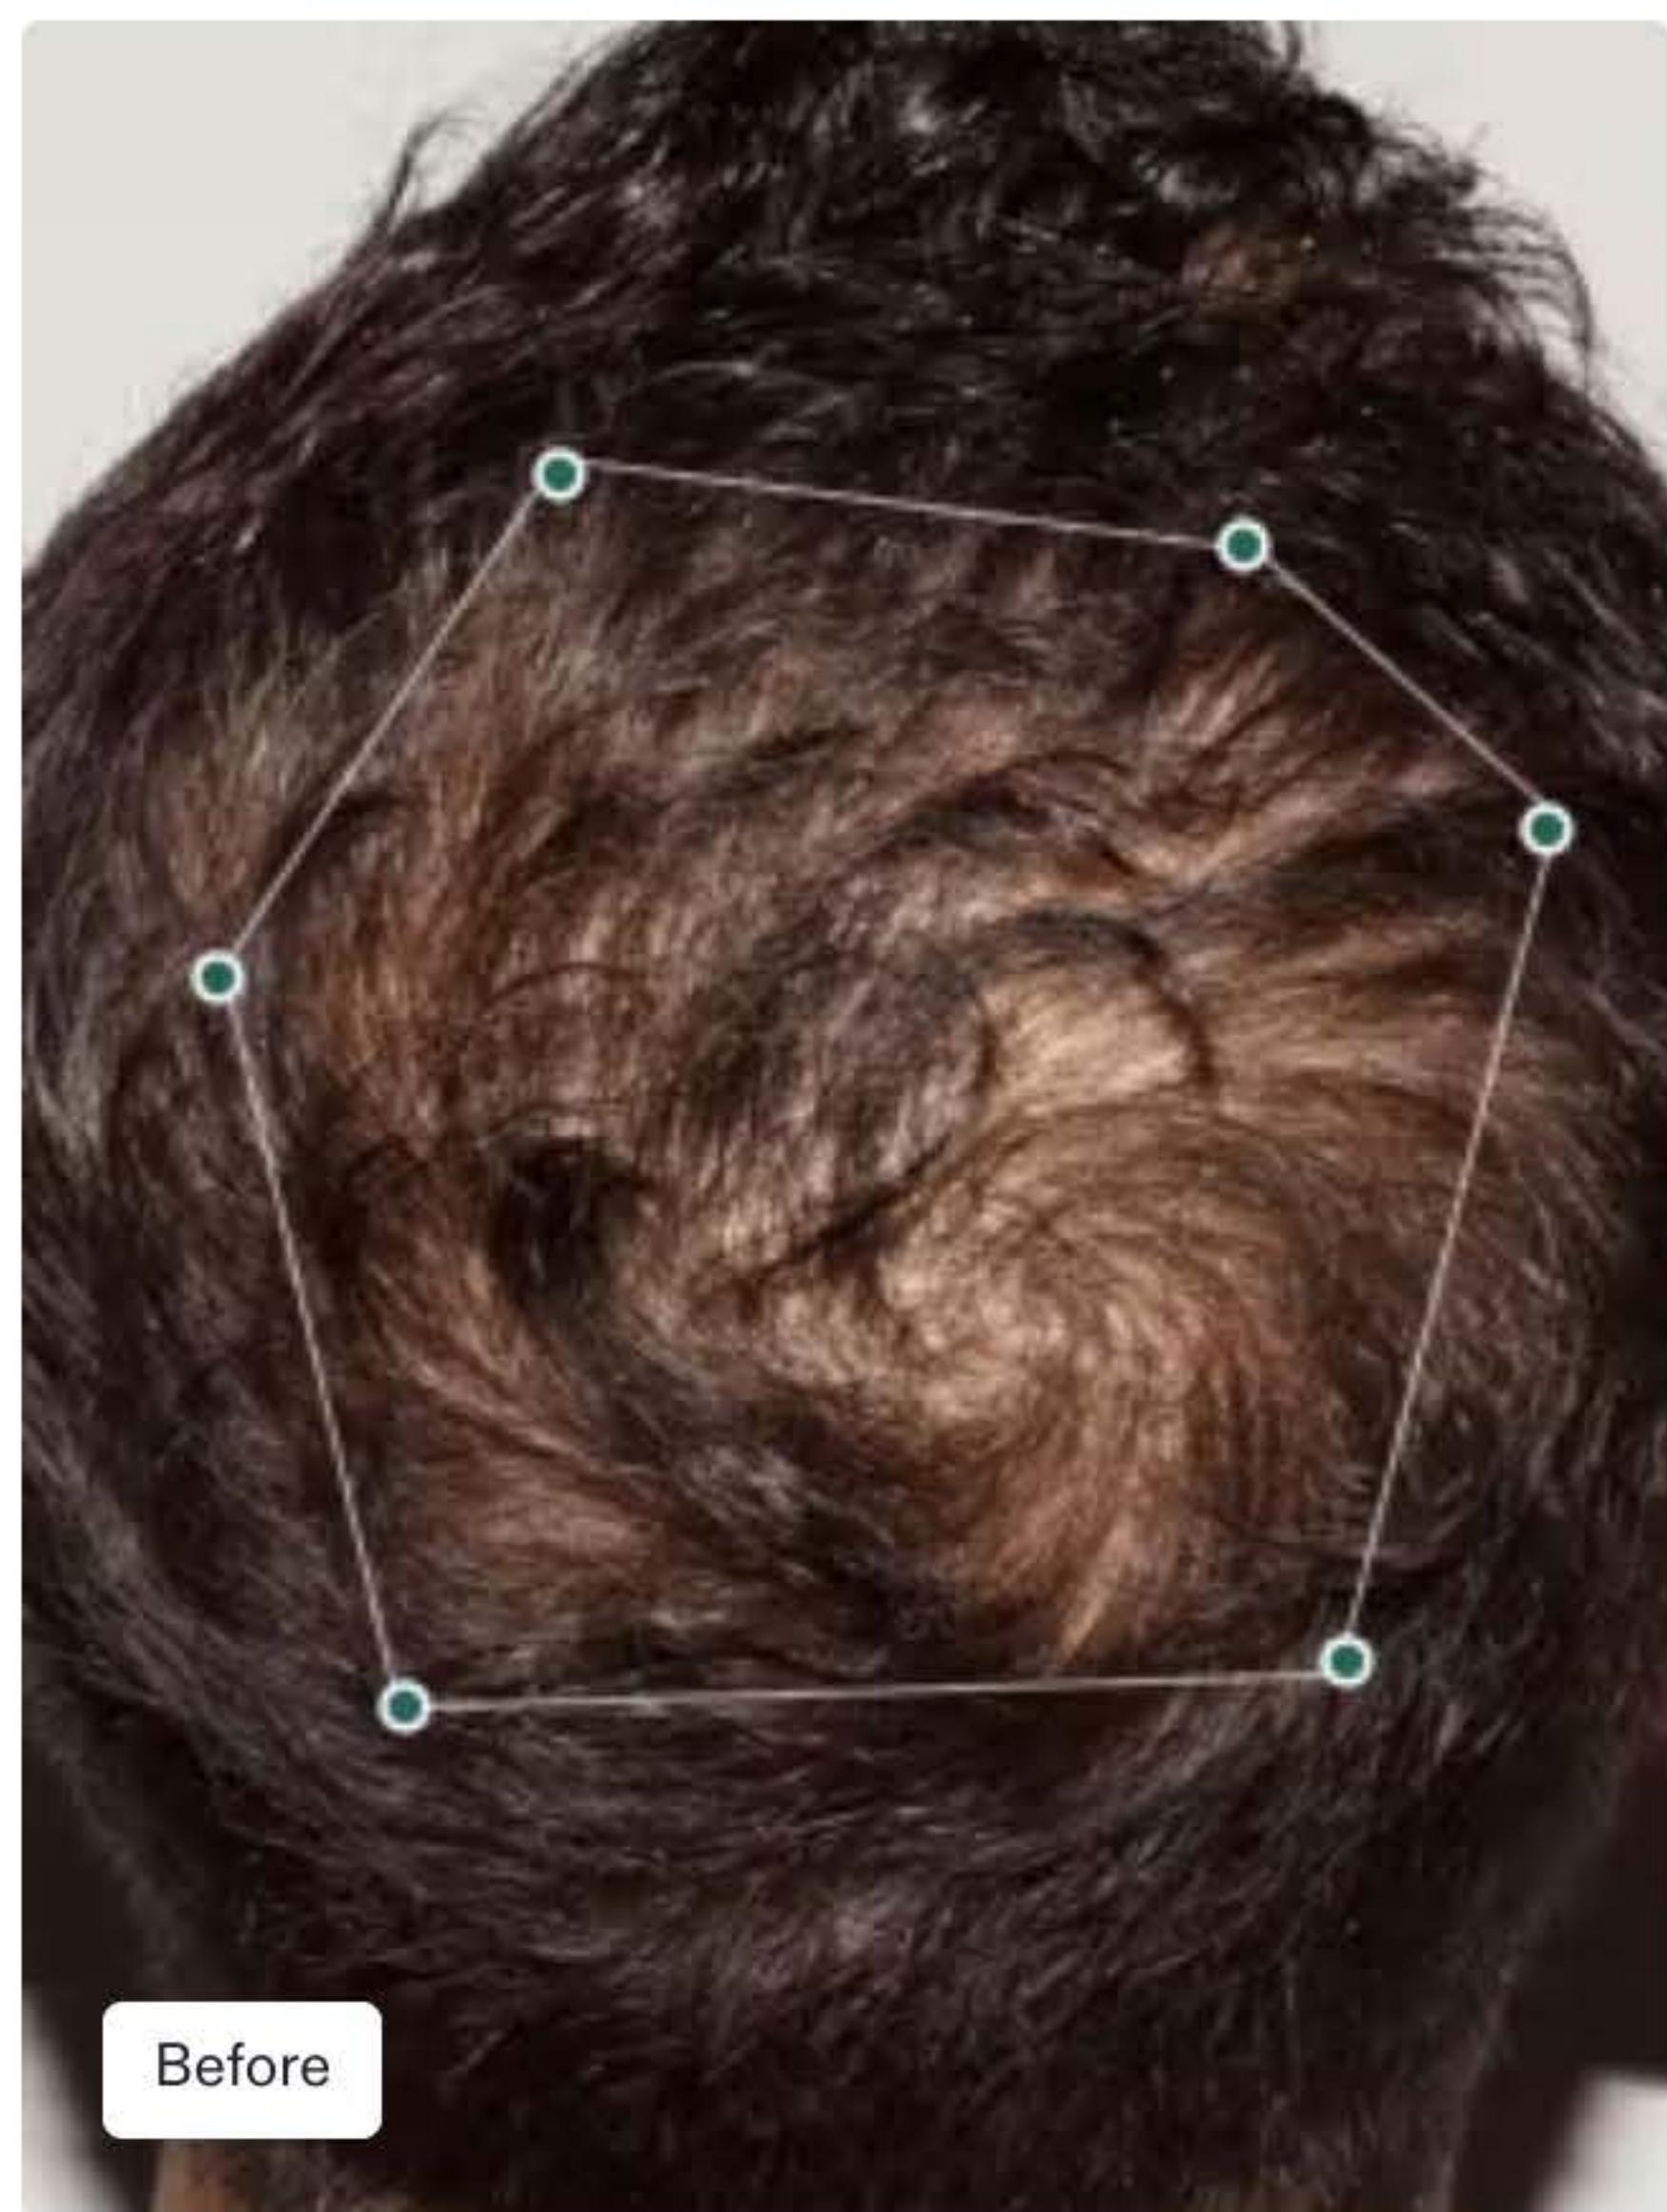

# 84%

SAW IMPROVEMENT IN HAIR QUALITY AFTER 6 MONTHS ON NUTRAFOL MEN.<sup>1</sup>

# 85%

SAW HEALTHIER HAIR AFTER 30 DAYS OF GROWTH ACTIVATOR USE.<sup>3</sup>

## JON, 22

“With the stress of going to school full time and working nights at the theater, I noticed my hair starting to thin. Nutrafol helped me see thickening of the hair in the back of my head.”

---

WILL MY HAIR FALL OUT IF I STOP USING NUTRAFOL HAIR GROWTH NUTRACEUTICALS AND GROWTH ACTIVATOR HAIR SERUM? -

No, your hair will not fall out if you decide to stop using Nutrafol. All of our formulas utilize natural, drug-free, medical-grade ingredients that do not compromise your health—or the health of your hair. They work beneath the surface to address underlying root causes of hair thinning at the source. If you stop taking Nutrafol, your progress may decline because you'll no longer be providing your body with the daily nourishment it needs to combat those underlying imbalances. You'll see the best and most consistent results by combining Nutrafol with small changes to your daily routine.

---

IS THIS LIKE PROPECIA? ARE THERE SEXUAL SIDE EFFECTS? +

---

DOES GROWTH ACTIVATOR HAIR SERUM WORK FASTER THAN NUTRAFOL HAIR GROWTH NUTRACEUTICALS? +

---

HOW DO I USE GROWTH ACTIVATOR HAIR SERUM? +

---

CAN I USE NUTRAFOL WITH MY EXISTING HAIR GROWTH REGIMEN? +

---

WILL NUTRAFOL PRODUCTS WORK FOR MY HAIR TYPE? +

---

---

## IS THIS LIKE PROPECIA? ARE THERE SEXUAL SIDE EFFECTS?

No, and we'd go back to the drawing board if it did! In fact, part of the inspiration behind Nutrafol was that one of our founders was seeking an alternative solution for his own hair growth issues after experiencing years of sexual dysfunction caused by other therapies. You can rest assured that Nutrafol is made with 100% drug-free, natural, medical-grade ingredients that improve hair growth without compromising sexual performance. Bonus: in our clinical study, men reported an improvement in their sex drive after 6 months.

---

---

## DOES GROWTH ACTIVATOR HAIR SERUM WORK FASTER THAN NUTRAFOL HAIR GROWTH NUTRACEUTICALS? -

Both products work differently to provide full support from the inside and out. Growth Activator was formulated with ingredients that provide direct scalp support for visibly thicker hair, while our Hair Growth Nutraceuticals target underlying causes of hair thinning from within. Remember hair growth takes time; we recommend staying consistent for 3-6 months.

---

---

## HOW DO I USE GROWTH ACTIVATOR HAIR SERUM? -

Growth Activator should be applied once a day, every day directly to the scalp. Section your hair with the dropper tip and apply just enough serum to lightly cover the areas of concern. Massage the serum into your scalp with your fingertips and do not rinse. Since you're focusing application on the scalp, it can be used on either dry or damp, towel-dried hair.

---

---

## HOW IS ASHWAGANDHA USED TO ADDRESS HAIR THINNING? -

Consistent feelings of stress increase cortisol, a stress hormone, in the body. Cortisol shortens the hair growth phase and causes hair to prematurely shed, resulting in more than 100 hairs falling out each day. Ashwagandha is a stress adaptogen that works to increase stress resistance in the body, helping you respond to stress more efficiently. We use Ashwagandha both internally and externally. Internally, Ashwagandha has been clinically studied to lower elevated cortisol levels in chronically stressed adults. Externally, we harnessed the power of this stress adaptogen via exosome technology for application directly at the scalp.

---

---

## CAN I USE NUTRAFOL WITH MY EXISTING HAIR GROWTH REGIMEN? -

The ingredients found in Nutrafol Hair Growth Nutraceuticals and Growth Activator Hair Serum are not known to interfere with hair loss pharmaceuticals. Some of the ingredients, like Tocotrienols and Curcumin, have natural blood-thinning properties. We advise talking with your doctor if you are taking any medications, have a medical condition, or are undergoing any medical procedures before adding Nutrafol to your routine.

---

---

## WILL NUTRAFOL PRODUCTS WORK FOR MY HAIR TYPE? -

Nutrafol products were formulated to promote hair growth and hair wellness for all types of hair. While the characteristics of hair strands may vary by ethnicity, the underlying root causes that affect hair follicles can affect all people equally.

In a recent clinical study, we examined the effectiveness of Nutrafol in African American, Asian, Hispanic, and non-Hispanic men and women. All ethnicities saw less shedding after 2 months and improved thickness, growth rate, scalp coverage, and shine after 6 months of taking our Hair Growth Nutraceuticals.
